The Hamlyn Concise Guide To British Aircraft Of World War II

Richard Mead

The Hamlyn Concise Guide To British Aircraft Of World War II:

The Hamlyn Concise Guide to British Aircraft of World War II David Mondey, 1982-01-01 **The Hamlyn Concise Guide to American Aircraft of World War II** David Mondey, 2006 *Concise Guide to British Aircraft of World War II*, 1982 *Concise Guide to British Aircraft of World War II War II* David Mondey, 1983-01-01 **The Concise Guide to American Aircraft of World War II** David Mondey, 1994-08-01 A detailed sourcebook covers 133 different types of American aircraft that were used during the second World War and includes 170 color drawings 177 photographs eighty seven diagrams and thorough descriptions *Ultimate Allied Fighters of the Second World War* Justo Miranda, 2024-01-07 During the five years of the Second World War the power of engines and speed of aircraft increased as much as it did during twenty years of peacetime Conventional aircraft and engines reached the limits marked in the original design and surpassed them very fast The basis for this huge achievement was exotic fuels short lived artificially overpowered engines propellers with four five and even six blades and thinner wings with special sections of laminar flow Then the faster Allied fighters began to be attacked by a demon that lived in the air scientists called it compressibility buffeting and different type of aircraft suffered it at different speeds and manifested itself in different ways The American and British designers never understood the true causes behind the aerodynamic phenomenon They were forced to adopt brute force solutions by increasing engine power on the turbojet powered fighters leaving in the background the research on the last projects of fighters driven by monster piston engines The purpose of this book is to present them to the public for its notable interest

The Concise Guide to American Aircraft of World War II David Mondey, 1996-07-01 Over 130 American warplanes profiled alphabetically illustrated with full specifications and a brief history of each plane **Churchill's Eagles** Richard Mead, 2024-06-30 An in depth overview of the role of the Royal Air Force's leaders during World War II The RAF did not come of age until the Second World War The role of its forerunners in the Great War the Royal Flying Corps and the Royal Naval Air Service although important was peripheral to that of the ground forces The founding father of the RAF Lord Trenchard was determined that it should become a fully fledged third service equal in status to the Royal Navy and British Army and this he succeeded in doing between the wars firstly by setting up the RAF College at Cranwell and Staff College at Andover and secondly by providing a cost effective policeman of the more rebellious parts of the British Empire By 1939 the RAF had grown substantially but of the three best aircraft of the coming War only the Supermarine Spitfire was in service as neither the Avro Lancaster nor the De Havilland Mosquito would be available until early 1942 Aircraft however were not enough It was the leaders of the RAF the subjects of this book who would take the battle to the enemy and who after six long years would prevail *Second World War Lives* James Goulty, 2012-10-24 The Second World War was a momentous event in twentieth century history and it is a fascinating period for family historians to explore Numerous records are available to researchers whose relatives served in the war and James Goulty's book is an accessible guide on how to locate and

understand these sources and get the most out of them Using evidence gleaned from a range of sources archives official records books libraries oral history and the internet he reconstructs the wartime records of a revealing and representative group of ordinary men and women a signaler an infantryman a doctor an artillery officer a woman serving with anti aircraft units a commando a Royal Navy bomb disposal officer RAF fighter and bomber pilots and others He describes their wartime careers and experiences and demonstrates how they fitted into contemporary military organizations and operations He looks at their backgrounds their wartime training and duties their front line service and the conditions they endured In each case he shows how the research was conducted and explains how the lives of such individuals can be explored highlighting methods that can be used and sources that can be consulted James Gaultys informative book will be essential reading and reference for anyone who wants to find out about the Second World War and is keen to understand the part an ancestor played in it

Fighters and Bombers of World War II , **SeaLion Supremacy** Philip Warnes,2017-06-01 SeaLion Supremacy is World War 2 tabletop naval wargaming delivered in a format to use for both experienced wargamers but also those new to the naval wargaming scene Designed by a long term fan and user of other naval wargaming rules to present his own take on the genre Designed to be used with our range of WW2 hex counters and basemaps players don t have to invest in expensive physical miniatures and can use counters see separate products that are cheap to produce The rules can be used with larger hex grids and physical miniatures if users decide to play it that way The rules include fleet ship specs for many popular ships from the following Word War 2 navies British French German Italy Japan United States Also included are specifications for various aircraft that would be involved in these naval battles Designed to be used with d6 dice Our printable product WW2 Naval warship hex counters expansion pack 2 contain the main counters for smokescreens torpedoes and the likes used for these rules This rulebook contains a mini A4 printable hex base for use in gaming if you don t get one of our A3 sea hex map products

