The Orphan Stone The Minnesinger Dream Of Reich

Robert M. Citino

The Orphan Stone The Minnesinger Dream Of Reich:

The Orphan Stone Richard J. Berleth, 1990-04-20 Americans have long viewed the Middle Ages with an emphasis on Chaucer and the French and Latin traditions As a result the later developments of European literature and history often take us by surprise From our perspective the Reformation the birth of capitalism and the new humanism appear as if from nowhere The part missing is the history and literature of the German Middle Ages While German and French publications in this field are common the world of the German Middle Ages has not been addressed in English for many years Filling the gap for non German speakers The Orphan Stone blends history and literature in a strong narrative line to portray the critical years of the medieval Reich through the eyes of the poets of the holy Roman Empire the Minnesinger Modelled after the French Troubadours the Minnesinger created brilliant lyrics and narratives that are the foundation of much of German literature and thought Familiarity with their work and the historical context in which they operated is essential to fully understanding the culture of Freud Wagner Mann Rilke and writers as diverse as Musil and Kundera Even the Nazis borrowed symbolism and pageantry from the Minnesinger in their distortions of history In The Orphan Stone the Minnesinger come alive as individuals and shake us with their sophistication about men and women in love and with their ethical sense and human understanding Two in particular Walther von der Vogelweide and Gottfried von Strassburg are acknowledged along with Goethe as the finest poetic talents in the German language The Minnesinger created Tristan Parzival the Nibelungs Kriemhild and Poor Henry They also endowed a jewel in the imperial crown the Orphan Stone of history with symbolic powers to elevate and ennoble all people on whom it shined Along with this fable The Orphan Stone contains many of our most cherished stories and universal myths which were dreamed by the Minnesinger of the medieval Reich

The Orphan Stone Richard J. Berleth, 1990-04-20 Americans have long viewed the Middle Ages with an emphasis on Chaucer and the French and Latin traditions As a result the later developments of European literature and history often take us by surprise From our perspective the Reformation the birth of capitalism and the new humanism appear as if from nowhere The part missing is the history and literature of the German Middle Ages While German and French publications in this field are common the world of the German Middle Ages has not been addressed in English for many years Filling the gap for non German speakers The Orphan Stone blends history and literature in a strong narrative line to portray the critical years of the medieval Reich through the eyes of the poets of the holy Roman Empire the Minnesinger Modelled after the French Troubadours the Minnesinger created brilliant lyrics and narratives that are the foundation of much of German literature and thought Familiarity with their work and the historical context in which they operated is essential to fully understanding the culture of Freud Wagner Mann Rilke and writers as diverse as Musil and Kundera Even the Nazis borrowed symbolism and pageantry from the Minnesinger in their distortions of history In The Orphan Stone the Minnesinger come alive as individuals and shake us with their sophistication about men and women in love and with their

ethical sense and human understanding Two in particular Walther von der Vogelweide and Gottfried von Strassburg are acknowledged along with Goethe as the finest poetic talents in the German language The Minnesinger created Tristan Parzival the Nibelungs Kriemhild and Poor Henry They also endowed a jewel in the imperial crown the Orphan Stone of history with symbolic powers to elevate and ennoble all people on whom it shined Along with this fable The Orphan Stone contains many of our most cherished stories and universal myths which were dreamed by the Minnesinger of the medieval Reich

Medieval Arthurian Literature Norris J. Lacy, 2014-10-17 The focus of this book is medieval vernacular literature in Western Europe Chapters are written by experts in the area and present the current scholarship at the time this book was originally published in 1996 Each chapter has a bibliography of important works in that area as well This is a thorough and reliable guide to trends in research on medieval Arthuriana

