The Origins Of Francos Spain The Right The Republic And Revolution 1931 1936

Tom Buchanan

The Origins Of Francos Spain The Right The Republic And Revolution 1931 1936:

The Origins of Franco's Spain Richard Alan Hodgson Robinson, *The Origins of Franco's Spain* Richard Alan Hodgson Robinson, 1970 The purpose of this book is to provide a comprehensive study of the Right in Spain from the beginning of the Second Republic in April 1931 up to the outbreak of the Civil War in July 1936 p 9 *Historical Dictionary of Spain* Angel Smith, 2017-12-29 Following Spain's transition to democracy in the 1970s the country experienced rapid economic modernization the establishment of a functioning liberal democracy and a cultural renaissance Along with rising living standards over the following thirty years ordinary Spaniards experienced massive improvements in the road and rail networks in local amenities from sporting facilities to centers for the aged and in the public health system As a result by the start of the 20th century Spaniards had largely overcome any sense of inferiority in comparison with other major western European countries and the United States However Spain was hit by a severe economic recession between 2008 and 2011 and unemployment levels are still very high Moreover a large number of corruption cases have come to light and tensions between the central government and Catalan autonomous government have burst into open conflict Restructuring the Spanish economy ensuring probity in public life and accommodating Catalonia within the Spanish state are therefore key tasks in the decade the lies ahead This third edition of the *Historical Dictionary of Spain* contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has more than 700 cross referenced entries on important personalities as well as aspects of the country's politics economy foreign relations religion and culture The book is an excellent resource for students researchers and anyone wanting to know more about Spain **Hitler and Spain** Robert H. Whealey, 2021-05-11 An imperative starting point of any future inquiry concerning Nazi Germany's incursion into and manipulation of Spain's civil strife *International History Review* The Spanish Civil War begun in July 1936 was a preliminary round of World War II Hitler's and Mussolini's cooperation with General Franco resulted in the Axis agreement of October 1936 and the subsequent Pact of Steel of May 1939 immediately following the end of the Civil War This study presents comprehensive documentation of Hitler's use of the upheaval in Spain to strengthen the Third Reich diplomatically ideologically economically and militarily While the last great cause drew all eyes to Western Europe and divided the British and especially the French internally Hitler could pursue territorial gains in Eastern Europe This book based on little known German records and recently opened Spanish archives fills a major gap in our understanding of one of the twentieth century's most significant conflicts Its comprehensive treatment of German Spanish relations from 1936 through 1939 bringing together diplomatic economic military and naval aspects will be of great value to specialists in European diplomacy and the political economy of Nazi imperialism as well as to all students of the Spanish Civil War A major contribution to understanding not only the Spanish conflict but also the history of the thirties and in particular the failure of Britain France and the Soviet Union to make common cause against fascist powers *History Workshop Journal* *Interrogating Francoism*

Helen Graham, 2016-08-25 Helen Graham here brings together leading historians of international renown to examine 20th century Spain in light of Franco's dictatorship and its legacy. *Interrogating Francoism* uses a three part structure to look at the old regime, the civil war and the forging of Francoism, the nature of Franco's dictatorship and the history wars that have since taken place over his legacy. Social, political, economic and cultural historical approaches are integrated throughout and top down political analysis is incorporated along with bottom up social perspectives. The book places Spain and Francoism in comparative European context and explores the relationship between the historical debates and present day political and ideological controversies in Spain. In part a tribute to Paul Preston, the foremost historian of contemporary Spain today, *Interrogating Francoism* includes an interview with Professor Preston and a comprehensive bibliography of his work as well as extensive further readings in English. It is a crucial volume for all students of 20th century Spain. Franco Sheelagh M. Ellwood, 2014-06-17 An excellent introduction to Franco's rise to power and his four decades as autocratic head of state in Spain. Britain and the Spanish Civil War Tom Buchanan, 1997-08-28 This book offers an interpretation of a foreign conflict that has had a greater impact on modern British politics than any other. **Socialism and War** Helen Graham, 1991-06-28 This book recovers the lost history of Spanish socialism during the turbulent years of the Civil War 1936-39. Just as the energy of the socialist movement had sustained the pre-war Second Republic as an experiment in reform, so too it underwrote the Republican war effort in the crucial years of the conflict which would determine Spain's long term future. Leading Socialist Party (PSOE) cadres formed the bedrock of the government while thousands of Party and union militants helped bear the tremendous weight of the war effort. The role of the PSOE in the construction of Republican political unity during the Civil War was pivotal. Yet paradoxically previous accounts of wartime Republican politics have virtually written the PSOE out of the script by concentrating exclusively on the fierce ideological dispute between anarchists and communists. But the key issues of revolution and State power marked all the forces in Republican Spain none more so than the Socialist movement. As the traditional party of the working class and the only mass party in Spain as late as 1931, PSOE militants were to be found on both sides of the revolutionary-reformist divide which split fatally the Republican forces during the Civil War. The PSOE's disintegration was a function of that of the Republic itself but the reverse was no less true. The book investigates the responses of organised socialism to the complex issues raised by the conflict as it charts the PSOE's devastating experience of political power and desperate crisis in a war it could not win. **Catholic Politics in Europe, 1918-1945** Martin Conway, 2008-02-20 The history of Catholic political movements has long been a missing dimension of the history of Europe during the twentieth century. Martin Conway explores the fascinating history of Catholic political movements in Europe between 1918 and 1945, demonstrating the crucial role which Catholics played in the rise of fascism in Italy and Germany, the events of the Spanish Civil War and of the Second World War. Drawing on the findings of recent research, Conway shows how Catholic political movements formed a vital element of the political life of Europe during the inter-war years. In countries as

