*Stuntwomen* Mollie Gregory, 2015-11-19 They've traded punches in knockdown brawls, crashed biplanes through barns and raced to the rescue in fast cars. They add suspense and drama to the story portraying the swimmer stalked by the menacing shark, the heroine dangling twenty feet below a soaring hot air balloon or the woman leaping nine feet over a wall to escape a dog attack. Only an expert can make such feats of daring look easy and stuntwomen with the skills to perform and survive great moments of action in movies have been hitting their mark in Hollywood since the beginning of film. Here Mollie Gregory presents the first history of stuntwomen in the film industry from the silent era to the twenty-first century. In the early years of motion pictures, women were highly involved in all aspects of film production but they were marginalized as movies became popular and more important. Profitable Capable stuntwomen were replaced by men in wigs and very few worked between the 1930s and 1960s. As late as the 1990s, men wore wigs and women's clothes to double as actresses and were even painted down for some performances while men and women of color were regularly denied stunt work. For decades, stuntwomen have faced institutional discrimination, unequal pay and sexual harassment even as they jumped from speeding trains and raced horse-drawn carriages away from burning buildings. Featuring sixty-five interviews, *Stuntwomen* showcases the absorbing stories and uncommon courage of women who make their living planning and performing action-packed sequences that keep viewers' hearts racing.

**Stunts of Late Nineteenth-Century New York** Kirstin Smith, 2019-08-19 *Stunts of Late Nineteenth-Century New York* Aestheticised Precarity Endangered Liveness examines the emergence of stunts in the media, politics, sport and art of New York at the turn of the twentieth century. This book investigates stunts in sport, media and politics, demonstrating how these risky performances tapped into anxieties and fantasies concerning work, freedom, gendered, raced, classed bodies and the commodification of human life. Its case studies examine bridge jumping, extreme walking contests, stunt journalists such as Nellie Bly and cycling feats including Annie Londonderry's round the world venture. Supported by extensive archival research and Performance Studies theorisations of precarity, liveness and surrogation, Smith theorises an under-examined form which is still prevalent in art, politics and commerce to show what stunts reveal about value, risk and human life. Suitable for scholars and practitioners across a range of subjects from Performance Studies to gender studies to media studies, *Stunts of Late Nineteenth-Century New York* explores how stunts turned everyday precarity into a spectacle.