Foreign encounters Mara R. Wade, 2005

Historical Dictionary of German Literature to 1945 William Grange, 2010-12-18 Historical Dictionary of German Literature to 1945 covers a wide swath of literary analysis and achievement from Old High German lays and ecclesiastical encomia to Middle High German epics sagas and love lyrics While extensive in its chronological dimension the Historical Dictionary of German Literature to 1945 is equally comprehensive in the geographical and genre areas it covers The history of this period in German literature is told through a detailed chronology an introductory essay a comprehensive bibliography and over 200 cross referenced dictionary entries on poetry novels historical narrative philosophical musings and drama The exceptional writers who emerged and shaped German literature over the centuries including Walther von der Vogelweide Johann Jakob Christoffel von Grimmelshausen Gotthold Ephraim Lessing Johann Wolfgang Goethe Friedrich Schiller Heinrich Heine Friedrich Nietzsche Thomas Mann and many others who are well known and admired worldwide are also covered

King Arthur Edward Donald Kennedy, 2013-10-18 Examining the origins of the Arthurian legend and major trends in the portrayal of Arthur from the Middle Ages to the present this collection focuses on discussion of literature written in English French Latin and German Its 16 essays four published here for the first time deal with such matters as the search for the historical Arthur the depiction of Arthur in the romances Erec and Iwein of Hartmann von Aue the way Arthur is depicted in 19th century art and the Victorian view of manhood and conceptions of King Arthur in 20th century literature Six of the essays originally published in French and German are translated into English especially for this book Two essays have been substantially revised An introduction offers a general discussion of the development of the legends in the countries of Europe Works discussed include medieval and Renaissance chronicles Geoffrey of Monmouth's *Historia Regum Britanniae* Wace's *Roman de Brut* Polydore Vergil's *Anglica Historia* Scottish vernacular and Latin chronicles medieval romances the Lancelot en prose the *Mort Artu* the Post Vulgate *Roman du Graal* and works of Chr tien de Troyes Hartmann von Aue and Sir Thomas Malory Spenser's *Faerie Queene* Tennyson's *Idylls of the King* and T H White's *Once and Future King* A bibliography lists selected major secondary studies of King Arthur as well as major reference works

The Chinese Revolution in Historical

Perspective John E. Schrecker, 1991-01-17 This introduction to the social political and intellectual history of China offers new perspectives as it analyzes two crucial and interrelated questions Schrecker proposes new approaches for conceptualizing and evaluating China's modern revolution and the long and often misunderstood Chinese past clarifying a topic made more complex because the West and Western ideas have played crucial roles in the revolutionary process The volume presents a concise history of China reinterprets the revolution and its relationship to the past and provides valuable insights into the problems of contemporary China It is of importance for the general reader and should be useful as a text in courses in Chinese comparative and world history *Germany and the Union of South Africa in the Nazi Period* Robert M.

Citino, 1991-04-30 This is the first study to examine Nazi German foreign policy towards the Union of South Africa from 1933-1939 Making extensive use of unpublished primary source German documents Robert Citino focuses on the activities of the German embassy and consulates within South Africa in order to answer four basic questions What role did race and racial theory play in German foreign policy towards South Africa Did Germany attempt to exploit South African yearnings for international respect and if so how Did the Germans seek to take advantage of deep divisions within South African society between British and Afrikaners Finally to what extent was the German Foreign Office Nazified in the 1930s By concentrating on the policies and views of German diplomatic personnel within a single country rather than on Hitler's grandiose proclamations and speeches on world affairs Citino offers a closer look at Nazi German foreign policy operations than is usually available The study is organized chronologically and begins with an overview of German South African relations before 1933 Subsequent chapters address early tensions and South African domestic developments in the years leading up to the outbreak of war Specific topics covered include the role played by the former German colony of Southwest Africa in relations between the two states the hostile attitude of much of the South African press towards Nazi Germany the boycott of German firms by the South African Jewish community the Smuts Hertzog fusion the rise of Malan and his Purified nationalist party the growth of anti-Semitism in South Africa and the concurrent growth in Afrikaner national consciousness and South African attitudes towards the major European crises of the 1930s Citino concludes by analyzing Germany's inability to keep South Africa neutral in 1939 and the entry of the Union into the war at England's side Students of modern German South African and twentieth century diplomatic history will find Citino's work an enlightening contribution to the literature of Nazi Germany's foreign relations **The French Revolution in Culture and Society** David G. Troyansky, Alfred

