Teaching Islam:

Teaching Islam Brannon M. Wheeler, 2003 The critical role of Islam in global affairs makes it an increasingly valuable part of the undergraduate curriculum Despite this very little consideration has been given to methods of teaching Islam This book brings together leading scholars to offer perspectives on teaching Islam to undergraduates **Teaching Islam** Jenny Berglund, *Teaching Islam* Brannon M. Wheeler, 2002-12-19 Despite the importance of Islam in global affairs and the role of Islamic Studies in Religious Studies little attention has been given to the basic questions of how Islam should be taught This volume brings together a number of leading scholars of Islamic Studies with rich experience in teaching Islam in a diversity of undergraduate settings from large public universities to small private colleges Topics addressed include Islamic law the Quran Sufism women in Islam Islam in America and teaching about Islam through Arabic literature and the use of new information technology Along with providing practical information about structuring courses and assignments the contributors examine the place of Islamic Studies in the larger theoretical framework of Religious Studies and liberal arts curricula *Teaching about Islam and Muslims in the Public School Classroom* Council on Islamic Education (U.S.), 1995 Helps teachers with the challenging task of teaching about Islam and Muslims This resource contains Information on beliefs and practices of Muslims including glossary of terms charts and graphics Includes Basic Beliefs Religious Obligations The Muslim Society Contemporary Issues Teach Yourself Islam Nabil Abdus-Salam Haroun, Muhammad Haroun Abdur-Raziq, 2011-01-01 This is a basic self study course of Islam Islam the last of the messages of Allah the Creator to mankind is a universal guidance to the human race everywhere up to the end of time Islamic teachings are embodied in the Holy Qur an the Word of Allah revealed to the Seal of Messengers Muhammad peace be upon him The Prophet s teachings and life are considered to be a detailed interpretation and a human model for the message This book features a comprehensive outline of the knowledge essential for every muslim The outlines are essentially translated summaries of twelve Arabic textbooks They cover a broad spectrum of Islamic knowledge grouped in six parts faith sources worship conduct law and prophet s biography Descriptor s ISLAMIC EDUCATION FAITH WORSHIP MORALS ISLAMIC LAW BIOGRAPHY OF THE PROPHET *Teaching Islamic Studies in the Age of ISIS, Islamophobia, and the Internet* Kimberly Hall, Doaa Baumi, Manuela Ceballos, Benjamin Geer, Mouez Khalfaoui, Alfons H. Teipen, William Maynard Hutchins, Laila Hussein Moustafa, Nathan S. French, Todd Green, Sabahat F. Adil, Kecia Ali, Phil Dorroll, Lyndall Herman, Shehnaz Haqqani, 2019-01-24 A much needed volume and a must read for educators addressing a challenging topic in a challenging time Choice How can teachers introduce the subject of Islam when daily headlines and social media disinformation can prejudice students perception of the subject Should Islam be taught differently in secular universities than in colleges with a clear faith based mission What are strategies for discussing Islam and violence without perpetuating stereotypes The contributors of *Teaching Islamic Studies in the Age of ISIS Islamophobia and the Internet* address these challenges head on

