## **Successful African American Men From Childhood To Adulthood Hardcover:**

**Successful African-American Men** Sandra Taylor Griffin, 2013-03-24 Statistics emphasize that one out of every five men is incarcerated. The background experiences of dysfunctional black men are often explored while few studies focus on the motivating triggers for high achieving black men. *Successful African American Men From Childhood to Adulthood* is a unique study of the nurturing behavioral settings that high achieving black men used as adolescents and examines whether social capital played a role in helping them negotiate their way out of disadvantage. Equally important is how these settings accommodated the men's diversity, complexity, and the influence of black culture and reconciled it to their ability to respond and cope with mainstream America. This volume will be of interest to psychologists, sociologists, anthropologists, and others interested in the rich diversity of experience found within communities of color.

**Successful African American Men** Sandra Taylor Griffin, 2014-01-15 *The African-American Male* Jacob U. Gordon, 1999-07-30 The plight of the Black male in American society has been well documented by scholars and practitioners. Although Black males represent only 6 percent of the American population, they represent about 40 percent of the prison population; the number of Black males in prison and jail exceeds the number of Black males in higher education. The homicide rates for Black males were 72.5 percent per 100,000, nearly eight times higher than for White males. This bibliographic volume explores the extent to which American academia has addressed these problems. It will be an invaluable resource for researchers as well as practitioners in social service programs. In addition to more than 400 annotated publications, the book includes a selected list of works on the African American male and a compilation of doctoral dissertations. This publication will serve as a reference in public as well as academic libraries, human service agencies, government policymaking agencies, and in academic courses in gender and ethnic studies, criminal justice, and social psychology.

**A Father's Triumphant Story** Demarre McGill, 2014-01-11 Raising their children into mature, successful, well-adjusted adults is the goal of all good parents. We don't all succeed. Stacked against us are low societal expectations, destructive peer pressure, financial constraints, and yes, the childrearing foibles we inherit from our own parents. Demarre McGill and his wife overcame all these obstacles. Sons Demarre and Anthony grew into responsible and successful young men, two of the few African Americans to forge world-class careers in classical music. Demarre is the Principal Flutist of the Dallas Symphony Orchestra; Anthony is the Principal Clarinetist with the Metropolitan Opera Orchestra. Raising African American sons on the South Side of Chicago isn't easy, but McGill's set of parenting rules served the family well. The McGills based their parenting decisions on a set of rules and guidelines they refer to as McGill's twenty-five principles. These principles, applied consistently from birth, provide a stable nurturing environment where children can develop and explore their world. Applied from a child's first breath, McGill's twenty-five principles have only one goal: to carefully guide children on

their journey to adulthood The McGill system sets clear boundaries for children with high expectations while simultaneously demanding parents make the commitment to help children achieve academic and personal goals A Father's Triumphant Story lays out these principles drawing real life examples from McGill's own parenting experience In a subject area dominated by female authors McGill brings a male perspective to the subject of childrearing other fathers will appreciate His thoughtful analysis of parenting should be required reading for anyone considering starting a family as well as parents who sense they need to do more for their child Raising a child is the most challenging and important task you'll ever undertake Simply getting a child from infancy to adulthood isn't enough A good parent guides the child fostering confidence and teaching the skills needed to produce a capable successful adult Lacking clear instructions many parents unintentionally fall short of this goal The world doesn't exactly help either While friends relatives teachers and mentors can be wonderful resources for parents and children alike the negative effects of bullying prejudice peer pressure and low societal expectations threaten the results of even the most dedicated parent A clear set of positive child rearing guidelines would make life much easier Demarre McGill has developed just such guidelines and put them into practice while rearing his own sons Raising two intelligent creative African American men on the South Side of Chicago wasn't always easy but McGill and his wife were committed parents with clear expectations of both their sons and their own responsibilities as parents A Father's Triumphant Story offers what parents have dreamed of for centuries an instruction manual for childrearing

*Mentoring Children and Adolescents* Maureen A. Buckley, Sandra Hundley Zimmermann, 2003-11-30 Written in a clear straightforward manner this comprehensive volume offers an overview of the concept of mentoring and information on the role that caring adult youth relationships play in fostering positive development for young people The book presents up to date research on the efficacy and limitations of mentoring types of mentoring programs and key figures in the mentoring movement It presents accessible information on issues crucial to developing implementing and assessing effective mentoring ventures Also included are an extensive collection of current practical resources and a directory of mentoring initiatives foundations and organizations A valuable resource for young people seeking adult connections this book is also beneficial to school personnel youth group leaders directors of volunteer programs and anyone who cares about young people and youth issues