Cismaru, Norwood Andrews, 1991-05-30 This volume examines the issue of the timing of cultural change problems of Revolutionary anticipations and reverberations and the relationship between culture politics and society Individual essays combine both old and new approaches ranging from textual analysis to the study of local judicial records from the psychohistorical to the demographic But they all demonstrate the usefulness of linking social and cultural history broadly conceived and of interdisciplinary approaches to the study of events Part One addresses directly the creation of French

Revolutionary culture The contributors describe the physical act of dismantling and redefining the culture of the Ancien Regime for revolutionary purposes new conceptions of time and generation relations in Revolutionary rhetoric and law The second part identifies key cultural ingredients from the distant past It reminds us of the extent to which the Revolution employed the huge storehouse of Western culture to create something original Because the creation of a democratic culture implies a crisis of consciousness Part Three brings together a range of investigations into the question of cultural crisis Three essays see the Revolutionary era as engendering psychological dislocation In Part Four social historians reveal the variety of approaches they have taken in trying to understand eighteenth century France The varied contributions exploit the sources that have become the stock in trade of modern social history Poverty crime and population are among the leading topics in current historiography but military and political institutions are also examined in new ways This edited collection provides new insights into a critical period of world history and will be welcomed by all scholars of the French Revolution and its aftermath

Toward an Entangling Alliance Ronald Powaski, 1991-03-30 Conceived with a dedication to manifest destiny individual freedom and opportunity the United States from its inception made an effort to avoid political or military involvement in Europe which could conflict with its pursuit of those goals Ronald E Powaski's study analyzes why the United States pursued this isolationist policy and the factors events and personalities which challenged it and finally necessitated its abandonment Powaski's chronological approach to the topic begins with historical background material which identifies the origins of isolationism as a natural outgrowth of colonial ideals The major portion of the text is devoted to how the political military and economic upheavals of the twentieth century gradually forced the United States to reevaluate its isolationist policy ultimately reaffirming its original ideals through continuing involvement in world peace organizations A list of suggested reading and a full index complete this work

The Politics of Anti-Japanese Sentiment in Korea Sung-Hwa Cheong, Sŏng-hwa Chŏng, 1991-11-22 Unlike other Asian countries liberated from Japanese rule by the United States postwar South Korea was occupied by American military forces until 1948 As a result its postwar history was profoundly influenced by the Cold War It is often believed that the United States encouraged but failed to bring about the normalization of relations between Japan and the Republic of Korea ROK How actively did the United States work to resolve outstanding issues between the two countries How much importance did it attach to the normalization of relations particularly in the context of the escalation of the Korean war These and many other important questions are addressed in Sung hwa Cheong's important new work Cheong examines the principal disputes between Japan and South Korea from 1945 to 1952 He argues that as an autonomous force popular anti Japanese sentiment in Korea did not play a major role in preventing normalization of relations between the two nations Rather the diplomatic deadlock was caused by the political posturing of President Syngman Rhee who manipulated popular anti Japanese feelings in order to stabilize his regime The book also addresses how such diplomatic issues as the fishery dispute financial claims the territorial dispute and the legal status of Korean residents in Japan emerged