and consider approaches to Islamic studies pedagogy Islamophobia and violence and suggestions for how to structure courses These approaches acknowledge the particular challenges faced when teaching a topic that students might initially fear or distrust Speaking from their own experience they include examples of collaborative teaching models reading and media suggestions and ideas for group assignments that encourage deeper engagement and broader thinking The contributors also share personal struggles when confronted with students including Muslim students and parents who suspected the courses might have ulterior motives In an age of stereotypes and misrepresentations of Islam this book offers a range of means by which teachers can encourage students to thoughtfully engage with the topic of Islam Abundant and useful references Highly recommended Choice *Islam and China's Hong Kong* Wai-Yip Ho, 2013-06-07 Hong Kong is a global city state under the sovereignty of the People's Republic of China and is home to around 250 000 Muslims practicing Islam However existing studies of the Muslim majority communities in Asia and the Northwest China largely ignore the Muslim community in Hong Kong *Islam and China's Hong Kong* skillfully fills this gap and investigates how ethnic and Chinese speaking Muslims negotiate their identities and the increasing public attention to Islam in Hong Kong Examining a range of issues and challenges facing Muslims in Hong Kong this book focuses on the three different diasporic Muslim communities and reveals the city state's triple Islamic heritage and distinctive Islamic culture It begins with the transition from the colonial to the post colonial era and explores how this has impacted on the experiences of the Muslim diaspora and the ways this shift has compelled the community to adapt to Chinese nationalism whilst forging greater links with the Gulf Then with reference to the rise of new media and technology the book examines the heightened presence of Islam in the Chinese public sphere alongside the emergence of Chinese Islamic websites which have sought to balance transnational Muslim solidarity and sensitivity towards Chinese government's concern of external extremism Finally it concludes by investigating Hong Kong's growing awareness of the Muslim minorities demands for Islamic religious education and how this links with the city state's aspiration to become the new gateway for Islamic finance Indeed Wai Yip Ho posits that Hong Kong is now shifting from its role as the broker that bridged East and West during the Cold War to that of a new mediator between China and the Middle East Drawing on extensive ethnographic research this book thoughtfully charts a new area of inquiry and as such will be welcomed by students and scholars of Chinese studies Islamic studies Asian studies and ethnicity studies [Global Perspectives on Teaching and Learning Paths in Islamic Education](#) Huda, Miftachul, Safar, Jimaain, Mohamed, Ahmad Kilani, Jasmi, Kamarul Azmi, Basiron, Bushrah, 2019-07-26 The process of curriculum enhancement through various educational approaches aims to enhance quality assurance in the educational process itself In Islamic education traditional educational trends are enhanced by expanding the embodiment process on experiential learning to evaluate the achievement in creating outcomes that balance not only spirituality and morality but also quality of cognitive analytical performances *Global Perspectives on Teaching and Learning Paths in Islamic Education* is a comprehensive

scholarly book that provides broad coverage on integrating emerging trends and technologies for developing learning paths within Islamic education Highlighting a wide range of topics such as digital ethics psychology and vocational education this book is ideal for instructors administrators principals curriculum designers professionals researchers academicians and students

Pedagogy of Islam Mujibul Hasan Siddiqui,2020-01-01 As commonly understood pedagogy is the approach to teaching It refers to the theory and practice of learning and how this process influences and is influenced by the social political and psychological development of learners Initially religious traditions embody inherent pedagogical perspectives a way of teaching religion And especially among Muslim scholarship conceptual aspects of a philosophy of education rooted in Islam have been articulated but often piecemeal making it quite inaccessible to Islamic schools today In fact the real challenge has been in synthesising philosophies of Islamic pedagogy in a way that is relevant and applicable to contemporary schools The present book titled Pedagogy of Islam consists of twelve chapters penned by various renowned teachers teacher trainers and

researchers working at different universities and institutes of higher learning All crucial issues like conceptual and historical aspects of Islam aims and objectives of education methods of teaching and learning curriculum development reform lesson planning in Islamic pedagogy etc are given elaborate treatment herein Bloomsbury Curriculum Basics: Teaching Primary RE Naila Missous,2025-05-08 The Bloomsbury Curriculum Basics series provides non specialist primary school teachers with subject knowledge and teaching plan ideas in a variety of key primary curriculum subjects _____ Teaching Primary RE offers an exciting new approach to planning and delivering effective primary lessons in a fun and refreshing way with engaging lesson plan ideas in each chapter Covering Christianity Islam Judaism Hinduism Sikhism and Buddhism each topic includes a helpful summary relevant vocabulary for RE and worldviews substantive and disciplinary knowledge and a wealth of interesting discussion topics to engage excite and extend pupil knowledge at all levels Every section is in line with national requirements and can be adapted to your individual school context With links to online resources further ideas for lesson sequencing trips discussions and apps as well as exciting activities based around religious festivals and opportunities for cross curricular links this book will bring philosophical and spiritual topics to life in your classroom A must have resource for primary practitioners and subject leads *Freedom of Speech and Islam* Erich Kolig,2016-04-15 Freedom of speech and expression is considered in the West a high public good and an important social value underpinned by legislative and ethical norms Its importance is not shared to the same extent by conservative and devout Muslims who read Islamic doctrines in ways seemingly incompatible with Western notions of freedom of speech Since the Salman Rushdie affair in the 1980s there has been growing recognition in the West that its cherished value of free speech and associated freedoms relating to arts the press and media literature academia critical satire etc episodically clash with conservative Islamic values that limit this freedom for the sake of holding religious issues sacrosanct Recent controversies such as the Danish cartoons the Charlie Hebdo affair Quran burnings and the internet film The Innocence of Muslims which have stirred violent reactions in the Muslim world have made the West aware of the fact that Muslims religious sensitivities have to be taken into account in exercising traditional Western freedoms of speech Featuring experts across a spectrum of fields within Islamic studies Freedom of Speech and Islam considers Islamic concepts of blasphemy apostasy and heresy and their applicability in the modern world **Teaching about the Middle East** Social Studies School Service,2002 Teaching Religion and Film Gregory J Watkins,2008-08-22 In a culture increasingly focused on visual media students have learned not only to embrace multimedia presentations in the classroom but to expect them Such expectations are perhaps more prevalent in a field as dynamic and cross disciplinary as religious studies but the practice nevertheless poses some difficult educational issues the use of movies in academic coursework has far outpaced the scholarship on teaching religion and film What does it mean to utilize film in religious studies and what are the best ways to do it In Teaching Religion and Film an interdisciplinary team of scholars thinks about the theoretical and pedagogical concerns involved with the intersection of film and religion in the