Dambuster-in-Chief Richard Mead,2020-12-30 A fascinating biography of one of the most important figures in Bomber Command during the Second World War History of War Ralph Cochrane was born in 1895 into a distinguished naval family After joining the Royal Navy he volunteered in 1915 to serve with the RNAS in airships and was an early winner of the Air Force Cross In 1918 he transferred to the fledgling RAF and learned to fly serving in Iraq as a flight commander under Bomber Harris His inter war career saw him as a squadron commander in Aden before he became the first Chief of Air Staff of the Royal New Zealand Air Force During the Second World War he served mainly in Bomber Command and commanded 5 Group from early 1943 He formed 617 Squadron and was instrumental in planning the legendary Dambuster Raid the most spectacular of the War as well as the sinking of the battleship Tirpitz An inspirational leader he trained 5 Group in low level target marking skills Post war Cochrane held a string of senior appointments commanding Transport Command Flying Training Command and finally as Vice Chief of Air Staff retiring in 1952 He died in 1977 A brilliantly researched biography of a fascinating fighter adds a new name to rank alongside Great Britain s most

heroic warriors Argunners The Dambusters is one of my absolute favourite stories from WWII and this bio of Cochrane tells the story of an extraordinary man Brilliant Books Monthly *International Warbirds* John C. Fredriksen,2001-08-01 In depth descriptions and photographs of the aircraft of 21 nations presented with a unique human dimension that goes behind the machines to the people involved Invaluable for specialists accessible to enthusiasts International Warbirds An Illustrated Guide to World Military Aircraft 1914 2000 puts the most legendary fighter aircraft of the 20th century developed outside the United States on vivid display It offers 336 illustrated biographies of the most significant warplanes used in squadron service from World War I to the Balkan conflict including numerous models from Great Britain France Russia and Japan as well as notable machines from Israel Canada China India Brazil and other nations Entries span the history and scope of military aircraft from bombers and fighters to transports trainers reconnaissance craft sea planes and helicopters with each capsule history combining nuts and bolts technical data with the story of that model s evolution and use Together these portraits offer an exciting well researched tribute to visionary designers and builders as well as courageous pilots and crews across the globe and tell a vivid tale of how air power became such a decisive factor in modern warfare SeaLion Supremacy v1 BETA 2016 Philip Warnes,2022-02-22 This is the 2016 BETA of the version 1 rules manuscript that is a simpler version in some areas than the commercial ruleset It is made available for gamers to review and consider other options for using SLS SeaLion Supremacy is World War 2 tabletop naval wargaming delivered in a format to use for both experienced wargamers but also those new to the naval wargaming scene Designed by a long term fan and user of other naval wargaming rules to present his own take on the genre Designed to be used with our range of WW2 hex counters and basemaps players don t have to invest in expensive physical miniatures and can use counters see seperate products that are cheap to produce the rules can be used with larger hex grids and physical miniatures if users decide to play it that way The rules include fleet ship specs for the following Word War 2 navies British French German Italy Japan United States Also included are specifications for various aircraft that be involved in these naval battles Designed to be used with d6 dice **The Royal Navy in World War II** Derek G. Law,2003 The Royal Navy in World War II is a comprehensive annotated bibliography of all monographs describing the role of British Dominion and minor allied forces in the naval war against the Axis This second edition contains 1 400 more entries than its predecessor and although mainly concerned with the Royal Navy it does offer extensive coverage on the Dominion Navies of Australia Canada India and South Africa as well as the minor allied navies of the occupied European countries Coverage of the US Navy s involvement in the Atlantic and Caribbean Theaters is also included A wonderful reference for historians librarians and navy buffs **The Relentless Offensive** Roy Irons,2009-06-25 During the years before World War II the Royal Air Force created amid the bloodshed of the Great War saw salvation in the doctrine of a relentless offensive by a bomber force which would sail over trenches and then on to the enemy cities and annihilate the ability of the enemy to wage war This book gives a view of how that doctrine driven by courage and coldly sharpened by