as political weapons in Korea to be manipulated by various political groups to their own advantage Cheong also evaluates the extent to which the United States tried to assist the normalization of relations between Japan and the ROK as part of its own Cold War strategy in the Far East He examines the American Japanese and Korean views toward the San Francisco Peace Treaty and the first conference on normalization He argues that at this juncture the Americans were interested in disengagement from Korea rather than in actively forging an anti Communist alliance between Japan and the ROK The author concludes that public antagonism toward Japan only became an obstacle to the normalization of diplomatic relations after Rhee deliberately stimulated anti Japanese sentiment as part of a calculated policy that originated in his own political insecurity This analysis sheds considerable new light on a shadowy aspect of the history of the Cold War in Asia and is recommended reading for all scholars and students of the postwar Far East **Tristania** ,1993 **Choice** ,1990 **Ritual and Record** John M. Carter,Arnd Kruger,1990-09-25 This volume expands the debate over the origins and purposes of sports records Developing the thesis of Allen Guttmann Carter and Kruger explore the history and meaning of quantitative sports records in several pre modern societies The book is a chronological study of evidence of sports records in ancient Egypt Greece and Rome medieval England the Renaissance Tudor and Elizabethan England pre modern Hawaii and pre modern Japan Thematic essays on various aspects of sports records are also included The book concludes with Guttmann s response to the preceding chapters Useful reference notes are provided within each chapter as well as in the bibliography This book is essential reading for students of anthropology and the history of sports **American Constitutionalism Abroad** George Athan Billias,1990-05-08 This is a compilation of articles by historians international law experts and political scientists on the influence of American constitutionalism in various regions of the world at different times and within different contexts The ideals and ideas expressed in the U S Constitution have dramatically influenced different peoples and different lands over the past 200 years The authors analyze how the documents procedures and institutions that came into being between 1776 and 1791 were received and perceived by constitution makers in other countries and show how American constitutionalism spread throughout the world over time ISBN 0 313 26757 X 39 95 **Whitaker's Book List** ,1991 **Disputed Pleasures** Thomas S. Henricks,1991-07-17 This work explores the development of English sport during the eight centuries preceding the industrial era Focusing on outdoor activities that involved intergroup competition among adults Thomas Henricks demonstrates that sport was a sophisticated and rational experience connected to society in many subtle yet important ways Accessible to readers in many disciplines and on many levels the book charts the changes in sport preceding the modern era serves as an introduction to the historical literature on English sport traces the relationship between sport and shifting social patterns and develops an original thesis of sport as an identity ceremony for its participants The work begins with a detailed introduction to English sport and the historians and continues with Henrick s thesis of sporting events as identity ceremonies The next of five chapters trace the development of sport and society through five periods of English history the feudal society

of the early Middle Ages the decay of feudalism and the later Middle Ages the centralized administration and middle class appeal of the Tudor era the elitist nostalgia and French influence of the Stuart era followed by the Puritan Revolution and the celebration of private property and mixture of snobbery and social mingling of Georgian England Each chapter is organized in a similar manner beginning with a brief introduction to the social life of the times followed by presentations of patterns within individual sports and a summary of dominant themes in sport during that era A concluding chapter considers some sociological aspects of sport and society Disputed Pleasures will be an important resource for courses in English social history sociology and the history of sport as well as a significant addition to public and academic libraries

Russia and Italy Against Hitler J. Calvit Clarke, 1991-02-28 Clarke tackles an untouched part of pre World War II historiography the complex web of ideology economics military cooperation and diplomacy binding Italy and the USSR prior to 1935 While explaining the contradictory cooperation of these two ideologies Clarke s study takes on greater significance against the larger world canvas It becomes a valuable avenue to understanding interwar diplomacy and the Soviet Union Clarke s research comes from the Italian Foreign Ministry Archives 1924 1941 This unique Italian perspective sheds new light on Stalin s Russia and Mussolini s Italy

The Orphan Stone The Minnesinger Dream Of Reich Introduction

In the digital age, access to information has become easier than ever before. The ability to download The Orphan Stone The Minnesinger Dream Of Reich has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Orphan Stone The Minnesinger Dream Of Reich has opened up a world of possibilities. Downloading The Orphan Stone The Minnesinger Dream Of Reich provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Orphan Stone The Minnesinger Dream Of Reich has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Orphan Stone The Minnesinger Dream Of Reich. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Orphan Stone The Minnesinger Dream Of Reich. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Orphan Stone The Minnesinger Dream Of Reich, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Orphan Stone The Minnesinger Dream Of Reich has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About The Orphan Stone The Minnesinger Dream Of Reich Books

1. Where can I buy The Orphan Stone The Minnesinger Dream Of Reich books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
