Bamboo in Japan Nancy Moore Bess,Bibi Wein,2001-05-18 This is a fully illustrated guide to the art craft and design of bamboo as demonstrated by the Japanese It demonstrates how to use inexpensive materials to create sophisticated effects in the home and garden A list of bamboo collections gardens and research sources is included For centuries bamboo has fascinated legions of craftspeople plant lovers and devotees of the handcrafted object And nowhere is bamboo used more elegantly and distinctly than in Japan Its presence touches every part of daily life art crafts design literature and food Its beauty **The Middle Ages** Susan Wise Bauer,2004-05-31 Presents a history of the ancient world from 6000 B C to 400 A

D *Sakura in the Land of the Maple Leaf* Carlo Caldarola, Mitsuru Shimpo, K. Victor Ujimoto, 2007-01-01 Based on research conducted in the mid 1970s this book profiles the regional development of Japanese cultural traditions in British Columbia southern Alberta and metropolitan Toronto The authors examine how long held Japanese beliefs and practices responded to the social upheaval caused by diaspora internment prejudice and cultural assimilation and provide us with a snapshot of Japanese culture in post war Canada 100 years after the arrival of the first Japanese immigrants Firsthand accounts archival photographs and evocative descriptions round out this fascinating look at a culture in transition which still retains its essential identity and ultimately influences the culture around it Published in English *An International Learning Community in Japan* John Misselhorn, 2006-04 For a time I lived and worked in Japan in the beautiful city of Kitakyushu and taught English as a Foreign Language to the Japanese An International Learning Community in Japan is the story of my experiences in Japanese society and also a discussion of my theories and techniques of teaching English to Japanese people So what makes this book different from the many other books by Westerners who have lived in Japan and written about their experiences or other books about teaching English in Japan The entire work is unified under the central theme of an international creative learning community that my students and I created together It is a concept that describes the relationship that evolved between my students and me This book will be of interest to anyone with a general appreciation of Japanese culture or who desires to learn about teaching in Japan This book is not only about how Japanese and American cultures differ but it also offers a unique vision of international communication and understanding So this is a story of close international friendship Journey to Japan with an American English teacher who discovers a beautiful gentle culture new educational ideas and his heart **Japan**, 1922 **Japanese Popular Prints** Rebecca Salter, 2006-06-30 In the West Japanese woodblock printing tends to be associated with the ukiyo e tradition and the familiar portrayals of kabuki actors or courtesan beauties These well known images were produced by a publisher and artist using the extraordinary skills of carvers and printers whose identities are rarely known The same craftsmen also produced woodblock printed objects for use in everyday life such as decorative paper chiyogami votive slips senjafuda playing cards karuta and board games sugoroku As the market changed in the late nineteenth century the craftsmen increasingly turned to the production of these low value essentially ephemeral objects Although the prices were kept low many were imbued with the same glorious visual sophistication that had attracted Westerners to ukiyo e Approaching the subject as an artist rather than a print scholar Rebecca Salter focuses on the craftsmen and the complex visual culture within which they worked Through information gained from interviews with some of the remaining practitioners and analysis of the objects themselves she builds up a picture of the quiet role woodblock played in the lives of the Japanese as they moved from the isolation of the Edo period to embrace modernization in the early twentieth century This book is a fascinating exploration of this area of cultural history and the numerous color illustrations encourage a playful investigation of the many threads of Japan's visual culture Rebecca

Salter is a well known British printmaker She lived in Japan for six years and is an acknowledged authority on Japanese woodblock printing She is the author of Japanese Woodblock Printing *With Taro and Hana in Japan* Etsu Inagaki Sugimoto, Nancy Virginia Austen, 1926 Fictional travelogue of two Japanese children who had been raised in the United States on their visit to Japan *Education and Schooling in Japan since 1945* Edward R. Beauchamp, 2014-09-19 The best scholarship on the development of contemporary Japan This collection presents well over 100 scholarly articles on modern Japanese society written by leading scholars in the field These selections have been drawn from the most distinguished scholarly journals as well as from journals that are less well known among specialists and the articles represent the best and most important scholarship on their particular topic An understanding of the present through the lens of the past The field of modern Japan studies has grown steadily as Westerners have recognized the importance of Japan as a leading world economic force and an emerging regional power The post 1945 economic success of the Japanese has however been achieved in the context of that nation's history social structure educational enterprise and political environment It is impossible to understand the postwar economic miracle without an appreciation of these elements Japan's economic emergence has brought about and in some cases exacerbated already existing tensions and these tensions have in turn had a significant impact on Japanese economic life The series is designed to give readers a basic understanding of modern Japan its institutions and its people as we stand on the threshold of a new century often referred to as the Pacific Century

Mizoguchi and Japan Mark Le Fanu, 2019-07-25 For a majority of filmgoers the names most usually associated with classic Japanese cinema are those of Kurosawa and Ozu Yet during the early 1950s at the same time that Kurosawa was becoming known to the public through the release of classics like *Rashomon* and *The Seven Samurai* another Japanese director Kenji Mizoguchi quietly came out with a trilogy of films *The Life of Oharu* *Ugetsu* *Monogatari* and *Sansho the Bailiff* that are the equal of Kurosawa's in mastery and which by any account rank among the greatest and most enduring masterpieces of world cinema As a storyteller Mizoguchi was drawn to the plight and oppression of women throughout the ages it was for him the subject of subjects So in addition to the movies just mentioned he is remembered for a string of masterly contemporary films that examined with unprecedented candour and ferocity the conditions of life in Japanese brothels and geisha houses Yet as well as being a moralist Mizoguchi was a stylist His films are considered by critics to be among the most beautiful ever made from a purely pictorial point of view Filmgoers who have responded enthusiastically in recent years to Chinese classics like *Farewell My Concubine* or to the colourful works of Zhang Yimou will be delighted to discover pre echoes of this cinema in such late films by this Japanese master as *The Empress Yang Kwei Fei* and *Tales of the Taira Clan* both released in 1955 works in which colour costume and decor are deployed with compelling refinement Despite his extraordinary qualities as a film maker Mizoguchi and Japan is the first full length study in English for over 20 years of a director whose work is as vibrant now as it ever was in its heyday and whom the French film review *Cahiers du Cinema*

recently hailed the greatest of all cineastes Mark Le Fanu's preface to the new ebook edition https://media.bloomsbury.com/rep/files/revised_mizoguchi_and_japan_preface.docx A Retrospective to the 2008 edition https://media.bloomsbury.com/rep/files/mizoguchi_and_japan_retrospect.doc
