**Teaching with the Heart in Mind**, 2007 **Heart and Mind** Ruth Beechick, 2004-07-01 This book offers fresh insight on what the Bible says about learning. Teaching and learning are more effective when people are viewed with heart, with the image of God within them. This book contains the most complete research available about heart in the Bible. The Bible says the heart knows, considers, speaks, remembers, deceives, meditates, and other functions that modernists like to attribute to the brain. This book also reports physiological research that shows the Bible was right all along in the way it spoke about heart. A chart in the appendix summarizes almost 1000 Bible references to heart by meaning.
