## **The Oracles Of God An Introduction To The Preaching Of John Calvin:**

*The Oracles of God* Thomas Henry Louis Parker, 1947      **The Cambridge Companion to John Calvin** Donald K. McKim, 2004-06-17 John Calvin 1509-64 stands with Martin Luther 1483-1546 as the premier theologian of the sixteenth century Protestant Reformation. Calvin's thought spread throughout Europe to the New World and later throughout the whole world. His insights and influence continue to endure today, presenting a model of theological scholarship grounded in Scripture as well as providing nurture for Christian believers within churches across the globe. Dr. Donald K. McKim gathers together an international array of major Calvin scholars to consider phases of Calvin's theological thought and influence. Historians and theologians meet to present a full picture of Calvin's contexts, the major themes in Calvin's writings, and the ways in which his thought spread and has increasing importance. Chapters serve as guides to their topics and provide further readings for additional study. This is an accessible introduction to this significant Protestant reformer and will appeal to the specialist and non-specialist alike.

*The Unaccommodated Calvin* Richard A. Muller, 2001-12-20 This book attempts to understand Calvin in his 16th century context with attention to continuities and discontinuities between his thought and that of his predecessors, contemporaries, and successors. Muller pays particular attention to the interplay between theological and philosophical themes common to Calvin and the medieval doctors and to developments in rhetoric and method associated with humanism.

**A History of Preaching Volume 1** Rev. O.C. Edwards Jr., 2016-04-25 A History of Preaching brings together narrative history and primary sources to provide the most comprehensive guide available to the story of the church's ministry of proclamation. Bringing together an impressive array of familiar and lesser-known figures, Edwards paints a detailed, compelling picture of what it has meant to preach the gospel. Pastors, scholars, and students of homiletics will find here many opportunities to enrich their understanding and practice of preaching. Volume 1 contains Edwards's magisterial retelling of the story of Christian preaching's development from its Hellenistic and Jewish roots in the New Testament through the late twentieth century's discontent with outdated forms and emphasis on new modes of preaching such as narrative. Along the way, the author introduces us to the complexities and contributions of preachers both with whom we are already acquainted and to whom we will be introduced here for the first time: Origen, Chrysostom, Augustine, Bernard, Aquinas, Luther, Calvin, Wesley, Edwards, Rauschenbusch, Barth. All of their distinctive contributions receive careful attention. Yet lesser-known figures and developments also appear: from the ninth-century reform of preaching championed by Hrabanus Maurus to the reference books developed in the thirteenth and fourteenth centuries by the mendicant orders to assist their members preaching; to Howell Harris and Daniel Rowlands, preachers of the eighteenth-century Welsh revival; to Helen Kenyon speaking as a layperson at the 1950 Yale Beecher lectures about the view of preaching from the pew. Volume 2, available separately as 9781501833786, contains primary source material on preaching drawn from the entire scope of the church's twenty centuries. The author has written an introduction to each selection, placing it in its historical context and pointing to

its particular contribution Each chapter in Volume 2 is geared to its companion chapter in Volume 1 s narrative history Ecumenical in scope fair minded in presentation appreciative of the contributions that all the branches of the church have made to the story of what it means to develop deliver and listen to a sermon A History of Preaching will be the definitive resource for anyone who wishes to preach or to understand preaching s role in living out the gospel This work is expected to be the standard text on preaching for the next 30 years says Ann K Riggs who staffs the NCC s Faith and Order Commission Author Edwards former professor of preaching at Seabury Western Theological Seminary is co moderator of the commission which studies church uniting and church dividing issues A History of Preaching is ecumenical in scope and will be relevant in all our churches we all participate in this field says Riggs from EcuLink Number 65 Winter 2004 2005 published by the National Council of Churches

**Benjamin Wallin** Joshua Cook,2023-04-06 How did the gospel survive in an age fraught with rationalism and High Calvinist theology that frowned upon preaching salvation to all What shifts in preaching were evident that could have signaled that the preaching of the day was straying from the heritage of the past Who was Benjamin Wallin and why should this once famous but now forgotten preacher be studied yet again Benjamin Wallin seeks to answer these questions as it reintroduces the modern reader to this remarkable Particular Baptist preacher who remained steadfast in his insistence that the gospel be preached to all

the Reformation agenda      **Predestination** Greg Kame, 2021-03-11 The doctrine of predestination is an important starting point for the study of Christian theology thought from a Reformed theological perspective This doctrine is essential because it is one of the central themes from the Bible that has been the reason for many debates among many theologians in the history of the church Despite the different views held by mainline Protestant theologians like Martin Luther John Calvin and Jacobus Arminius this book points to Scripture as the basis for Reformed soteriology It uses the tools of biblical interpretation to show how the entire Bible addresses the doctrine of predestination so that theology students pastors Bible teachers and anyone interested in Christian theology will better understand predestination from a Reformed perspective toward an effective ministry today      Dictionary of Biblical Criticism and Interpretation Stanley E. Porter, 2007-01-24 First Published in 2007 Routledge is an imprint of Taylor Francis an informal company      **Celebrating the Legacy of the Reformation** Benjamin K.
