The Oneness Of God:

Decoding Precepts of Oneness Theology Andrew M. Denny, 2018-02-14 In his book *The ONENESS Of GOD* David Bernard pinpoints the observable distinction between God the Father and the Son of God Father refers to Deity alone while Son of God refers to Deity as incarnated into humanity Among the Oneness movement there is a network of individuals who have spent many hours revisiting the core fundamentals of Modalism in order to expound on the Sons identity nature and corporeal existence More than a simple formula of Spirit versus flesh *Decoding Precepts of Oneness Theology* pinpoints the observable distinction between Father and Son in the most descriptive terms necessary to further understand the humanity of the Son of God as described by His witnesses While some aspects may not entirely agree with traditional Modalism as defined historically our focus will be to evaluate the vocabulary of the early church in comparison with our modern dialect The Oneness of God David K. Bernard, 1998

The Oneness of God and The Doctrine of the Trinity Kulwant Singh Boora, 2009-09 The teaching that God is one was paramount in Old Testament theology since the introduction of the New Testament the concept of one God continued and was expanded by and through Jesus in Second Temple Monotheism With this in mind the Bible does not teach the concept of the Trinitarian doctrine The Apostles including the New Testament Church were pure monotheistic and oneness believers knowing and understanding that God is one and not one substance and three persons Therefore this book has addressed a variety of issues and provided a body of literature and authority supporting the position that God is numerically one and that the Trinitarian doctrine is a human construct and product that is unscriptural and unbiblical which evolved over the centuries being fueled by man made creeds and ideologies It is not surprising then that even Trinitarians struggle to define the Trinitarian doctrine suggesting it is a mystical revelation when in fact others have argued that it is incomprehensible

Volumes One and Two Imad N. Shehadeh, 2020-09-30 God as Trinity is at the core of the mystery and otherness of the divine nature of God. It has also been a frequent barrier to those who hold to the Absolute Oneness of God. In this combined work Dr Imad Shehadeh demonstrates the inevitability of the Trinity by exposing the conflict that Absolute Oneness faced historically. Dr Shehadeh presents the beautiful logic of the Trinity and explains how the display of God's attributes in creation derives from the self-sustaining relationships in his triune nature as Father, Spirit, and Son. The book climaxes in revealing the transforming power of the Trinity when applied to life. Followers of Christ will find their worship and love of God enhanced through the rich truths this book contains. Followers of Islam will find confusion about the Triune God cleared up, removing stumbling blocks to understanding the Bible's message. *Baptized into God* A.A. Walker, 2014-05-08 This book is an intriguing study on two controversial topics: baptism in the name of Jesus Christ and the oneness of God. Baptism has been a theme of contention for many centuries, yet the Biblical and historical records teach us the simplicity of this topic. The second area of fiery debate revolves around the identity of God and the monotheistic cry of the Scripture: "Being both a research-oriented and scholarly publication, the reader will find themselves being challenged as they are confronted with the truth from the Bible and the witness of history while reclining at the metaphorical table of scholarly disputation. This work is for the hungry heart, the academic mind, the inquisitive lovers of the Scripture, and those with questions that need to be addressed. As the reader is challenged to explore the evidence with the author, the testimony of scholarship, and most importantly, the veracity of the Word, they will find themselves in a position calling them to respond to such discoveries. This study will trouble stagnant waters and compel the reader to consider the unequivocal God: Jesus Christ." *Jehovah Jesus. The Oneness of God. The True Trinity* Robert Dodd Weekes, 2024-06-11 Reprint of the original first published in 1876 **The Oneness and Simplicity of God** Barry D. Smith, 2013-11-13 That YHWH is numerically one is foundational to the theology of the Hebrew Bible. Christian theologians historically have affirmed that there is a more fundamental type of oneness attributable to God. God is one not merely in the sense of being the only God but also in the sense of being simple or non-composite, having no parts of any kind. In this way, God is said to be an absolute unity. After a consideration of all the evidence, Barry D. Smith reaches the conclusion that there is no basis for ascribing simplicity to God. The simplicity doctrine is not found in Scripture, and the traditional arguments used to establish it are unconvincing. In addition, the recent defenses of the simplicity doctrine prompted by Alvin Plantinga's work *Does God Have a Nature* are unsuccessful. It should not be thought, however, that the rejection of divine simplicity means that by default God must be conceived as composite, not even as a perfect composite with maximally great God-making properties. Rather, there is a third option: God should not be conceived as either simple or composite. The question of in which mode God has attributes or exemplifies properties should be set aside.

Defining the Oneness of God Carl D. Franklin, 1994 *Beyond the Door* Rhonda Ambrose, 2015-02-24 There is a vast difference between knowing about God and actually knowing Him. So often we stop short of the very thing that completes us.
