Squeaking Cleopatras:

Squeaking Cleopatras Joy Leslie Gibson, 2000 That woman is a woman So thundered Simon Callow in the film Shakespeare in Love thus underlining one of the great differences between our theatre and that of the Elizabethans where women were prohibited from appearing on the stage In this highly controversial book the first on the subject for over sixty years Joy Leslie Gibson looks at the female roles in Elizabethan and Jacobean drama from the point of view of the boys who actually had to create these fascinating and dramatic parts Scrupulously researched this groundbreaking book sheds new light not only on Elizabethan drama but also on society as a whole It will be required reading for any lover of Shakespeare or anyone made curious by a visit to the theatre to see one of Shakespeare's plays Shakespeare, Theory and Performance James C. Bulman, 2003-09-02 Shakespeare Theory and Performance is a groundbreaking collection of seminal essays which apply the abstract theory of Shakespearean criticism to the practicalities of performance Bringing together the key names from both realms the collection reflects a wide range of sources and influences from traditional literary performance and historical criticism to modern cultural theory Together they raise questions about the place of performance criticism in modern and often competing debates of cultural materialism new historicism feminism and deconstruction An exciting and fascinating volume it will be important reading for students and scholars of literary and theatre studies alike **Boy Actors in Early Modern England** Harry R. McCarthy, 2022-09 This innovative study draws on theatre history and present day performance to re appraise the remarkable skills of early modern boy actors *Shakespeare Re-dressed* James C. Bulman, 2008 This collection covers a wide range of Shakespeare productions from Granville Barker and Poel's experiments with cross gender casting to recent performances by Cheek by Jowl the National Theatre and the new Globe from early twentieth century performances by women's companies in England and Japan to contemporary stagings by the Los Angeles Women's Shakespeare Company from Mabou Mines controversial Lear in New York to a more subtly transgressive Tempest by the Georgia Shakespeare Festival These essays are comprehensive in their consideration of cross gender cast Shakespeare as it evolved over the past century Theoretically informed yet grounded in the particularity of individual performances they forge new connections between performance studies and gender theory and broach issues vital to anyone interested in Shakespeare **BOOK JACKET** The Plays of William Shakespeare William Shakespeare, 1765 Shades of Difference Sujata Iyengar, 2013-04-12 Was there such a thing as a modern notion of race in the English Renaissance and if so was skin color its necessary marker In fact early modern texts described human beings of various national origins including English as turning white brown tawny black green or red for any number of reasons from the effects of the sun's rays or imbalance of the bodily humors to sexual desire or the application of makeup It is in this cultural environment that the seventeenth century London Gazette used the term black to describe both dark skinned African runaways and dark haired Britons such as Scots who are now unquestioningly conceived of as white In *Shades of Difference* Sujata Iyengar explores the

cultural mythologies of skin color in a period during which colonial expansion and the slave trade introduced Britons to more dark skinned persons than at any other time in their history Looking to texts as divergent as sixteenth century Elizabethan erotic verse seventeenth century lyrics and Restoration prose romances Iyengar considers the construction of race during the early modern period without oversimplifying the emergence of race as a color coded classification or a black white opposition Rather race embodiment and skin color are examined in their multiple contexts historical geographical and literary Iyengar engages works that have not previously been incorporated into discussions of the formation of race such as Marlowe's *Hero and Leander* and Shakespeare's *Venus and Adonis* By rethinking the emerging early modern connections between the notions of race skin color and gender *Shades of Difference* furthers an ongoing discussion with originality and impeccable scholarship

Teaching Shakespeare Beyond the Major M. Tyler Sasser, Emma K. Atwood, 2024-02-22 This edited collection considers the task of teaching Shakespeare in general education college courses a task which is often considered obligatory perfunctory and ancillary to a professor's primary goals of research and upper level teaching The contributors apply a variety of pedagogical strategies for teaching general education students who are often freshmen or sophomores non majors and or non traditional students Offering instructors practical classroom approaches to Shakespeare's language performance and critical theory the essays in this collection explicitly address the unique pedagogical situations of today's general education college classroom

Shakespeare and Feminist Theory Marianne Novy, 2017-09-21 Are Shakespeare's plays dramatizations of patriarchy or representations of assertive and eloquent women Or are they sometimes both And is it relevant and if so how that his women were first played by boys This book shows how many kinds of feminist theory help analyze the dynamics of Shakespeare's plays Both feminist theory and the plays deal with issues such as likeness and difference between the sexes the complexity of relationships between women the liberating possibilities of desire what marriage means and how much women can remake it how women can use and expand their culture's ideas of motherhood and of women's work and how women can have power through language This lively exploration of these and related issues is an ideal introduction to the field of feminist readings of Shakespeare
