 Feather,2001-09 Equity in STEM Education Research Alberto J. Rodriguez,Regina L. Suriel,2022-09-06 This book focuses
 on the creative and transformative work of scholars who are advancing social justice through science STEM education with
 limited resources It draws attention to the significant body of work being conducted in various contexts so that readers could
 reflect and appreciate how much broader and transformative our impact could be if funding agencies policy makers and
 other researchers would widen their perspective and seek to promote social justice driven scholarship Public funding for
 STEM research on K 12 and teacher education that targets special populations is often limited and tends to favor mainstream
 research This book contains case studies on innovative and promising STEM research with a focus on equity diversity and
 social justice that are funded with limited or no public funding It also presents anecdotes from authors in relation to their
 struggles in either securing funding for their reported study or seeking to publish its findings This provides more context to
 the challenges of conducting non mainstream research in science STEM education Most of the contributors are scholars of
 color and or women conducting research with traditionally marginalized populations in science STEM Thus this book offers
 an additional venue to share the voices of marginalized scholars and allies seeking to broaden our understanding of the
 challenges and successes of promoting equity diversity and social justice in various educational contexts *Teaching
 Students to Think Like Scientists* Maria C. Grant,Douglas Fisher,2013-12-11 It is essential that students learn to examine
 review and evaluate knowledge and ideas through a process of scientific investigation and argumentation Using these
 instructional methods and lesson scenarios teachers of all disciplines will gain the tools needed to offer students a richer
 lasting understanding of science its concepts and its place in their lives and the global community **Glencoe Science**
