Substance Its Nature And Existence:

Substance Joshua Hoffman, Gary S. Rosenkrantz, 1997 Substance Its Nature and Existence is one of the first accessible introductions to the history and contemporary debates surrounding the idea of substance An important and often complex issue substance is at the heart of Western philosophy Substances are distinguished from other kinds of entities such as properties events times and places This book investigates the very nature and existence of individual substances including both living things and inanimate objects

Substance Joshua Hoffman, Gary Rosenkrantz, 2002-02-07 Substance has been a leading idea in the history of Western philosophy Joshua Hoffman and Gary S Rosenkrantz explain the nature and existence of individual substances including both living things and inanimate objects Specifically written for students new to this important and often complex subject Substance provides both the historical and contemporary overview of the debate Great Philosophers of the past such as Aristotle Descartes Spinoza Leibnitz Locke and Berkeley were profoundly interested in the concept of substance And the authors argue a belief in the existence of substances is an integral part of our everyday world view But what constitutes substance Was Aristotle right to suggest that artefacts like tables and ships don t really exist Substance Its Nature and Existence is one of the first non technical accessible guides to this central problem and will be of great use to students of metaphysics and philosophy

The Collected Works of Spinoza, Volume 1 Benedictus de Spinoza, 1985-09-21 The Collected Works of Spinoza provides for the first time in English a truly satisfactory edition of all of Spinoza s writings with accurate and readable translations based on the best critical editions of the original language texts done by a scholar who has published extensively on the philosopher s work The elaborate editorial apparatus including prefaces notes glossary and indexes assists the reader in understanding one of the world s most fascinating but also most difficult philosophers Of particular interest is the glossary index which provides extensive commentary on Spinoza s technical vocabulary A milestone of scholarship more than forty five years in the making The Collected Works of Spinoza is an essential edition for anyone with a serious interest in Spinoza or the history of philosophy Inside jacket flap

Spinoza, 2016-06-13 The Collected Works of Spinoza Complete Digital Edition combining volumes I and II provides for the first time in English a truly satisfactory edition of all of Spinoza's writings with accurate and readable translations based on the best critical editions of the original language texts done by a scholar who has published extensively on the philosopher's work The first volume contains Spinoza's single most important work the Ethics and four earlier works the Treatise on the Emendation of the Intellect the Short Treatise on God Man and His Well Being Descartes Principles of Philosophy and Metaphysical Thoughts Also included are Spinoza's letters from the periods when these works were being written The centerpiece of the second volume is Spinoza's Theological Political Treatise a landmark work in the history of biblical scholarship the first argument for democracy by a major philosopher and a forceful defense of freedom of thought and expression This work is accompanied by Spinoza's later correspondence much of which responds to criticism of the Theological Political Treatise The volume also includes his last work the unfinished Political Treatise which builds on the foundations of the Theological Political Treatise to offer plans for the organization of nontyrannical monarchies and aristocracies The elaborate editorial apparatus including prefaces notes glossary and indexes assists the reader in understanding one of the world's most fascinating but also most difficult philosophers Of particular interest is the glossary index which provides extensive commentary on Spinoza's technical vocabulary A milestone of scholarship more than forty five years in the making The Collected Works of Spinoza is an essential edition for anyone with a serious interest in Spinoza or the history of philosophy An Introduction to the Philosophy of Spinoza Henry E. Allison, 2022-03-03 Aimed at those new to studying Spinoza this book provides a comprehensive introduction to his thought placing it in its historical and philosophical contexts and assessing its critical reception In addition to providing an analysis of Spinoza's metaphysical epistemological psychological and ethical views in the Ethics Henry Allison also explores his political theory and revolutionary views on the Bible as well as his account of Judaism which led to the excommunication of the young Spinoza from the Jewish community in Amsterdam Although the book's main focus is on the analysis of Spinoza's views including a close reading of the central arguments of the Ethics it also considers many of the standard objections to these arguments as well as possible responses to them This completely revised and updated new edition of Allison's classic book with two new chapters will help a new generation of students to understand and value Spinoza's work **Schopenhauer: On the Fourfold Root of the Principle of Sufficient Reason and Other Writings** Arthur Schopenhauer, 2012-09-20 This volume of translations unites three shorter works by Arthur Schopenhauer that expand on themes from his book The World as Will

and Representation In On the Fourfold Root he takes the principle of sufficient reason which states that nothing is without a reason why it is and shows how it covers different forms of explanation or ground that previous philosophers have tended to confuse Schopenhauer regarded this study which he first wrote as his doctoral dissertation as an essential preliminary to The World as Will On Will in Nature examines contemporary scientific findings in search of corroboration of his thesis that processes in nature are all a species of striving towards ends and On Vision and Colours defends an anti Newtonian account of colour perception influenced by Goethe s famous colour theory This is the first English edition to provide extensive editorial notes on the different published versions of these works *Nature and Necessity in Spinoza's Philosophy* Don Garrett,2018-08-02 Spinoza s guiding commitment to the thesis that nothing exists or occurs outside of the scope of nature and its necessary laws makes him one of the great seventeenth century exemplars of both philosophical naturalism and explanatory rationalism Nature and Necessity in Spinoza s Philosophy brings together for the first time eighteen of Don Garrett s articles on Spinoza s philosophy ranging over the fields of metaphysics epistemology philosophy of mind ethics and political philosophy **The Divine Humanity, Its Origin, Nature, and Glorification.
