him Lincoln and the nation ended 1864 with the close of the war in sight and slavery on the verge of extinction 1864 presents the man who not only saved the nation but also despite the turmoil of the war and political infighting set the stage for westward expansion through the Homestead Act the railroads and the Act to Encourage Immigration As 1864 ends and Lincoln reelected is planning to heal the nation John Wilkes Booth whose stalking of Lincoln through 1864 is one of this book's suspenseful subplots is a few weeks away from killing him *Coming for to Carry Me Home* J. Michael

Martinez, 2011-12-22 *Coming for to Carry Me Home* examines the history of the politics surrounding U S race relations during the half century between the rise of the abolitionist movement in the 1830s and the dawn of the Jim Crow era in the 1880s J Michael Martinez argues that Abraham Lincoln and the Radical Republicans in Congress were the pivotal actors albeit not the architects that influenced this evolution To understand how Lincoln and his contemporaries viewed race Martinez first explains the origins of abolitionism and the tumultuous decade of the 1830s when that generation of political leaders came of age He then follows the trail through Reconstruction Redemption and the beginnings of legal segregation in the 1880s This book addresses the central question of how and why the concept of race changed during this period

Analyzing Strategic Rivalries in World Politics William R. Thompson, Kentaro Sakuwa, Prashant Hosur Suhas, 2021-11-20 Strategic rivalries are contests between states that view one another as threatening competitors and treat each other as enemies A disproportionate amount of interstate conflict is generated by a relatively small number of these pairs of states engaged in rivalries that can persist for years Thus to understand interstate peace and conflict it is useful to know how rivalries work in general and more specifically In the past two decades a strenuous effort has been mounted to introduce the concept of rivalry and demonstrate its utility in unraveling conflict situations Yet all rivalries are not exactly alike We need to move to a more rewarding differentiation of how they differ in general Principal rivalries are those antagonisms that are most significant to the decision makers in a state The main distinction on issues about which rivals dispute are positional and spatial concerns Positional rivalries contend over regional and global influence Spatial rivals contend over which state deserves to control disputed territory Interventionary rivalries predominate in sub Saharan Africa Their primary focus involves neighboring states attempting to influence who rules and how co ethnics are treated This book updates the inventory of strategic rivalries from 1816 to 2020 Principal rivalries are identified for the first time and cover the same period A theory stressing the two main types of rivalry positional and spatial is elaborated and tested Regional variations on the origins and terminations of spatial rivalry are explored and interpreted In addition attention is paid to fluctuations in the intensity of positional rivalries by examining the working of the contemporary major power triangle United States Soviet Union Russia and China and more generally the dynamics of regional power that are rising in terms of their relative capability and status in the system Variations in cooperation and termination dynamics both in general and according to rivalry type are also examined Overall the emphases of the book are split between demonstrating the utility of distinguishing

among rivalry types and examining selected rivalry dynamics *Bodies Built for Game* Natalie Diaz, 2019-10-01 Sport has always been central to the movements of both the nation state and the people who resist that nation state Think of the Roman Colosseum Jesse Owens's four gold medal victories in the 1936 Nazi Olympics Kareem Abdul Jabbar's protest at the 1968 Olympics and the fallout Colin Kaepernick suffered as a result of his recent protest on the sidelines of an NFL game Sport is a place where the body and the mind are the most dangerous because they are allowed to be unified as one energy *Bodies Built for Game* brings together poems essays and stories that challenge our traditional ideas of sport and question the power structures that athletics enforce What is it that drives us to athletics What is it that makes us break our own bodies or the bodies of others as we root for these unnatural and performed victories Featuring contributions from a diverse group of writers including Hanif Abdurraqib Fatimah Asghar Reginald Dwayne Betts Louise Erdrich Toni Jensen Ada Lim n Tommy Orange Claudia Rankine Danez Smith and Maya Washington this book challenges America by questioning its games
