So Long To Learn

Robert R. Redfield

So Long To Learn:

So Long to Learn , Free to Learn Peter Gray,2013-03-05 A leading expert in childhood development makes the case for why self directed learning unschooling is the best way to get kids to learn All kids love learning Most don t love school That s a disconnect we ve avoided discussing until this lightning bolt of a book If you ve ever wondered why your curious kid is turning into a sullen slug at school Peter Gray s Free to Learn has the answer He also has the antidote Lenore Skenazy author of Free Range Kids In Free to Learn developmental psychologist Peter Gray argues that in order to foster children who will thrive in today s constantly changing world we must entrust them to steer their own learning and development Drawing on evidence from anthropology psychology and history he demonstrates that free play is the primary means by which children learn to control their lives solve problems get along with peers and become emotionally resilient A brave counterintuitive proposal for freeing our children from the shackles of the curiosity killing institution we call school Free to Learn suggests that it s time to stop asking what s wrong with our children and start asking what s wrong with the system It shows how we can act both as parents and as members of society to improve children s lives and to promote their happiness and learning

To Want to Learn Jackson Kytle,2012-07-17 Lack of learner motivation is the single greatest challenge before American schools and colleges When students are self motivated they invest more and work harder at learning even if resources are inadequate Jackson Kytle s provocative book argues that students and teachers waste time and human energy because the conventional curriculum rests on flawed mental models Hope for change requires a searching critique of modernity as well as expanded theories of human motivation and learning based on advances in neurobiology and cognitive studies After consideration of existentialism and choice of life purposes and the dynamics of psychological involvement Kytle closes his ambitious interdisciplinary book with ten considerations for better learning

Learn and Grow Daily! Sanford Berenberg,2009-03 Learn and Grow Daily is about a journey toward self improvement for everyday people like you and me It is a journey which can start from wherever you are in life now no matter who you are or where you are in your life Learn and Grow Daily is about personal transformation from being a passenger in life to becoming a life long learner and taking control of life It is a story of how anyone can take the same journey and learn and grow daily to become the person you were meant to be Learn and Grow Daily is a compilation of knowledge gained from some of the world s most gifted researchers consultants and leadership experts Learn and Grow Daily opens your eyes to improvements you can make within your own life by reading learning and applying to growing daily Are you ready to learn and grow Sanford Berenberg is an everyday person like you In his travels through life going to school college and entering the workforce he found it was not enough to survive much less thrive in today s complex society Downsized and running out of options Sanford made a decision to change the direction of his life He became a life long learner and turned his life around He has now started reaching out to help others to do the same through his continued learning and his Messages of the Day and this first book Sanford is a 20

year veteran of the customer service industry having worked in the software development bank card health insurance and professional services industries from entry level to middle management He has a Bachelor s degree and an MBA from the University of Phoenix Sanford lives in Louisville Kentucky with his loving wife Karen and two wonderful step daughters Stephanie and Samantha