classroom They examine the use of film to teach specific religious traditions religious theories and perspectives on fundamental human values Some instructors already teach some version of a film and religion course and many have integrated film as an ancillary to achieving central course goals This collection of essays helps them understand the field better and draws the sharp distinction between merely watching movies in the classroom and comprehending film in an informed and critical way

Islam in China Raphael Israeli,2002-01-01 Are they really Muslims Islam in China reveals the struggle for identity of the small yet vital Muslim community of China a little studied minority on the fringes of the Islamic world now thrust into the spotlight by the opening of China to the world and the rise of independent Muslim republics on China s western borders Both timely and important the multifaceted essays collection of over twenty years of Raphael Israeli s scholarship on Chinese Muslims offer detailed insight into the relationship between China s non Muslim majority and an increasingly self confident guest culture The work uncovers a history of uneasy ethnic philosophical and ideological coexistence the gradual sinification of the Chinese Muslim creed and the increasing accommodation of Islam by a modern westernizing China In addition it highlights a religious group riddled with sectarianism factional rifts that reveal the doctrinal social and political diversity at the core of Chinese Islam

Essential Knowledge in Islam Explained by the Quran Dr. Yana Mulyana ibn Komala,2020-09-17 This Book presents the most essential knowledge regarding the religion of Islam Islam is the religion which invites all human beings to the pristine monotheism toward Allah the Creator of the Universe The Book is intended for audiences who want to learn about Islam at the elementary level The information presented in this Book is taken from verses in the Quran which is the central Scripture in the religion of Islam The related Quranic verses are also displayed as evidences of the presented

information The Quran was revealed in classical Arabic language and until these days still preserved in its original form The English translation of such Quranic verses is presented throughout this Book Thus no knowledge in Arabic is required to understand this Book Moreover no knowledge concerning Islam is prerequisite to comprehend the contents of this Book The teaching of Islam is intended for all mankind Thus this Book is purposed as a medium to convey the essential knowledge to common audiences regardless of their religious political educational and ethnical background *The Teaching and Study of Islam in Western Universities* Paul Morris, William Shepard, Paul Trebilco, Toni Tidswell, 2013-11-26 Public interest in the religion of Islam and in Muslim communities in recent years has generated an impetus for Western Universities to establish an array of Institutes and programs dedicated to the study of Islam Despite the growth in number of programs dedicated to this study very little attention has been paid to the appropriate shape of such programs and the assumptions that ought to underlie such a study The Teaching and Study of Islam in Western Universities attempts to address two central questions that arise through the teaching of Islam Firstly what relation is there between the study of the religion of Islam and the study of those cultures that have been shaped by that religion Secondly what is the appropriate public role of a scholar of Islam After extensive discussion of these questions the authors then continue to address the wider issues raised for the academic community having to negotiate between competing cultural and philosophical demands This edited collection provides new perspectives on the study of Islam in Western Institutions and will be an invaluable resource for students of Education and Religion in particular Islamic Studies

Teaching Islam Introduction

In the digital age, access to information has become easier than ever before. The ability to download Teaching Islam has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Teaching Islam has opened up a world of possibilities. Downloading Teaching Islam provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Teaching Islam has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Teaching Islam. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Teaching Islam. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Teaching Islam, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Teaching Islam has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
