Transforming Preschool Storytime Betsy Diamant-Cohen, Melanie A. Hetrick, 2013-06-18 According to recent research the best way to make new connections in a child's brain is by building on something already known. A child who loves a book will listen to it repeatedly maintaining interest. Using a selected book in a number of consecutive preschool storytimes but presenting it differently each time can help children learn new skill sets. This book presents a new approach to storytime one that employs repetition with variety to create an experience which helps children connect and engage with the story on a higher level. Diamant-Cohen recently awarded the 2013 ASCLA Leadership and Professional Achievement Award and Hetrick offer a year's worth of activities specifically designed to address multiple intelligences through a repetition-based process. Incorporating recent theories on developmental learning this book includes Scripts for 8 different books with enough activities to repeat each one for six weeks along with lists of optional alternative books. Planning aids such as outlines of storytime sessions a fill in the blanks planning sheet questions for evaluation and tips for enhanced storytimes using props and crafts. Detailed but straightforward explanations of theory and research that will help readers communicate effectively with parents caregivers and other stakeholders. From setup to execution here's everything you need to create and implement a successful elevated storytime.

Revitalizing Read Alouds Lisa Hammett Price, Barbara A. Bradley, 2016 How can educators and other professionals caring for children extend the learning potential of read alouds? This book is designed to help teachers special education specialists and speech language pathologists achieve two objectives 1 how to interact with children around books in ways that are instructive in nature but also responsive to children's verbal contributions and 2 how to use literature informational texts and poetry to achieve the goals of the Common Core State Standards. The authors provide specific recommendations for structuring read aloud routines in the early childhood classroom making the read aloud interactive using instructional strategies that enhance children's vocabulary and content knowledge and supporting and extending children's verbal contributions through scaffolding during the activity. This practitioner friendly text also includes methods for supporting children with special needs as well as English language learners. Book Features Recommendations for how to choose quality books in each of the three genres informational literature and poetry. The most useful interactive instructional strategies. The types of visual supports and props that can augment the read aloud. Methods for extended learning opportunities. Examples and excerpts from actual read alouds to illustrate the methods. Read aloud activities that align with the Common Core State Standards. The benefits and challenges of using digital texts. This book is a great read filled with raise the bar opportunities for teaching and learning with literature information text poetry and ebooks. If you choose to teach like this children won't say they didn't learn anything in school today. Sharon Walpole Ph.D. professor University of Delaware Offers exceptionally comprehensive and clear guidance about developing young children's oral language and thinking through conversations during read alouds.
