Bernstein, 2010-10-01 In *Without a Tear* Mark H Bernstein begins with one of our most common and cherished moral beliefs that it is wrong to intentionally and gratuitously inflict harm on the innocent Over the course of the book he shows how this apparently innocuous commitment requires that we drastically revise many of our most common practices involving nonhuman animals Most people who write about our ethical obligations concerning animals base their arguments on emotional appeals or contentious philosophical assumptions Bernstein however argues from reasons but carries little theoretical baggage He considers the issues in a religious context where he finds that Judaism in particular has the resources to ground moral obligations to animals *Without a Tear* also makes novel use of feminist ethics to add to the case for drawing animals more closely into our ethical world Bernstein details the realities of factory farms animal based research and hunting fields and contrasting these chilling facts with our moral imperatives clearly shows the need for fundamental changes to some of our most basic animal institutions The tightly argued provocative claims in *Without a Tear* will be an eye opening experience for animal lovers scholars and people of good faith everywhere
