

# The Opera

**Carnegie Library of Pittsburgh**

## **The Opera:**

**The La Scala Encyclopedia of the Opera** Giorgio Bagnoli, 1993 Covering a broad range of styles this comprehensive volume includes entries for more than 450 operas that have been performed over the last four centuries Organized from A to Z for easy reference it is a complete guide that is certain to inform and entertain any opera buff 500 photos

**A Night at the Opera** Sir Denis Forman, 1998-09-01 Delightful and anti reverential Sunday Times London With an encyclopedic knowledge of opera and a delightful dash of irreverence Sir Denis Forman throws open the world of opera its structure composers conductors and artists in this hugely informative guide A Night at the Opera dissects the eighty three most popular operas recorded on compact disc from Cilea's Adriana Lecouvreur to Mozart's Die Zauberflöte For each opera Sir Denis details the plot and cast of characters awarding stars to parts that are worth looking out for really good or occasionally stunning He goes on to tell the history of each opera and its early reception Finally each work is graded from alpha to gamma although the Ring cycle gets an X and Sir Denis has no qualms about voicing his opinion the first act of Fidelio is a bit of a mess while the last scene of Don Giovanni towers above the comic finales of Figaro and Cos and whether or not it is Mozart's greatest opera it is certainly his most powerful finale The guide also presents brief biographies of the great composers conductors and singers A glossary of musical terms is included as well as Operatica or the essential elements of opera from the proper place and style of the audience's applause and boos to the use of subtitles A Night at the Opera is for connoisseurs and neophytes alike It will entertain and inform delight and perhaps infuriate providing a subject for lively debate and ready reference for years to come

**The Opera Goers' Complete Guide** Leo Melitz, 1908

**The Victrola Book of the Opera** Samuel Holland-Rous, 2009-01-01 In depth descriptions of various operas with scene by scene aria by aria accounts

**The Undergrounds of the Phantom of the Opera** J. Hogle, 2016-04-30 This is the most comprehensive analytical study ever done of The Phantom of the Opera in its many different versions from the original Gaston Leroux novel to the present day It proposes answers to the question why do we keep needing this story told and retold in the Western world by revealing the history of deep cultural tensions that underlie the novel and each major adaptation Using extensive historical and textual evidence and drawing on perspectives from several theories of cultural study this book argues that we need this tale told and reconfigured because it provides us ways to both confront and disguise how we have fashioned our senses of identity in the Western middle class The Phantom of the Opera in varying ways over time turns out like the Gothic tradition it extends to be deeply connected to Western self fashioning in the face of conflicted attitudes about class gender race religious beliefs Freudian psychology economic and international tensions and especially the shifting and permeable boundaries between high and low culture This book should interest all students of the history of Western culture as well as those especially fascinated by Gothic fiction opera musical theatre and film

[History of the opera](#) Henry Sutherland Edwards, 1862 History of the Opera From Its Origin in Italy to the Present Time With Anecdotes of the Most Celebrated Composers and Vocalists of

Europe Volume 1     The Victrola Book of the Opera Samuel Holland Rous,1919     Reminiscences of the Opera Benjamin Lumley,1864 A memoir of the director of Her Majesty s Theatre London     *The Phantom of the Opera* Gaston Leroux,2007-12-18 In 1910 the mystery novelist Gaston Leroux working from scraps of history theatrical lore and his own fertile imagination created a masterpiece in Le fant me de l op ra the story of a disfigured composer who lives in the labyrinthine depths of the Paris Opera After the breathtaking debut of Christine Daa the whispers of an Opera ghost seem to become reality as the young singer vanishes As the Phantom strikes again and again targeting foes from a jealous diva to a romantic rival Leroux spins a thriller of obsession and violence with at its center a tormented murderer who awakens our deepest fears and sympathies The inspiration for Andrew Lloyd Webber s long running musical Leroux s novel is still more riveting than anything Broadway could produce     *The Operas of Alban Berg* George Perle,1989     **Musical Symbolism in the Operas of Debussy and Bartok** Elliott Antokoletz,Juana Canabal Antokoletz,2004-07-22 The authors explore the means by which two early 20th century operas Debussy s Pell as et M lisande 1902 and Bart k s Duke Bluebeard s Castle 1911 transformed the harmonic structures of the traditional major minor scale system into a new musical language

