*Arts-Based Multiliteracies for Teaching and Learning* Peters, Beryl, 2024-10-17 The current educational landscape demands more than traditional literacy skills to equip learners with the necessary tools to thrive in the modern world The traditional focus on reading and writing print text may not be sufficient to comprehend the diverse forms of meaning making necessary for effective communication and understanding in diverse communities This poses a crucial challenge for educators who aspire to foster engaged and critically aware learners who can navigate the complexities of contemporary society Arts Based Multiliteracies for Teaching and Learning offers a transformative solution by advocating for a pedagogy of multiliteracies centered on arts based approaches By redefining literacy to encompass diverse modalities such as dance drama music visual arts and multi media this book challenges educators to expand their understanding of literacy beyond traditional boundaries The book provides a compelling rationale for integrating arts based multiliteracies across all levels and curricular areas

English and Its Teachers Simon Gibbons, 2017-04-21 English and Its Teachers offers a historical overview of the development of secondary English teaching in schools over the past 50 years Initially charting the rise of a new progressive approach in the 1960s the book then considers the implications for the subject and its teachers of three decades of central policy intervention Throughout document and interview data are combined to construct a narrative that details the fascinating and at times turbulent history The book is divided into two main parts The age of invention and The age of intervention The first of these sections details how innovative English teachers and academics helped to develop a new model The second section explores how successive governments have sought to shape English through policy A final part draws comparisons with the teaching of the subject in other major English speaking nations and considers what the future might hold English and Its Teachers is a valuable resource for those interested in the teaching of English in secondary schools from new entrants to the profession to experienced teachers and academics working in the sector

*Developing Materials for Language Teaching* Brian Tomlinson, 2013-12-19 There have been a number of books published on various aspects of materials development for language teaching but Developing Materials for Language Teaching is the only one which provides a comprehensive coverage of the main aspects and issues in the field This second edition brings it completely up to date and expands on the original book It deals with advances in IT and an increasingly globalized world It is the only publication which views current developments in materials development through the eyes of developers and users of materials from all over the world In doing so it applies principles to practice in ways demonstrated to facilitate the effectiveness of language learning materials The chapters are written so that the book provides critical

overviews of recent developments in materials development and at the same time acts as a stimulus for development and innovation in the field It is intended both for use as a course book on postgraduate and teacher training courses and as a resource for the stimulus and refreshment of teachers publishers and applied linguists in the field The book contains updated versions of many of the chapters in the 2003 edition plus new chapters on corpus informed materials development materials development for blended learning materials development for EAP materials development for ESOL and materials development for young learners
