The Last Decade of the Cold War Olav Njølstad, 2004 The last decade of the Cold War

witnessed the transformation of world politics with the collapse of one party Communist rule in Eastern Europe and the Soviet Union This book explains how it happened and why **US Covert Operations and Cold War Strategy** Sarah-Jane Corke,2007-09-12 Based on recently declassified documents this book provides the first examination of the Truman Administration's decision to employ covert operations in the Cold War Although covert operations were an integral part of America's arsenal during the late 1940s and early 1950s the majority of these operations were ill conceived unrealistic and ultimately doomed to failure In this volume the author looks at three central questions Why were these types of operations adopted Why were they conducted in such a haphazard manner And why once it became clear that they were not working did the administration fail to abandon them The book argues that the Truman Administration was unable to reconcile policy strategy and operations successfully and to agree on a consistent course of action for waging the Cold War This ensured that they wasted time and effort money and manpower on covert operations designed to challenge Soviet hegemony which had little or no real chance of success US Covert Operations and Cold War Strategy will be of great interest to students of US foreign policy Cold War history intelligence and international history in general **The Cold War** Priscilla Roberts,2018-12-07 This detailed two volume set tells the story of the Cold War the dominant international event of the second half of the 20th century through a diverse selection of primary source documents One of the most extensive to date this set of primary source documents studies the Cold War comprehensively from its beginning with the emergence of the world's first communist government in Russia in late 1917 to its end in 1991 All of the key events including the Berlin Blockade the Korean War the Cuban Missile Crisis the Vietnam War and the nuclear arms race are discussed in detail The primary sources provide insight into the thinking of all participants drawing on Western Soviet Asian and Latin American perspectives In *The Cold War Interpreting Conflict through Primary Documents* primary documents are organized chronologically allowing readers to appreciate the ramifications of the Cold War within a clear time frame Extensive interpretive commentary provides in depth background and context for each document This work is an indispensable reference for all readers seeking to become deeply knowledgeable about the Cold War **Deconstructing and Reconstructing the Cold War** Shahin P. Malik,2018-12-17 Published in 1999 These essays are not deconstructive in the postmodern sense None of the authors have that depth of scepticism about knowledge claims but they are all concerned that the terms of reference of Cold War enquiry have been inappropriately bounded The chapters by Murray and Reynolds specifically address the broad theoretical issues involved with paradigms and explanation The chapters by Dobson Marsh Malik Evans and Dix stretch out Cold War paradigms with successive case studies of Anglo American relations the USA Britain Iran and the oil majors the Gulf States and the Cold War South Africa and the Cold War and Indian neutralism All five authors challenge the efficacy of neo realist analysis and explanation and critique the way that assumptions derived from that position have been used in historical explanation The chapters by Ryall Rogers and Bideleux deal with Roman Catholicism in

East Central Europe with nuclear matters and with the Soviet perspective Each work goes beyond the limits of Cold War paradigms Finally Ponting places the Cold War in the broad context of world history These essays provide thought provoking scholarship which helps us both to nuance our understanding of the Cold War and to realise that it should not be taken as an all embracing paradigm for the explanation of postwar international relations Reader's Guide to American History Peter J.
