The Orion William Carey Richards,1842 **THE NEW AMERICAN ENCYCLOPAEDIA: A Popular Dictionary OF GENERAL KNOWLEDGE** ,1861 *The Encyclopaedia Britannica ...* ,1902 *Symbols and Themes in Sacred Texts* Barnabas Tiburtius,2020-03-10 In this information age the need for explicit meaning in scriptures and rituals is a vital ingredient that is lacking The literal interpretations and obligatory rituals have left a void in the individual s spiritual journey and hence the increasing disappointment in organized religions There are 50 articles in this book whose contents aim to

provide a deeper spiritual meaning that is conveyed through certain specific symbols and themes such as Agni or Fire Cave Cloud twice born Four beasts Dragon Trilogy Hero Charioteer Hostile brothers Inner demon East Nakedness Reincarnation Redemption Deluge Sword and Twins These common symbols and themes across many mythologies and the spiritual significance they convey are brought out so that the higher nature of man and the spiritual path one has to traverse can be indicated The very fact that man seeks a higher and more meaningful knowledge denotes that he is on a path to exploring his true nature or awake to his true self These symbols and themes cut across all dominant spiritual traditions such as Vedic Buddhist Hebraic Christian and Islamic religions Symbols and Themes in Sacred Texts contain the key to unlock the spiritual treasure hidden from humanity through literal and archaic cultural interpretations **Engineering** ,1923 The Epworth Herald ,1907 The Integrated Astrological Guide to Self-Empowerment - Volume 2: (The Integrated Guide Series) Edmond H. Wollmann,2019-03-30 The Integrated Astrological Guide continues with this second volume This particular text deals with the encoding of information both astrologically and generally that interferes with and colors our critical thinking skills and ability for accurate foresight Although myths are used to convey concepts the running theme in all works is that neither astrology nor myths cause anything and that each person s reality is the result of free will effort and choices at every given moment They do however reflect engrained archetypal belief structures passed down over millennia Those belief structures do affect reality Logical rules will be increased in this volume and fallacious thinking illuminated not only in traditional astrological principles but in widely accepted social attitudes The Publishers' Circular and General Record of British and Foreign Literature ,1890
