Non-native Educators in English Language Teaching George Braine, 2013-10-08 The place of native and non native speakers in the role of English teachers has probably been an issue ever since English was taught internationally Although ESL and EFL literature is awash in fact dependent upon the scrutiny of non native learners interest in non native academics and teachers is fairly new Until recently the voices of non native speakers articulating their own concerns have been even rarer This book is a response to this notable vacuum in the ELT literature providing a forum for language educators from diverse geographical origins and language backgrounds In addition to presenting autobiographical narratives these authors argue sociopolitical issues and discuss implications for teacher education all relating to the theme of non native educators in ETL All of the authors are non native speakers of English Some are long established professionals whereas others are more recent initiates to the field All but one received part of the higher education in North America and all except two of the chapters are at least partially contextualized in North America Particularly relevant for non native speakers who aspire to enter the profession graduate students in TESOL programs and teacher educators the unique nature of this book's contributors and its contents will interest researchers and professionals in applied linguistics generally and in ELT and all those who are concerned with the role of non native speakers in English language teaching

This Is Thailand Marek Lenarcik, 2013-07 This is Thailand is the riveting real life account of Marek

Lenarcik's blind leap from the safe comfortable and utterly bullshit corporate world of Dublin to the charming exotic beaches of Thailand With rose tinted glasses firmly in place Marek fully expects to find a land of exotic fruits beautiful women and an easy going tropical lifestyle Which he does At first Traveling from Phuket to Bangkok and throughout Thailand's exotic locales Marek's desire to experience all the forbidden fruits Thailand has to offer leads him to Piam a gorgeous kind independent Thai girl who he is convinced might well be the one But as he immerses himself deeper into this strange country replete with often inexplicable thought patterns worldviews and customs Marek begins to discover a much darker more complex side to the Land of Smiles and its inhabitants Soon Piam begins to reveal her true colours It soon dawns on him that despite his best intentions most of the time he has been ensnared as have many men before him by the dreaded Honey Trap The stormy relationship that ensues provides a fascinating backdrop to the insights into Thailand's unique culture that stem from Marek's efforts to come to terms with the reality of the country and the people who call it home
