provide a systematic approach to the strategic production and perception of ambiguity in a variety of texts and contexts The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Georgia's Rebellious Heart Christine Young, 2025-09-08 The Lady Determined to make a good life for her

daughter Georgia O'Brien flees the man who she believes to be her mate to a small village in Carnoch Scotland. Blue eyes with black as midnight hair she is a beauty. Once known as Winter Snow the Ice Queen she is the kind of woman who makes men burn with desire. Georgia wants only one man her mate but Chandler Wolcott refuses to give up his decadent ways. The Gentleman Hamilton Adair a darkly handsome and arrogant doctor in the village where Georgia fled to escape Chandler has waited all his life to find the woman meant for him. Faced with another man besides himself claiming his mate even his gentleman's upbringing can't conceal the measures he will take to ensure the safety of his lady his partner. The Confrontation Georgia doesn't understand the connection between the two of them. No shifter expects to find two mates in a lifetime. Yet here was Hamilton standing next to her supporting her every way possible. They both realize the two male shifters will meet. Either that or Georgia and Chandler will forget each other. The Flames. Yet something happens when Hamilton's eyes meet Georgia's. It is something their hearts can never deny something nothing could diminish. For the first time both Georgia and Hamilton understand the unmistakable awakening to the magnificent passion of love between two shifters meant to live on through eternity.

Everyday Arias Paul Atkinson, 2006-02-27 Paul Atkinson explores the remarkable world of opera through his fieldwork with the internationally known Welsh National Opera company. In order to show us how cultural phenomena are produced and enacted he takes us on stage and behind the scenes into the collective social action that goes into the realization of an opera. The author demonstrates how artistic interpretation is translated into the routine work of the rehearsal studio and the theatre and how producers negotiate a practical reality with her or his performers to ultimately create extraordinary performances through the mundane everyday work that makes them possible. The author calls for a sustained investigation of cultural phenomena not based solely on textual analysis but on the importance of collective work and social organization. Atkinson's work will appeal to anthropologists and sociologists who study the performance arts as well as to those engaged in theatre arts opera and music.
