101 Social Work Clinical Techniques Francis J. Turner, William Rowe, 2013-05-08 The purpose of the book is to enhance the concept of Technique in the teaching and practice of Social Work Over the years Technique has not been stressed as a part of practice even though the actual practice of Social Work consists of the utilization of techniques in addition to theory and the process of assessment and diagnosis The book seeks to achieve its goal in four ways It addresses the way the concept of Technique has or has not been used over the years It addresses the need for a clear definition of technique It analyzes the qualities that Technique should have at this point in our history of clinical practice It then formulates and presents a definition of technique for our thesis based on this definition It then presents a brief discussion of 101 Techniques discussed in contemporary literature by discussing each one's place in practice a bit about its history and necessary knowledge skills to use responsibly It addresses the latter by grouping a level of risk involved in its utilization **Research Techniques for Clinical Social Workers** M. Elizabeth Vonk, Tony Tripodi, Irwin Epstein, 2007-01-02 This volume has long been an invaluable resource for students and practitioners of social work It thoroughly and clearly presents research concepts and skills uniquely organizing them according to assessment and treatment formulation treatment implementation and monitoring and evaluation Also numerous practice cases and detailed exercises offer a complete grasp of crucial concepts and techniques This new edition reflects contemporary developments in practice research such as an emphasis on empirical or evidence

based practice the importance of evaluation within the managed care environment the role of social work ethics in practice research the value of qualitative research methodology for particular aspects of monitoring and evaluation and the role of computer technology and the use of the Internet
