The Occult Novels of Dion Fortune Georgia van Raalte, 2025-01-28 This monograph explores the work of Dion Fortune one of the most prolific British occult authors of the interwar period and her claim that her books had an initiatory quality She held that reading her books and meditating on their contents could produce a lasting change in consciousness which in turn could lead to lasting changes in an individual's life This book aims to rehabilitate a figure largely forgotten by both the fields of Literature and of Esotericism and proposes a framework for analysing initiatory fiction and the experience of fictional initiation The study presents a new avenue for research and theoretical perspective on literary texts from the Occult Revival as well as on famed modernist texts and more contemporary occult fiction **Outlook** Alfred Emanuel Smith, Francis Walton, 1890 *The Theology of George MacDonald* John R. de Jong, 2019-10-08 George MacDonald 1824 1905 was writing at a time of Evangelical unease In a society ravaged by Asiatic cholera numbed by levels of infant mortality and fearful of revolution and the toxicity of industry to name but a few of the many challenges the gospel proclaiming eternal damnation for unbelievers was hardly good news rather Christianity was increasingly viewed as the source of bad news and a tool of state oppression MacDonald agreed in his view the church had become a vampire sucking the blood of her children instead of offering them eucharistic life In contrast like Christ MacDonald brings before us a child Although at first sight a

familiar Romantic incarnation in MacDonald's theology the child becomes an unlikely icon challenging the vampire's kingdom a challenge reaching beyond the confines of Evangelicalism confronting the foundations of much of Western theology This meticulously researched study exploring MacDonald's work especially his realist and fantasy novels in the light of its Victorian context is of more than historical interest His incisive critique of church and empire have particular relevance today in light of the growing and troubling alliance between fundamentalist expressions of church and intolerant right wing politics This volume considers MacDonald's radical solution to religious vampirism becoming children

The Secret Influence of the Moon Louis Proud, 2013-12-01 The Moon is not a cold dead rock but a rich fascinating world just as alive as Earth Investigates the Moon as the home of an alien intelligence who controls humanity Examines several of NASA's Apollo missions and the findings they concealed Reveals the many holes in the Giant Impact theory about the Moon's origins and the evidence for a hollow artificial Moon Explores the deep influence of the Moon on the collective mind of humanity and occult teachings about the Moon from the Qabbalah tarot and other sources Despite being the most prominent celestial body after the Sun the Moon has many qualities that science has yet to explain Lunar rock samples reveal the Moon once had a magnetic field like the Earth and seismic experiments by NASA suggest the Moon is at least partially hollow For centuries people have observed lights moving clouds and shadows and even the disappearance of entire craters via telescope Apollo astronauts repeatedly felt the presence of a non human intelligence during their Moon visits and many indigenous traditions speak of malevolent visitors from the Moon A growing body of astrophysical and geological evidence shows the Moon is not an entirely natural world that someone or something altered it long ago Louis Proud explores the phases and movements of the Moon along with its ancient and mysterious features its craters maria rilles tunnels and domes He examines several of NASA's Apollo missions showing not that NASA faked the Moon expeditions but that they concealed what the astronauts found there He explains the many holes in the commonly accepted Giant Impact theory of the Moon's origins and reveals the evidence for a hollow artificial Moon placed in orbit eons ago to observe Earth Examining the deep influence of the Moon on the collective mind of humanity Proud looks at what the Qabbalah the tarot and other occult traditions say about the Moon and interprets G I Gurdjieff's teachings that we are food for the Moon He investigates the Moon as a gateway to another realm as the Purgatory of Christianity and as the home of an alien intelligence who controls and exploits humanity Examining the Moon from both scientific and esoteric perspectives Proud shows the Moon is not a cold dead rock but a rich fascinating world just as alive as Earth

The Case for Lilith Mark Biggs, 2010-03-24 The legend of Lilith is undoubtedly the most fantastic of all ancient rabbinic myths According to lore God created her from dust alongside Adam However Lilith was a failed mate She was not animated by the breath of God like Adam Rather she was preemptively animated by a Satanic mist which erupted from the ground Lilith rebelled against Adam and became the infamous Serpent who deceived Eve and caused Adam to fall Therefore God established eternal enmity between the Serpent Lilith and Eve and between their seed Lilith's

seed would bruise the heel of Eve's promised seed Messiah but Eve's seed would revive to crush Lilith's head This book reveals 23 Biblical evidences that prompted ancient rabbis to conclude the various elements of Lilith's legend It also explains how her legend is completely consistent with traditional Judaic Christian teachings on the Bible's redemptive message Her legend solves many ancient Biblical mysteries such as why the Serpent bears seed like Eve **The Reflex** ,1928 The Chenango County Farm Bureau News ,1917 *The Many Faces of Adam and Eve* Bernard F. Batto,2022-02-17 Contrary to popular opinion the story of Adam and Eve is not confined to the book of Genesis It has roots in prebiblical myth and continued to evolve long after the Bible was completed Bernard F Batto traces the development of the Adam and Eve story from its origins in Mesopotamian myth to its reformulation in Genesis and beyond including its expansion in Jewish epigraphs such as 1 Enoch and the Life of Adam and Eve and its place in Christian innovations such as the apostle Paul's thesis that Christ is a second Adam and in the thinking of church fathers such as Irenaeus who held that Christ recapitulates all humankind in himself and Augustine whose doctrine of original sin interprets the Adam and Eve story Batto also examines gnostic teachings about a heavenly Adam and an earthly Adam and surveys rabbinical attempts from the Talmudic period to find hidden meanings in the Genesis story Islam's emphasis on Satan's role in seducing Adam and Eve is also discussed and the book concludes with Milton's unforgettable retelling of the Adam and Eve story in Paradise Lost Batto's goal is not only to reveal the many faces given Adam and Eve throughout history but also to understand the divergent cultural and theological factors powering this long evolving tradition
