Submarines Of World War Two:

Submarines of World War II John Ward, 2001 Submarine Commander Paul R. Schratz, 2013-07-24 A fascinating personal memoir of underwater combat in World War II told by a man who played a major role in those dangerous operations Frank and beautifully written Submarine Commander s breezy style and irrepressible humor place it in a class by itself This book will be of lasting value as a submarine history by an expert and as an enduring military and political analysis In early 1943 the submarine USS Scorpion with Paul R Schratz as torpedo officer slipped into the shallow waters east of Tokyo laid a minefield and made successful torpedo attacks on merchant shipping Schratz participated in many more patrols in heavily mined Japanese waters as executive officer of the Sterlet and the Atule At war s end he participated in the Japanese surrender aided the release of American POWs and had a key role in the disarming of enemy suicide submarines He then took command of the revolutionary new Japanese submarine I 203 and returned it to Pearl Harbor But this was far from the end of Schratz s submarine career In 1949 he commissioned the ultramodern USS Pickerel the most deadly submarine then afloat and set a world s record in a 21 day 5 200 mile submerged passage from Hong Kong to Honolulu With the outbreak of the Korean War the Pickerel was immediately sent to Korea to participate in secret intelligence operations only recently declassified and never before revealed in print Schratz s broad military experience makes this a far from ordinary memoir

The Silent Service in World War II Edward Monroe-Jones,Michael Green,2012-12-07 From the naval battle of Guadalcanal to rescuing George Bush Sr in the Pacific here are the stories of US submariners in WWII The Silent Service in World War II tells the story of America s intrepid submarine warriors in the words of the men who served and fought in the Pacific against Japan When Pearl Harbor was attacked in 1941 the enemy had already deployed naval forces but the United States was soon able to match them By 1943 new Gato class submarines were making a difference carrying the war not just to the Japanese Imperial Navy but to the vital merchant fleet that transported essential resources to the island country Starting with the American victory at Guadalcanal US submarine forces began to constrict the Japanese sea lanes Operating independently and in wolfpacks they attacked convoys operating beyond the range of American airpower making daring forays even into Japanese home waters Taking on Japanese warships as well as rescuing downed airmen including the grateful first President Bush US submarines made an enormous contribution to our war against Japan Aside from enemy action the sea itself could be an extremely hostile environment as many of these stories attest From early war patrols in obsolescent unreliable S boats to modern fleet submarines roving the Pacific the forty six stories in this anthology offer a full understanding of life as a US Navy submariner in combat United States Submarine Operations in World War II Theodore Roscoe,1949 **Final Patrol** Don Keith,2006-10-03 During World War II the U S Navy s submarine service suffered the highest casualty percentage of all the American armed forces losing one in five submariners But despite the odds these underwater warriors accounted for almost 60 percent of Japanese shipping losses and were a major factor in winning the war 16 U S submarines and one German U Boat that saw action during WWII are now open to the public Most have been restored and authentically equipped Final Patrol takes a fascinating look at these subs and the personal stories of the brave sailors who lived fought and often died in them Now visitors can climb into these cramped steel cylinders peer through their torpedo tubes and imagine diving under the sea perhaps for the last time to stalk a fanatical enemy who threatened our nation s freedom **US Submarine Crewman 1941-45** Robert Hargis,2012-07-20 This book takes a close look at the Dolphins of the US Navy submarine force it covers recruitment training service conditions and combat experiences and discusses the
