The Older Hardy. (Rev. Ed.). ,1980      The Older Hardy Robert Gittings,1980-01      The Older Americans Act and the Fiscal Year 1984 Budget United States. Congress. House. Select Committee on Aging. Subcommittee on Human Services,1983      Hardy's Poetry, 1860-1928 D. Taylor,1989-10-06 Hardy insisted that his poetry steadily grew in skill and maturity Hardy s Poetry 1860 1928 traces this development Gradually Hardy makes his lyric poem the model of a man s life the way the lyric speaker forms his thoughts within the few moments of a reverie recapitulates the way a man has thought over a lifetime the smaller interruption of the reverie portends the larger interruptions of life This lyric model is supported by a distinctive imagery of visual patterns whose implications Hardy explores These patterns come to symbolise the patterns of life and mind which crystallise over a lifetime and are belatedly revealed      Targeting Scarce Resources Under the Older Americans Act United States. **Victorians and Their Animals** Brenda Ayres, 2018-12-07 This book *Victorians and Their Animals* *Beast on a Leash* investigates the notion that British Victorians did see themselves as naturally dominant species over other humans and over animals They conscientiously hegemonically were determined to rule those beneath them and the animal within themselves albeit with varying degrees of success and failure The articles in this collection apply posthuman and other theories including queer postcolonialism deconstruction and Marxism in their exploration of Victorian attitudes toward animals They study the biopolitical relationships between human and nonhuman animals in several key Victorian literary works Some of this book's chapters deal with animal ethics and moral aesthetics Also being studied is the representation of animals in several Victorian novels as narrative devices to signify class status and gender dynamics either to iterate socially acceptable mores or to satirize hypocrisy or breach of behavior or to voice social protest All of the chapters analyse the interdependence of people and animals during the nineteenth century
