VIMALAKIRTI NIRDESA SUTRA - The Teachings of Vimalakirti Jung-Ho Yoon,2024-04-04 The Teaching of Vimalakirti presents in 14 fairly short chapters the core teachings of Mahayana Buddhism 1 Considered the jewel of Mahayana Sutras the teaching is addressed to very advanced arhats and bodhisattvas by Vimalakirti Undefined Reputation a supposedly ill advanced lay bodhisattva Especially influential in East Asian Buddhism the teaching clarifies the meaning of nonduality and stresses the importance of the Bodhisattva ideal of saving all beings as well as many other important themes in Mahayana Buddhism 2 The teaching does this in an insightful and spiritually imaginative if complex manner that includes humor satire extravagant drama magic poetry and lavish description as well as straightforward doctrinal discussion The style of presentation makes The Teaching of Vimalakirti one of the most fascinating inspiring and readable if bizarre Mahayana Sutras in fact a Sutra that is so extraordinary that readers are urged to relax their logical discursive habitual way of thinking in order to fully absorb the teaching Most importantly the Sutra stresses the nondual teaching that all dichotomies like nirvana and samsara sickness and health sacred and secular and men and women are ultimately empty and thus make no sense 3 When this teaching is fully realized one understands completely as Dogen and Susuki Roshi continually point out that everything is already whole so just try your best and show up The Holy Teaching of Vimalakirti ,2002 This multimedia study environment is intended to allow students to not only read the VKN but also to contextualize the ideas of the text the text itself and the ideas and history of Buddhism The Vimalakirti Sutra ,1997 One of the most popular Asian classics for roughly two thousand years the Vimalakirti Sutra stands out among the sacred texts of Mahayana Buddhism for its conciseness its vivid and humorous episodes its dramatic narratives and its eloquent exposition of the key doctrine of emptiness or nondualism Unlike most sutras its central figure is not a Buddha but a wealthy townsman who in his mastery of doctrine and religious practice epitomizes the ideal lay believer For this reason the sutra has held particular significance for men and women of the laity in Buddhist countries of Asia assuring them that they can reach levels of spiritual attainment

fully comparable to those accessible to monks and nuns of the monastic order Esteemed translator Burton Watson has rendered a beautiful English translation from the popular Chinese version produced in 406 C E by the Central Asian scholar monk Kumarajiva which is widely acknowledged to be the most felicitous of the various Chinese translations of the sutra the Sanskrit original of which was lost long ago and is the form in which it has had the greatest influence in China Japan and other countries of East Asia Watson s illuminating introduction discusses the background of the sutra its place in the development of Buddhist thought and the profundities of its principal doctrine emptiness Probing the Sutras Guy Gibbon,2022-02-25 A compact summary like Probing the Sutras has been sorely needed for some time as more and more Westerners have dipped into meditation without any understanding of its predominantly Buddhist scriptural underpinning This concise well informed introduction to the history and contents of eleven seminal Buddhist sutras also provides suggestions for reflection meditation and practical applications related to the key teachings of each scripture Readers of Probing the Sutras will be able to develop a framework for understanding Buddhist doctrines and see the unique pearls of wisdom contained within each sutra **The Illustrated Encyclopedia of Zen Buddhism** Helen J. Baroni, Ph.D.,2002-01-15 Over 1 700 alphabetically arranged entries cover the beliefs practices significant movements organizations and personalities associated with Zen Buddhism *Concentration of Heroic Progress* ,1998 The Suramgamasamadhi Sutra is one of the most important Mahayana Buddhist scriptures probably composed at the beginning of the first millennium CE and accepted as an expression of Mahayana spirituality in India China Japan Mongolia and Tibet **Vimalakīrtinirdeśa** Etienne Lamotte,Sara Boin,1976 *Buddhist Nonduality, Paschal Paradox* Joseph Stephen O'Leary,2018 The Teaching of Vimalakirti treasured in China and Japan and best known in the West in Canon tienne Lamotte s classic translation from the Tibetan and Chinese has now surfaced in its original language Sanskrit after two thousand years Centered on a lay bodhisattva a master of paradox who has no equal in debate except the Buddha and Manjusri the embodiment of wisdom Vimalakirti is the most humorous and engaging of the major Buddhist scriptures comparable to the Book of Job in its dramatic format In the first commentary on the recovered text an Irish theologian reads Vimalakirti and the Gospels in light of each other and finds resonances between the Buddhist wisdom of nonduality and the Christian dynamic of incarnation and paschal transformation *The Bloomsbury Research Handbook of Chinese Philosophy and Gender* Ann A. Pang-White,2016-04-21 Covering the historical social political and cultural contexts The Bloomsbury Research Handbook of Chinese Philosophy and Gender presents a comprehensive overview of the complexity of gender disparity in Chinese thought and culture Divided into four main sections an international group of experts in Chinese Studies write on Confucian Daoist and Buddhist approaches to gender relations Each section includes a general introduction a set of authoritative articles written by leading scholars and comprehensive bibliographies designed to provide the non specialist with a practical and broad overview Beginning with the Ancient and Medieval period before moving on to Modern and Contemporary approaches

pecially commissioned chapters include Pre Qin canonical texts women in early Chinese ethics the yin yang gender dynamic and the Buddhist understanding of the conception of gender Considering why the philosophy of women and gender dynamics in Chinese thought is rarely confronted The Bloomsbury Research Handbook of Chinese Philosophy and Gender is a pioneering cross disciplinary introduction to Chinese philosophy s intersection with gender studies By bridging the fields of Chinese philosophy religion intellectual history feminism and gender studies this cutting edge volume fills a great need in the current literature on Chinese philosophy and provides student and scholars with an invaluable research resource to a growing field
