Cases and Materials [on] Mass Media Law Marc A. Franklin, David A. Anderson, Fred H. Cate, 2000 This is a book about media law, not a book about the First Amendment. Media law has many sources other than the First Amendment. The law of defamation, invasion of privacy, is largely state common law. A reporter's privilege to refuse to disclose confidences is controlled in many states by statutes. Open meetings, open records statutes determine the outcome of most controversies over press access to government information. Broadcast regulation is largely accomplished by federal statutes. Federal Communications Commission regulations. Mass Media Law, Sixth Edition explores these sources in a thought provoking manner that will add to class discussion.

Homegrown Jeffrey Toobin, 2024-04-09 The definitive account of the 1995 Oklahoma City bombing and the enduring legacy of Timothy McVeigh leading to the January 6 insurrection from acclaimed journalist Jeffrey Toobin. Timothy McVeigh wanted to start a movement. Speaking to his lawyers days after the Oklahoma City bombing, the Gulf War veteran expressed no regrets: killing 168 people was his patriotic duty. He cited the Declaration of Independence from memory: Whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it. He had obsessively followed the siege of Waco and seethed at the imposition of President Bill Clinton's assault weapons ban. A self-proclaimed white separatist, he abhorred immigration and wanted women to return to traditional roles. As he watched the industrial decline of his native Buffalo, McVeigh longed for when America was great. New York Times bestselling author Jeffrey Toobin traces the dramatic history and profound legacy of Timothy McVeigh, who once declared, "I believe there is an army out there ready to rise up, even though I never found it. But that doesn't mean his army."