**Bravo! Brava! A Night at the Opera** Anne Siberell,2002-01-03 A delightful introduction to opera Bravo Brava A Night at the Opera teaches elementary school children what opera is by showing how it is made Who writes the words Who makes an opera happen Who is backstage these questions and more are answered with easy to understand explanations and are illustrated with whimsical watercolors by the author From composer choreographer and costume designers to the conductor lighting and special effects crew and of course the singers the excitement builds as Anne Siberell explains each person s role in producing an opera Bravo Brava A Night at the Opera reveals details of the most famous operas plots and characters along the way and includes synopses of 27 popular operas a glossary suggestions for further reading and an index     Postopera: Reinventing the Voice-Body Jelena Novak,2016-03-09 Both in opera studies and in most operatic works the singing body is often taken for granted In Postopera Reinventing the Voice Body Jelena Novak reintroduces an awareness of the physicality of the singing body to opera studies Arguing that the voice body relationship itself is a producer of meaning she furthermore posits this relationship as one of the major driving forces in recent opera She takes as her focus six contemporary operas La Belle et la B te Philip Glass Writing to Vermeer Louis Andriessen Peter Greenaway Three Tales Steve Reich Beryl Korot One Michel van der Aa Homeland Laurie Anderson and La Commedia Louis Andriessen Hal Hartley which she terms postoperas These pieces are sites for creative exploration where the boundaries of the opera world are stretched Central to this is the impact of new media a de synchronization between image and sound or a redefinition of body voice gender relationships Novak dissects the singing body as a set of rules protocols effects and strategies That dissection shows how the singing body acts within the world of opera what interventions it makes and how it constitutes opera s meanings     The Oxford Handbook of Chinese Cinemas Carlos Rojas,Eileen Chow,2013-03-13 What does it mean for a cinematic work to be Chinese Does it refer

specifically to a work's subject or does it also reflect considerations of language ethnicity nationality ideology or political orientation Such questions make any single approach to a vast field like Chinese cinema difficult at best Accordingly The Oxford Handbook of Chinese Cinemas situates the term more broadly among various different phases genres and distinct national configurations while taking care to address the consequences of grouping together so many disparate histories under a single banner Offering both a platform for cross disciplinary dialogue and a mapping of Chinese cinema as an expanded field this Handbook presents thirty three essays by leading researchers and scholars intent on yielding new insights and new analyses using three different methodologies Chapters in Part I investigate the historical periodizations of the field through changing notions of national and political identity all the way from the industry's beginnings in the 1920s up to its current forms in contemporary Hong Kong Taiwan and the global diaspora Chapters in Part II feature studies centered on the field's taxonomical formalities including such topics as the role of the Chinese opera in technological innovation the political logic of the Maoist film and the psychoanalytic formula of the kung fu action film Finally in Part III focus is given to the structural elements that comprise a work's production distribution and reception to reveal the broader cinematic apparatuses within which these works are positioned Taken together the multipronged approach supports a wider platform beyond the geopolitical and linguistic limitations in existing scholarship Expertly edited to illustrate a representative set of up to date topics and approaches The Oxford Handbook of Chinese Cinemas provides a vital addition to a burgeoning field still in its formative stages

## Embracing the Beat of Phrase: An Mental Symphony within **The Opera**

In a global eaten by monitors and the ceaseless chatter of quick conversation, the melodic beauty and emotional symphony developed by the published word usually diminish in to the back ground, eclipsed by the relentless noise and distractions that permeate our lives. Nevertheless, located within the pages of **The Opera** an enchanting literary value brimming with natural feelings, lies an immersive symphony waiting to be embraced. Constructed by an elegant composer of language, that captivating masterpiece conducts readers on an emotional journey, skillfully unraveling the concealed tunes and profound influence resonating within each carefully crafted phrase. Within the depths with this touching evaluation, we shall discover the book is main harmonies, analyze its enthralling publishing fashion, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