scientists brought those visions to reality This is a fresh analysis of Bomber Command its tactics and technology It discusses exactly how well organised Bomber Command was to exploit the rapidly evolving new science and technology of new type of warfare How much did the concept of Allied and German morale influenced the Commands operational plans What was the influence of the Research and Experiments Dept of the Ministry of Home Security and of university scientists such as Tizard and Cherwell This book delves into the research into high explosives and firebombing techniques newly designed bombs and their devastating effect on the enemy Why in the early war days was the RAF bombers armament so ineffective the navigation so imprecise and the bombing accuracy so poor This book also discusses the many varying moral issues that even to this day still rage between those who feel guilt for the destruction of so many German cities and those who see moral justification in the eventual Allied victory

Eyewitness RAF James Goulty,2020-12-14 A detailed realistic picture of what it was like to serve in the Royal Air Force during WWII both on the ground and in the air using firsthand accounts Much has been written about the Royal Air Force during the Second World War memoirs biographies histories of Fighter and Bomber commands technical studies of the aircraft accounts of individual operations and exploits but few books have attempted to take the reader on a journey through basic training and active service as air or ground crew and eventual demobilization at the end of the war That is the aim of James Goulty s *Eyewitness RAF* Using a vivid selection of testimony from men and women he offers a direct insight into every aspect of wartime life in the service Throughout the book the emphasis is on the individual s experience of the RAF the preparations for flying flying itself the daily routines of an air base time on leave and the issues of discipline morale and motivation A particularly graphic section describes in the words of the men themselves what it felt like to go on operations and the impact of casualties airmen who were killed injured or taken prisoner What emerges is a fascinatingly varied inside view of the RAF that is perhaps less heroic and glamorous than the image created by some postwar accounts but gives readers today a much more realistic appreciation of the whole gamut of life in the RAF seventy plus years ago

World War II at Sea Myron J. Smith,1990-02

Enemy at the Gates Justo Miranda,2019-12-08

When the Nazis started to threaten the world with their efficient machine of propaganda the main concern of European governments was the overwhelming reaction of panic that the expected bombing of the Luftwaffe might cause within the civil population During the Munich Agreement in 1938 the democracies were defended by old biplanes and a bunch of modern fighters 50 Hurricanes 20 Morane 405 and 5 Fokker D XXI France and Great Britain took up the production of USA airplanes and cancelled exports to small countries which were forced to design and build their own PANIC FIGHTERS with the intelligence and skill that desperation provides When nothing seemed able to contain the German advance France Great Britain and the USSR developed several programs of emergency fighters as did Australia to face the Japanese expansion At the time the course of events switched it was the Axis powers that had to create their own PANIC FIGHTERS some of them suicidal The present book includes several last resource designs of fighters that are practically unknown and that were

developed in times of tribulation by Australia Belgium Bulgaria Canada Czechoslovakia Denmark Estonia Finland France Germany Great Britain Hungary Japan Yugoslavia Latvia Netherland Poland Romania Sweden and Switzerland *The Western European and Mediterranean Theaters in World War II* Donal Sexton,2011-10-06 The Western European and Mediterranean Theaters in World War II is a concise comprehensive guide for students teachers and history buffs of the Second World War With an emphasis on the American forces in these theaters each entry is accompanied by a brief annotation that will allow researchers to navigate through the vast amount of literature on the campaigns fought in these regions with ease Focusing on all aspects surrounding the U S involvement in the Western European and Mediterranean theaters including politics religion biography strategy intelligence and operations this bibliography will be a welcome addition to the collection of any academic or research library Routledge Research Guides to American Military Studies provide concise annotated bibliographies to the major areas and events in American military history With the inclusion of brief critical annotations after each entry the student and researcher can easily assess the utility of each bibliographic source and evaluate the abundance of resources available with ease and efficiency Comprehensive concise and current Routledge Research Guides to American Military Studies are an essential research tool for any historian
