Spring And Beyond:

The Everlasting Spring: Beyond Olympus Francis Audrain, 2021-05-13 The Everlasting Spring Beyond Olympus is a trilogy A continuing story of romance and true love in three epic sagas spanning two thousand years in the tumultuous rise of Western Civilization The storyteller is an old man who understands and appreciates the heroes and heroines the saints and sinners who made epic history by sharing the love and self sacrifice that enabled Western Culture to survive When he was young and foolish naive and swaggering with false bravado the old man frolicked in the good life and took it for granted until a cold Christmas Eve when a lovely young woman broke his heart and changed his mind His soul was frozen in the absence of hope as the tragic death of romance brought darkness with agony and despair But the trajectory of his life was soon altered blessed by the light from a star so bright he was inspired by the vision and started to write He walked with his characters the brave and bold remembered by historians the new and some old He miraculously survived four score in events with no worries and a few sad regrets His life was replete with trials and tribulations known only to those who dream daring defeat but find peace in their passion for truth everlasting Once called a hero he perished the thought The old man knew better souls those who risked all for true love and blind justice between the dark nights of their souls and their time in the light They were immortals seeking knowledge with facts and their odyssey touched all as they followed the sun moon and stars like the old man was doing when he met Benjamin and Boudica Colton and Blue Star and two others too then chronicled their journeys in a corps of discovery to find spiritual treasure the most precious of all New England Moses Foster
