Wu,2020-10-26 Drawing from a broad array of literary historical dramatic and anecdotal sources Yenna Wu makes a rich exploration of an unusually prominent theme in premodern Chinese prose fiction and drama that of jealous and belligerent wives or viragos who dominate their husbands and abuse other women Focusing on Chinese literary works from the sixteenth to the eighteenth centuries she presents many colorful perspectives on this type of aggression reviewing early literary and historical examples of the phenomenon Wu argues that although the various portraits of the virago often reveal the writers insecurities about strong willed women in general the authors also satirize the kind of man whose behavioral patterns have been catalysts for female aggression She also shows that while the women in these works are to some extent male constructs designed to affirm the patriarchal system various elements of these portraits constitute a subversive form of parody that casts a revealing light on the patriarchal hierarchy of premodern China *The Joy Luck Club* Amy Tan,2006-09-21 NEW YORK TIMES BESTSELLER Amy Tan's modern classic that examines the sometimes painful often tender and always deep connection between mothers and daughters now with a new preface For me *The Joy Luck Club* was one of those once in a lifetime reading experiences that you cherish forever It inspired me as a writer and still remains hugely inspirational Kevin

Marriages among the Kyrgyz Michele E. Commercio,2022-12-06 During Soviet rule the state all but imposed atheism on the primarily Islamic people of Kyrgyzstan and limited the tradition of polygyny a form of polygamy in which one man has multiple wives Polygyny did continue under communism though chiefly under concealment In the decades since the fall of

the Soviet Union the practice has reemerged Based on extensive fieldwork Polygynous Marriages among the Kyrgyz argues that this marriage practice has become socially acceptable and widely dispersed not only because it is rooted in customary law and Islamic practice but because it can also enable men and women to meet societal expectations and solve practical economic problems that resulted from the fall of the Soviet Union Michele E Commercio's analysis suggests the normalization of polygyny among the Kyrgyz in contemporary Kyrgyzstan is due both to institutional change in the form of altered governmental rules and expectations and to institutional endurance in the form of persistent hegemonic constructions of gender
