Spontaneous Overflows And Revivifying Rays Romanticism And The Discourse Of Improvisation:

Spontaneous Overflows and Revivifying Rays Angela Esterhammer, 2004 In this Garnett Sedgewick lecture given to the Department of English at the University of British Columbia in 2004 Angela Esterhammer introduces us to the art of the nineteenth century Italian improvvisatori who created spontaneous verses on topics chosen by their audiences English Romantic poets such as Shelley and Byron witnessed some of these performances especially by Tommaso Sgricci and were greatly impressed The ability of the improvvisatori touched on the very essence of poetic creation is it simply as the improvvisatori would seem to demonstrate the spontaneous overflow of powerful feelings or does it have to be recollected in tranquility as Wordsworth had suggested Dr Esterhammer examines the ramifications of these two questions through the poetry and letters of the of the English Romantic poets who had witnessed the art of the improvvisatori and in so doing presents some fascinating material and insights into the act of creation and the springs of the artistic imagination

Improvisation as Art Edgar Landgraf, 2014-03-27 Improvisation as Art traces how modernity's emphasis on inventiveness has changed the meaning of improvisation and how the ideals and laws that led improvisation to be banned from high art in the eighteenth century simultaneously enabled the inventive reintegration of improvisation into modernism After an in depth exploration of contemporary theoretical contentions surrounding improvisation Landgraf examines how the new emphasis on inventiveness affects the understanding of improvisation in the emerging aesthetic and anthropological discourses of the late 18th and early 19th centuries He first focuses on accounts of improvisational performances by Moritz Goethe and Fernow and reads them alongside the aesthetics of autonomy as it develops at the same time In its second half the book investigates how the problem of planning art receives a different treatment in German Romanticism The final chapter focuses on the writings of Heinrich von Kleist where improvisation presents a central aesthetic principle Kleist's figurations of improvisation recognize the anthropological predicament of the self in modern society and the social constraints that invite and often force individuals to improvise

Mesmerism, Medusa, and the Muse Anne DeLong, 2012-04-26 Mesmerism Medusa and the Muse The Romantic Discourse of Spontaneous Creativity explores the connections among the Romantic discourse of spontaneous literary creativity the nineteenth century cultural practice of mesmerism and the mythical Medusa as an icon of the gendered gaze An analysis of Medusan mesmerism in the poetry of Mary Robinson Samuel Taylor Coleridge Percy Bysshe Shelley and Letitia Elizabeth Landon L E L and the prose of Mary Shelley reveals that these Romantic era writers equate the enraptured state that produces spontaneous literary creation with the mesmeric trance These writers employ Medusan imagery to portray both the mesmerist and the mesmerized subject a conflation of subject object positions that complicates issues of agency subjectivity and gender Images of Medusan

mesmerism ultimately work to deconstruct Romantic ideological dichotomies of self other female male muse artist and sublime beautiful In contrast to a traditional masculinized Romantic discourse that emphasizes self possession this study uncovers a feminized improvisational Romantic discourse characterized Other possession an assumption of the mesmerized subject position that enhances subjective fluidity This study interrogates the Romantic discourse of spontaneous literary creativity through an examination of Romantic poetry prose and theory that utilizes mesmeric and Medusan metaphors to suggest creative inspiration Building on recent scholarship about improvisational poetics the subversive potential of mesmerism and Medusa as a feminist icon this work suggests that the mesmeric Medusan muse not only enables creativity for women writers but also provides a mirror in which they view and through which they give voice to their own societal oppression The mesmeric Medusan muse in Romantic era literature from the Ancient Mariner and the Frankenstein monster to the tragic abandoned Sapphic poetess often represents the face of oppression an unwelcome and monstrous truth in nineteenth century British society For women writers in particular braving the stare of the Medusan muse enhances empathy and therefore inspiration and literary productivity
