Maciel, Isidro D. Ortiz, María Herrera-Sobek, 2022-08-23 Among the lasting legacies of the Chicano Movement is the cultural flowering that it inspired one that has steadily grown from the 1960s to the present. It encompassed all of the arts and continues to earn acclaim both nationally and internationally. Although this Chicano artistic renaissance received extensive scholarly attention in its initial phase, the post-Movimiento years after the late 1970s have been largely overlooked. This book meets that need demonstrating that despite the changes that have taken place in all areas of Chicana/o arts, a commitment to community revitalization continues to underlie artistic expression. This collection examines changes across a broad range of cultural forms: art, literature, music, cinema, and television, radio, and theater, with an emphasis on the last two decades. Original articles by both established and emerging scholars review such subjects as the growth of Tejano music and the rise of Selena; how films and television have affected the Chicana/o experience; the evolution of Chicana/o art over the last twenty years; and postmodern literary trends. In all of the essays, the contributors emphasize that contrary to the popular notion that Chicanas/os have succumbed to a victim mentality, they continue to actively struggle to shape the conditions of their lives and to influence the direction of American society through their arts and social struggle. Despite decades usually associated with self-interest in the larger society, the spirit of commitment and empowerment has continued to infuse Chicana/o cultural expression and points toward a vibrant future.