diverse as France Germany Italy Spain and Austria as well as further east in Poland Slovakia Croatia and Lithuania Catholic political parties flourished Inspired by the values of Catholicism these movements fought for their own political ideals hostile to both liberal democracy and totalitarian fascism Catholics were a third force in European politics During the Second World War Catholic political movements continued to pursue their own goals some chose to fight alongside the German armies other groups joined Resistance movements to fight against German oppression and for a new social and political order based on Catholic principles Catholic Politics in Europe will provide an original key point of reference for twentieth century history for comparison with fascist and communist movements of the period and will give insight into the present day character of Catholicism

Contemporary Spanish Politics José María Magone, 2004 This book gives fresh insight into the formal and informal workings of this dynamic southern European democracy thoroughly discussing history politics institutions parties economy and foreign policy at an introductory level

The Spanish Civil War and the British Labour Movement Tom Buchanan, 1991-02-21 This book draws on a mass of documentary material to provide a major reinterpretation of British labour's response to the Spanish Civil War It challenges the view that the labour leadership betrayed the Spanish Republic and that this polarised the movement along left versus right lines Instead it argues that the overriding concern of the major leaders was to defend labour's institutional interests against the political destabilisation caused by the conflict rather than to defend Spanish democracy Although the main advocates of this position were trade union leaders associated with the labour right such as Walter Citrine and Ernest Bevin the book argues that their dominance reflected the centrality of the trade unions to labour movement decision making rather than the abuse of union power to achieve political goals

Routledge Library Editions: Racism and Fascism Various, 2021-06-23 This set gathers together a collection of out of print titles all classics in their field Reissued for the first time in some years they offer an insightful reference resource to a variety of topics From Professor Colin Holmes's groundbreaking studies of racism in British society to Professor Kitchen's analysis of the rise of fascism in pre war Austria these books shed much light on society's recent dark past

Political Exile in the Global Twentieth Century Wolfram Kaiser, Piotr H. Kosicki, 2021-12-10 This book focuses on the political exile of Catholic Christian Democrats during the global twentieth century from the end of the First World War to the end of the Cold War Transcending the common national approach the present volume puts transnational perspectives at center stage and in doing so aspires to be a genuinely global and longitudinal study Political Exile in the Global Twentieth Century includes chapters on continental European exile in the United Kingdom and North America through 1945 on Spanish exile following the Civil War 1936-39 throughout the Franco dictatorship on East Central European exile from the defeat of Nazi Germany and the establishment of Communist rule 1944-48 through the end of the Cold War and Latin American exile following the 1973 Chilean coup Encompassing Europe both East and West Latin America and the United States Political Exile in the Global Twentieth Century places the diasporas of twentieth century Christian Democracy within broader global debates on political exile and

