The Office From Hell:

The Office Girls Sylvester Stephens, 2010-05-11 A topsy turvy ride through corporate America where the male is the minority and must face a comedic blend of sex discrimination and harassment that threatens his sanity Michael Forrester a floundering author has been reduced to writing articles for a local newspaper under a pseudonym When the newspaper runs an article he finds offensive to African American men he writes a rebuttal which offends so many women it gets him fired Michael then sets out to write a book that proves corporate women are just as scandalous competitive and insensitive as their male counterparts But when he manipulates events to get hired into an office that is staffed by all women events quickly spiral out of control As romances sprout like weeds and Michael finds himself fighting for the women he works alongside rather than against them the question is whether he will be able to focus on his work keep his flings a secret and achieve the success he has always dreamed of In turns hilarious sobering and eye opening *The Office Girls* tells the story of every woman who works in the corporate world and the challenges they face on a daily basis The misogyny sexual harassment and gender inequality faced by these characters will ring true for all women who have experienced corporate America *Overheard in the Office* S.
