Subhan,2009 A convert to Christianity from the Qadiri Order John A Subhan is well known for his seminal work Sufism Its Saints and Shrines Sufism prepared him for faith in Jesus and his Injil His Sufi background and intimate knowledge of its beliefs and practices enabled him to explain Sufism to others All ten chapters in Sufism are interesting not least the chapter eight which contains an engaging comparative discussion of Sufism in the broader Hindu context It is a must read for all not only because it is a window into the world of a great Sufi convert but also because it provides us with a view of his world some or most of which still continues Biographical Encyclopaedia of Sufis N. Hanif,2000 Sufi Shrines and the Pakistani State Umber Bin Ibad,2018-12-21 After the creation of Pakistan in 1947 Sufi shrines became highly contested Considered deviant and un-Islamic they soon fell under government control as part of a state led strategy to create an official more unified Islamic identity This book the first to address the political history of Sufi shrines in Pakistan explores the various ways in which the postcolonial state went about controlling their activities Of key significance Umber Bin Ibad shows was the West Pakistan Waqf Properties Ordinance a governmental decree issued in 1959 Formed when General Ayub Khan assumed the role of Chief Martial Law Administrator this allowed the state to take over shrines as waqf property According to Islamic law a waqf or charitable endowment had to be used for charitable or religious purposes and the state created a separate Auqaf department to control the finances and activities of all the shrines which were now under a state sponsored waqf system Focusing on the Punjab famous for its large number of shrines the book is based on extensive primary research including newspapers archival sources interviews court records and the official reports of the Auqaf department At a time when Sufi shrines are being increasingly targeted by Islamist extremists who view Sufism as heretical this book sheds light on the shrines contentious historical relationship with the state An original contribution to South Asian Studies the book will also be relevant to scholars of Colonial and Post Colonial History and Sufism Studies **The A to Z of Sufism** John Renard,2009-08-17 With more than 3 000 entries and cross references on the history main figures institutions theory and

comprehensive bibliography Ideal for libraries as well as students and scholars of religion **Women Mystics and Sufi Shrines in India** Kelly Pemberton, 2013-02-19 Insightful field research into the complexity of women's roles in a subset of Islamic culture Women Mystics and Sufi Shrines in India combines historical data with years of ethnographic fieldwork to investigate women's participation in the culture of Sufi shrines in India and the manner in which this participation both complicates and sustains traditional conceptions of Islamic womanhood Kelly Pemberton grounds her firsthand research into India's Sufi shrines and saints by setting her observations against the historical backdrop of colonial era discourses by British civil servants Orientalist scholars and Muslim reformists and the assumptive portrayals of women's activities in the milieu of Sufi orders and shrines inherent in these accounts These early narratives Pemberton holds are driven by social economic intellectual and political undercurrents of self interest that shaped Western understanding of Indian Muslims and in particular of women's participation in the institutions of Sufism Pemberton's research offers a corrective by assessing the contemporary circumstances under which a woman may be recognized as a spiritual authority or guide despite official denial of such status and by examining the discrepancies between the commonly held belief that women cannot perform in the public setting of shrines and her own observations of women doing precisely that She demonstrates that the existence of multiple models of master and disciple relationships have opened avenues for women to be recognized as spiritual authorities in their own right Specifically Pemberton explores the work of performance recitation and ritual mediation carried out by women connected with Sufi orders through kinship and spiritual ties and she maps shifting ideas about women's involvement in public ritual events in a variety of contexts circumstances and genres of performance She also highlights the private petitioning of saints the Prophet and God performed by poor women of low social standing in Bihar Sharif These women are often perceived as being exceptionally close to God yet are compelled to operate outside the public sphere of major shrines Throughout this groundbreaking study Pemberton sets observed practices of lived religious experiences against the boundaries established by prescriptive behavioral models of Islam to illustrate how the varied reasons given for why women cannot become spiritual masters conflict with the need in Sufi circles for them to do exactly that Thus this work also invites further inquiry into the ambiguities to be found in Islam's foundational framework for belief and practice Historical Dictionary of Sufism John Renard, 2015-11-19 The most broadly accepted explanation of Sufism is the etymological derivation of the term from the Arabic for wool of associating practitioners with a preference for poor rough clothing This explanation clearly identifies Sufism with ascetical practice and the importance of manifesting spiritual poverty through material poverty In fact some of the earliest Western descriptions of individuals now widely associated with the larger phenomenon of Sufism
