A Companion to Don Quixote Anthony J. Close, 2008 The purpose of this book is to help the English speaking reader with an interest in Spanish literature but without specialised knowledge of Cervantes to understand his long and complex masterpiece its major themes its structure and the inter connections between its component parts Beginning from a review of Don Quixote's relation to Cervantes's life literary career and its social and cultural context Anthony Close goes on to examine the structure and distinctive nature of Part I 1605 and Part II 1615 the conception of the characters of Don Quixote and Sancho Cervantes's word play and narrative manner and the historical evolution of posterity's interpretation of the novel with particular attention to its influence on the theory of the genre One of the principal questions tackled is the paradoxical incongruity between Cervantes's conception of his novel as a light work of entertainment without any explicitly acknowledged profundity and posterity's view of it as a universally symbolic masterpiece revolutionary in the context of its own time and capable of meaning something new and different to each succeeding age ANTHONY CLOSE now retired was Reader in Spanish at the University of Cambridge

John Berryman John Haffenden, 1980-05-15 The poetry of John Berryman occupies an incomparable place in modern American literature This study traces the composition of the major poems and interprets Berryman's characteristic trials and his imaginative triumphs In *Homage to Mistress Bradstreet* which Edmund Wilson called the most distinguished long poem by an American since *The Waste Land* Berryman set himself enormous problems of theme and form and overcame them with the vigorous and exciting craft that is described in this book He transformed his personal concerns and historical interests into a fully achieved artistic unity a poem which succeeds both as lyric and as drama Similarly in forging the thirteen year epic of *The Dream Songs* the tragical history of Henry as the poet himself called it Berryman resolutely confronted chosen models such as Don Quixote and *The Iliad* and eventually realised his own design and a unique poetic voice I set up the *Bradstreet* poem as an attack on *The Waste Land* Berryman said in his National Book Award Acceptance Speech I set up *The Dream Songs* as hostile to every visible tendency in both American and English poetry The aim was the same in both poems the reproduction or invention of the motions of a human personality free and determined in one case feminine in the other masculine A chief feature of this study is the remarkably extensive use John Haffenden has made of primary research materials manuscript drafts notes marginalia diary entries and letters all of which are printed here for the first time to illuminate and explain the poems This book is both a critical analysis of Berryman's mature works and an internal narrative of the poet's struggles and success It includes comprehensive notes and commentary on *The Dream Songs* and on *Delusions Etc* as well as an authoritative discussion and assessment of *Love Fame*
