The Original Sin Anthony Quinn, 1974 **Poetics of the Literary Self-Portrait** Michel Beaujour, 1992-10-01 A serious and independent contribution to the literature of autobiography John Sturrock French Studies Clearly a landmark study It seems certain to provoke a great deal of productive debate among those concerned with any of the many issues it raises Comparative Literature The literary self portrait often considered to be an ill formed autobiography is receiving more attention as a result of the current obsession with personal narrative but little progress has been made toward an understanding of its specific features With *Poetics of the Literary Self Portrait* Michel Beaujour reveals the hidden ambitions of this genre From St Augustine to Montaigne from Nietzsche to Malraux Leiris and Barthes individual self portraits are analyzed jointly with the enduring cultural matrix from which self portrayal derives its disconcerting non narrative structure and many of its recurrent topics

The Self-Portrait: A Cultural History James Hall, 2016-02-16 Hall provides a lively cultural interpretation of the genre from the Middle Ages to today Rather than provide a series of greatest hits he is more concerned with the reasons why artists create self portraits The Weekly Standard The self portrait may be the visual genre most identified with our confessional era but modern artists are far from the first to have explored its power and potential In this broad cultural survey of the genre art historian and critic James Hall brilliantly maps the history of self portraiture from the earliest myths of Narcissus and the Christian tradition of bearing witness to the prolific self image making of today s contemporary artists Hall s intelligent and vivid account shows how artists depictions of themselves have been part of a continuing tradition that reaches back centuries Along the way he reveals the importance of the medieval mirror craze the explosion of the genre during the Renaissance the confessional self portraits of Titian and Michelangelo the biographical role of serial self portraits by artists such as Courbet and van Gogh themes of sex and genius in works by Munch Bonnard and Modersohn Becker and the latest developments of the genre in the era of globalization Comprehensive and beautifully illustrated the book features the work of a wide range of artists including Alberti Caravaggio D rer Emin Gauguin Giotto Goya Kahlo Koons Magritte Mantegna Picasso Raphael Rembrandt and Warhol

American self Library Journal *The Moment of Self-Portraiture in German Renaissance Art* Joseph Leo Koerner,1993 So foundational is this invention to modern aesthetics Koerner argues that interpreting it takes us to the limits of traditional art historical method Self portraiture becomes legible less through a history leading up to it or through a sum of contexts that occasion it than through its historical sight line to the present After a thorough examination of Durer s startlingly new self portraits the author turns to the work of Baldung Durer s most gifted pupil and demonstrates how the apprentice willfully disfigured Durer s vision Baldung replaced the master s self portraits with some of the most obscene and bizarre pictures in the history of art In images of nude witches animated cadavers and copulating horses Baldung portrays the debased self of the viewer as the true subject of art The Moment of Self Portraiture thus unfolds as passages from teacher to student artist to viewer reception all within a culture that at once deified and abhorred originality *The Great American Mosaic* Gary Y. William N. Selig, the Man Who Invented Hollywood* Andrew A. Erish,2012-03-01 All histories of Hollywood are wrong Why Two words Colonel Selig This early pioneer laid the foundation for the movie industry that we know today Active from 1896 to 1938 William N Selig was responsible for an amazing series of firsts including the first two reel narrative film and the first two hour narrative feature made in America the first American movie serial with cliffhanger endings the first westerns filmed in the West with real cowboys and Indians the creation of the jungle adventure genre the first horror film in America the first successful American newsreel made in partnership with William Randolph Hearst and the first permanent film studio in Los Angeles Selig was also among the first to cultivate extensive international exhibition of American films which created a worldwide audience and contributed to American domination of the medium In this book Andrew Erish delves into the virtually untouched Selig archive at the Academy of Motion Picture Arts and Sciences Library to tell the fascinating story of this unjustly forgotten film pioneer He traces Selig s career from his early work as a traveling magician in the Midwest to his founding of the first movie studio in Los Angeles in 1909 to his landmark series of innovations that still influence the film industry As Erish recounts the many accomplishments of the man who first recognized that Southern California is the perfect place for moviemaking he convincingly demonstrates that while others have been credited with inventing Hollywood Colonel Selig is actually the one who most deserves that honor **Crowding Out Latinos** Marco Portales,2010-06-17 A provocative study of Latino education media representation and Chicano literature *Divine Healing: The Years of Expansion, 1906-1930* James Robinson,2014-05-07 In the present volume James Robinson completes his trilogy which deals with the history of divine healing in the period 1906 1930 The first volume is a study of the years 1830 1890 and was hailed as a standard reference for years to come The second book covers the years 1890 1906 and was acclaimed as a monumental achievement that combines careful historical scholarship and a high degree of accessibility This volume completes the study up to the early 1930s and like the other two works has a transatlantic frame of reference Though the book gives prominence to the theology and

practice of divine healing in early Pentecostalism it also discusses two other models of healing the therapeutic and sacramental promoted within sections of British and American Anglicanism Some otherwise rigorous Fundamentalists were also prepared to practice divine healing The text contributes more widely to medical and sociocultural histories exemplified in the rise of psychotherapy and the cultural shift referred to as the Jazz Age of the 1920s The book concludes by discussing the major role that divine healing plays in the present rapid growth of global Christianity
