Linguistic Variables Hans-Heinrich Lieb, 1993-09-15 This book for the first time reconstructs in a single theoretical framework the more important approaches to linguistic variation found in areas as different as historical linguistics dialectology sociolinguistics psycholinguistics stylistics contrastive linguistics language typology so called evaluation grammar and current Chomskyan generative grammar generally with an emphasis on syntax The book concentrates on language internal variation but also analyses typological research and considers the question of how linguistic descriptions may account for variation both within and between languages The book's first and primary aim is adequate conceptualization in the area of linguistic variation Its second aim is a practical one to contribute from a theoretical point of view to the vast descriptive effort that is demanded in linguistics in documenting endangered languages Its third aim is simply orientation Using a non Labovian notion of linguistic variable the author distinguishes a holistic and a component approach to linguistic variation A precise version of the former is developed by formulating a theory of language varieties based on the concept of variety structure of a language it is then shown how the proposals made by major representatives of the component approach can be integrated into this framework The theory is extended to interlanguage variation and applied in particular to typology It is further extended to establish the properties of linguistic descriptions that account for variation in a unified way

Sociolinguistics / Soziolinguistik. Volume 1 Ulrich Ammon, Norbert Dittmar, Klaus J. Mattheier, Peter Trudgill, 2020-04-06 No detailed description available for SOCIOLINGUISTICS 1 INTERNAT HB AE HSK 3 1 E BOOK

The Importance of the Level of Care for Personal Services Hans-Peter Sattler, 2025-09-26 In the present slightly revised dissertation the importance of individual care intensity is examined from the perspective of the hotel specific service of attending to hotel guests This involves analyzing how culture historical industry developments and training relevant skills and behaviors have influenced the evolution of hotel specific services Based on the research question What significance does care intensity have for the provision of personal services the aim is to understand using the example of hotel specific personal guest care in hotels the value it should have for guest loyalty and the quality of relationships between hotel guests hotel employees and the hotel operation The results include on the one hand a reassessment of personal guest care as a hotel specific service and the establishment of the Guest Quadrant as a holistic guest care model and on the other hand the opportunity for hotel employees owners and or operators to diagnose the individual care intensity of hotel guests from the perspective of Guest Centricity and Guest Care using proposed skills calculation methods and assessment tools

Writings in General Linguistics Ferdinand de Saussure, 2006 Ferdinand de Saussure's Cours de linguistique générale was posthumously composed by his students from the notes they had made at his lectures The book became one of the most influential works of the twentieth century giving direction to modern linguistics and inspiration to literary and cultural theory

Before he died Saussure told friends he was writing up the lectures himself but no evidence of this was found Eighty years later in 1996 a manuscript in Saussure's hand was discovered in the orangery of his family house in Geneva This proved to be the missing original of the great work It is published now in English for the first time in an edition edited by Simon Bouquet and Rudolf Engler and translated and introduced by Carol Sanders and Matthew Pires all leading Saussure scholars The book includes an earlier discovered manuscript on the philosophy of language Saussure's own notes for lectures and a comprehensive bibliography of major work on Saussure from 1970 to 2004 It is remarkable that for eighty years the understanding of Saussure's thought has depended on an incomplete and non definitive text the sometimes aphoristic formulations of which gave rise to many creative interpretations and arguments for and against Saussure Did he or did he not see language as a social and a historical Did he or did he not rule out the study of speech within linguistics Was he a reductionist These disputes and many others can now be resolved on basis of the work now published This reveals new depth and subtlety in Saussure's thoughts on the nature and complex workings of language particularly his famous binary oppositions between form and meaning the sign and what is signified and language *langue* and its performance *parole*

Sprachdynamik und Sprachstruktur, 1978 **Europäischer Strukturalismus** Jörn Albrecht, 2007 **Die Bedeutung der Betreuungsintensität für die persönliche Dienstleistung** Hans-Peter Sattler, 2025-01-17 In der vorliegenden geringfügig bearbeiteten Dissertation wird die Bedeutung der individuellen Betreuungsintensität aus der Perspektive der hotelspezifischen Dienstleistung der Betreuung von Hotelgästen untersucht Hierzu wird analysiert wie Kultur historische Branchenentwicklungen und ausbildungsrelevante Kompetenzen und Verhaltensweisen die Entwicklung der hotelspezifischen Dienstleistungen beeinflusst haben Basierend auf der Forschungsfrage Welche Bedeutung hat die Betreuungsintensität für die Erbringung von persönlichen Dienstleistungen ist es das Ziel am Beispiel der hotelspezifischen persönlichen Gästebetreuung im Hotel zu verstehen welchen Stellenwert diese für die Gästebindung und die Beziehungsqualität zwischen Hotelgästen Hotelmitarbeitern und Hotelbetrieb haben sollte Als Ergebnisse stehen einerseits die Neubewertung der persönlichen Gästebetreuung als hotelspezifische Dienstleistung die Etablierung des Gästequadranten als ganzheitliches Gästebetreuungsmodell sowie andererseits die Möglichkeit für Hotelmitarbeiter Hotelbesitzer und -betreiber die individuelle Betreuungsintensität von Hotelgästen mithilfe vorgeschlagener Formeln Berechnungsmethoden und Beurteilungsinstrumenten aus der Perspektive von Guest Centricity und Guest Care diagnostizieren zu können
