Educating for Sustainability in Primary Schools Neil Taylor, Frances Quinn, Chris Eames, 2015-06-17 Education for Sustainability is a key priority in today's schools as our society seeks to find a balance between environmental social cultural political and economic imperatives that affect our future As young children will become the next generation of adults it is vital that they are educated about sustainability issues so that they can learn to make informed decisions and take positive action for a sustainable world Teachers are ideally placed to educate for sustainability issues and indeed have a responsibility to do so However they often lack support and experience in this area and constraints of current curriculum priorities can inhibit Education for Sustainability being taught effectively in many classrooms Educating for Sustainability in Primary Schools

Teaching for the Future addresses this problem by showing how Education for Sustainability can be developed within and across all areas of the primary curriculum in the Australian and New Zealand contexts The book provides a range of educational approaches and examples of activities to support teachers in addressing national requirements for teaching the major primary curriculum learning areas while simultaneously educating for sustainability This integrative approach to primary education can promote knowledge of positive attitudes towards and suitable action for sustainability in relevant meaningful enjoyable and creative ways This book is a valuable resource for all primary teachers who wish to make a real difference to educating children for the future

The Primary Curriculum Patricia Driscoll, Andrew Lambirth, Judith Roden, 2015-03-16 In order to be a successful primary teacher you need a clear understanding of good teaching practice across the subjects that make up the primary curriculum This second edition has been fully updated to include key points from the 2014 National Curriculum in England balancing a clear discussion of the principles behind high quality teaching with the requirements of current policy An emphasis on creative approaches supports you in developing inspiring cross curricular practice in your classroom New to this edition Links to the 2014 National Curriculum in England in every chapter Case studies in every chapter provide useful examples of creative teaching in each curriculum subject Expanded coverage on assessment and planning This is essential reading for students on primary initial teacher education courses including university based PGCE PGDE BA QTS BEd school based SCITT School Direct Teach First and employment based routes into teaching

Teaching Humanities & Social Sciences Rob Gilbert, Libby Tudball, Peter Brett, 2019-10-17 Teaching Humanities and Social Sciences 7e prepares teachers to develop and implement programs in the humanities and social sciences learning area from F 10 It successfully blends theory with practical approaches to provide a basis for teaching that is engaging inquiry based and relevant to students lives Using Version 8 1 of the Australian Curriculum the text discusses the new structure of the humanities and social sciences learning area Chapters on history geography civics and citizenship and economics and business discuss the nature of these subjects and how to teach them to achieve the greatest benefit for students both as sub strands within the Year F 6 7 HASS subject and as distinct Year 7 10 subjects Throughout the book maintains its highly respected philosophical and practical orientation including a commitment to deep learning in a context of critical inquiry With the aid of this valuable text teachers can assist primary middle and secondary students to become active and informed citizens who contribute to a just democratic and sustainable future

Training to Teach in Primary Schools Jane Medwell, 2015-03-19 Full of practical help and guidance this is a must have for primary trainees on school experience whether they are in a school based or university based teacher training programme It begins by helping trainees to plan their own journey through training and beyond Taking control of their own training in this way supports student teachers to approach the course with confidence and secure their first teaching job The book provides guidance on adapting to working in school observing planning and evaluating in school teaching on placement assessing monitoring and reporting on children

s progress self evaluation and how to pre empt and resolve issues securing the first teaching job and succeeding in the NQT year For student teachers the experience of school based training is exciting but also challenging this book supports them throughout and prepares them for the journey ahead Student feedback on this book Having been on a variety of teaching placements myself I know just how daunting and overwhelming experiences in school can be at times even with a supportive mentor by your side Hence I felt that this book can smooth out and rectify those worries one may face during a school placement and offers the reader a realistic insight into school experiences In my opinion the most useful chapter by far is the Moving On chapter near the end of the book This explains how to conclude a school placement what to expect from an interview and even how to set out a CV for a teaching position This was not something I expected to find in this book however it was very much welcomed and is in fact a very important valuable part of the book This is the type of book you can buy on your very first day of teacher training and use well into your days as a newly qualified teacher Jasmin Primary Teacher Trainee University of Northampton

Cross-curricular Approaches to Teaching and Learning Chris Rowley,Hilary Cooper,2009-09-14 What would the primary curriculum look like with humanities at its heart How can cross curricular work help children to learn more effectively With practical ideas on how to join up the primary curriculum this book uses history and geography to explore different contexts and strategies for making links between the full range of primary subjects so that learning can be more integrated and relevant to learners The authors demonstrate how these subjects can serve as the basis upon which values can be developed in the curriculum There are powerful case studies including examples of pupils work and talk and teachers reflections Additional materials to accompany the book can be found at www.sagepub.co.uk/rowleyandcooper Written by a group of practising teachers and university tutors this book will be invaluable to primary teachers student teachers and all those involved in curriculum design Chris Rowley is Senior Lecturer in and Geographical and Environmental Education at the University of Cumbria UK Dr Hilary Cooper is Professor of History and Pedagogy at the University of Cumbria UK

Creativity in the Primary Curriculum Russell Jones,Dominic Wyse,2013-01-17 Are you striving to establish a more creative and imaginative classroom Are you interested in the generosity of creativity creative conjecture being an advocate for creativity welcoming the unexpected the unpredictable and the unconventional taking risks learning which leads to new or original thinking which is of value If so this completely updated new edition of a classic text will show you how to achieve these ideals The book is written in a clear and practical way by leading researchers and practitioners offering help and advice on the planning and implementation of effective creative teaching and learning and providing examples of best practice through a rigorous theoretical rationale A hallmark of the book is its exploration of creativity through curriculum subjects It builds on this in its first and last chapters by addressing key cross curricular themes that thread their way throughout the book Throughout there is an emphasis on critical and reflective practice New to this edition are three entirely new chapters on drama music and geography an update of the introduction to account for advances

in creativity research policy and practice a new final chapter identifying cross curricular themes greater attention to international dimensions and examples In this second edition the authors are drawn from six universities which between them produce some of the best education research internationally and some of the best teacher education The authors also come from leading national and international organisations such as the National Gallery in London and the Geographical Association Creativity for the Primary Curriculum is a core text for both training and practicing Primary teachers who wish to maintain high standards when approaching their teaching
