describes her teaching Section Two Heartsongs The Struggles and Triumphs of Creatively Gifted Learners includes the stories of twelve individuals who share reflections on their schooling and the fruition of their creative empowerment Section Three Implications of Education for Creatively Gifted Learners Awakening Passion and Authenticity in All Learners further explores the conditions which foster learning empowerment through the reflections of nine innovative classroom teachers These teachers reveal that the passion and creative expression so evident in highly creative learners are seeded within all learners and can be awakened by teaching which honors the uniqueness of each individual Sue s hope is that Creative Mavericks may inspire an exploration of teaching and learning that moves beyond the confines of standardized education and empowers our true potential