migration *Conflicts and Conciliations* Geoffrey Ribbons,1997 Between 1881 and 1897 Benito P rez Gald s generally acknowledged as Spain s greatest nineteenth century novelist composed some twenty contemporary novels which Geoffrey Ribbons characterizes as the peak of his achievement This monumental study traces the evolution of the many strands that make up one of them the long and complex novel *Fortunata y Jacinta* Ribbons examines the various stages of composition not only the earlier reconstructed Alpha version but also subsequent revisions in the much corrected handwritten text and in the printer s galleys He treats these tentative drafts as part of the process of reaching out toward the coherent definitive text Ribbons s analysis of such devices as the ambiguous role of the narrator the use of free indirect style and direct dialogue and the construction of distinctive ideolects leads to the heart of his study the development of Gald s s characters Free Women of Spain Martha A. Ackelsberg,2005 With fists upraised *Mujeres Libres* struggled for their own emancipation and the freedom of all **Fascists and Conservatives** Martin Blinkhorn,2012-11-12 First published in 1990 During the last twenty years prodigious scholarly effort has gone into the study of fascism and the right in twentieth century Europe Quite apart from the study of particular fascist and national socialist movements and of individual right wing regimes Fascist Italy the Third Reich Franco s Spain etc scholars have striven to locate the essential nature of fascism to determine what is distinctive about its ideas programmes policies and support to identify what if anything differentiates it from other forms of rightism and to decide whether a satisfactory definition of fascism can be arrived at This volume is intended to assist the further consideration of these and related problems *Surrealism and the Spanish Civil War* Robin Adèle Greeley,2006-01-01 La obra es una nueva aproximaci n al tema de la respuesta de los artistas ante la guerra articulando la relaci n entre el esfuerzo art stico y la pol tica durante periodos de crisis social Se analiza la amplia respuesta que la Guerra Civil Espa ola provoc en el trabajo de Mir Dal Caballero Masson y Picasso investigando los esfuerzos del surrealismo por establecer un puente entre el pensamiento y el acto pol tico World Fascism Cyprian Blamires,2006-09-18 This book shows how during the 20th century evils such as totalitarianism tyranny war and genocide became indelibly linked to the fascist cause and examines the enduring and popular appeal of an ideology that has counted princes poets and war heroes among its most fervent adherents From the followers of Hajj Amin Al Husseini the Arab leader who met with Adolf Hitler in November 1942 to the murderous death squads of the Croatian Ustasha to certain members of the British Establishment fascism s heady brew of extreme nationalism and revolutionary violence has attracted followers from across all religions races and classes Now widely reviled fascism became an immensely powerful political force in Western Europe throughout the 1930s and into the 1940s How did civilized nations like Italy Germany Austria and others succumb to an ideology now regarded by the political mainstream as barbarous and beyond the pale *World Fascism A Historical Encyclopedia* covers all the key personalities and movements throughout the history of fascism and brings to light some of the ideology s lesser known aspects from Hindu extremists in India to the influential role of certain women in fascist movements How did an ideology which was openly boastful of its

belief in violence come to seduce the elites of some of the most civilized nations on earth What can explain fascism s enduring appeal

A People Betrayed: A History of Corruption, Political Incompetence and Social Division in Modern Spain Paul Preston, 2020-06-16 Nowhere does the ceaseless struggle to maintain democracy in the face of political corruption come more alive than in Paul Preston s magisterial history of modern Spain The culmination of a half century of historical investigation A People Betrayed is not only a definitive history of modern Spain but also a compelling narrative that becomes a lens for understanding the challenges that virtually all democracies have faced in the modern world Whereas so many twentieth century Spanish histories begin with Franco and the devastating Civil War Paul Preston s magisterial work begins in the late nineteenth century with Spain s collapse as a global power especially reflected in its humiliating defeat in 1898 at the hands of the United States and its loss of colonial territory This loss hung over Spain in the early years of the twentieth century its agrarian economic base standing in stark contrast to the emergence of England Germany and France as industrial powers Looking back to the years prior to 1923 Preston demonstrates how electoral corruption infiltrated almost every sector of Spanish life thus excluding the masses from organized politics and giving them a bitter choice between apathetic acceptance of a decrepit government or violent revolution So ineffective was the Republic which had been launched in 1873 that it paved the way for a military coup and dictatorship led by Miguel Primo de Rivera in 1923 exacerbating widespread profiteering and fraud When Rivera was forced to resign in 1930 his fall brought forth a succession of feeble governments stoking rancorous tensions that culminated in the tragic Spanish Civil War With astonishing detail Preston describes the ravages that rent Spain in half between 1936 and 1939 Tracing the frightening rise of Francisco Franco Preston recounts how Franco grew into Spain s most powerful military leader during the Civil War and how after the war he became a fascistic dictator who not only terrorized the Spanish population through systematic oppression and murder but also enriched corrupt officials who profited from severe economic plunder of Spain s working class The dictatorship lasted through World War II during which Spain sided with Mussolini and Hitler and only ended decades later in 1975 when Franco s death was followed by a painful yet bloodless transition to republican democracy Yet as Preston reveals corruption and political incompetence continued to have a corrosive effect on social cohesion into the twenty first century as economic crises Catalan independence struggles and financial scandals persist in dividing the country Filled with vivid portraits of politicians and army officers revolutionaries and reformers and written in the absorbing Economist style for which Preston is so revered A People Betrayed is the first historical work to examine the continuities of political unrest and national anxiety in Spain up until the present providing a chilling reminder of just how fragile democracy remains in the twenty first century

The Rio Tinto Company Charles E. Harvey, 1981 Winner of the 1981 Wadsworth Prize for Business History this work features a study of the Rio Tinto Company An addition to the sparse empirical literature on international business it also describes aspects of modern Spanish history
