The Acquisition Of Dutch Pragmatics And Beyond New Series:

The Acquisition of Dutch Steven Gillis, Annick De Houwer, 1998-05-15 In the present day context of cross linguistic perspectives on language acquisition *The Acquisition of Dutch* offers a much needed overview of the wealth of Dutch child language research that was hitherto lacking Its comprehensive coverage in terms of topics its many new theoretical contributions and its focus on providing a solid basis for cross linguistic comparisons will be of interest to linguists and psycholinguists studying child language everywhere The volume consists of four thematic chapters preceded by an introductory overview The thematic chapters cover early speech development in the first year of life the acquisition of phonology the lexicon and syntax The consolidated list of references cover most of the work on Dutch child language in the last few decades

German and Dutch in Contrast Gunther Vogelaer, Dietha Koster, Torsten Leuschner, 2020-03-09 Designed as a contribution to contrastive linguistics the present volume brings up to date the comparison of German with its closest neighbour Dutch and other Germanic relatives like English Afrikaans and the Scandinavian languages It takes its inspiration from the idea of a Germanic Sandwich i e the hypothesis that sets of genetically related languages diverge in systematic ways in diverse domains of the linguistic system Its contributions set out to test this approach against new phenomena or data from synchronic diachronic and for the first time in a Sandwich related volume psycholinguistic perspectives With topics ranging from nickname formation to the IPP aka Ersatzinfinitiv from the grammaticalisation of the definite article to s retraction and from the role of verb second order in the acquisition of L2 English to the psycholinguistics of gender the volume appeals to students and specialists in modern and historical linguistics psycholinguistics translation studies language pedagogy and cognitive science providing a wealth of fresh insights into the relationships of German with its closest relatives while highlighting the potential inherent in the integration of different methodological traditions

Variation Rolls the Dice Enoch O. Aboh, Cécile B. Vigouroux, 2021-10-15 Variation Rolls the Dice A worldwide collage in honour of Salikoko S Mufwene aims to celebrate Mufwene s ground breaking contribution to linguistics in the past four decades The title also encapsulates his approach to language as both systemic and socio cultural practices and the role of variation in determining particular evolutionary trajectories in specific linguistic ecologies The book therefore focuses on variation within and across languages within and across speakers and how this fundamental aspect of human behavior can affect language structure in time and space Mufwene has been instrumental in putting creole languages on the map of General Linguistics and connecting their analysis to issues of language acquisition multilingualism language contact language evolution and language typology Thanks to the diversity of topics and the wide ranging theoretical persuasions of the contributors this volume aims at a large readership including both scholars and advanced students interested in cutting edge research in the aforementioned domains

Focus Realization in Romance and Beyond Marco García García, Melanie Uth, 2018-11-15 What are the linguistic means for expressing different types of foci such as narrow

information focus and contrastive focus in Romance languages and why are there such differing views on such a presumably clear cut research subject Bringing together original expert work from a variety of linguistic disciplines and perspectives such as language acquisition and language contact this volume provides a state of the art discussion on central issues of focus realization These include the interaction between prosody syntax and pragmatics the typology of word order and intonation languages the differentiation between focus and related notions such as contrast and presupposed modality and the role of synchronic variation and change The studies presented in this volume cover a broad range of Romance languages including French Italian Portuguese and different varieties of Spanish Moreover the book also offers new insights into non Romance languages such as English German and Quechua

Multilingualism and Language Diversity in Urban Areas

Peter Siemund, Ingrid Gogolin, Monika Edith Schulz, Julia Davydova, 2013-05-31 This state of the art volume provides an interdisciplinary overview of current topics and research foci in the areas of linguistic diversity and migration induced multilingualism and aims to lay the foundations for interdisciplinary work and the development of a common methodological framework for the field Linguistic diversity and migration induced multilingualism are complex multi faceted phenomena that need to be studied from different complementary perspectives The volume comprises a total of fourteen contributions from linguistic educationist and urban sociological perspectives and highlights the areas of language acquisition contact and change multilingual identities urban spaces and education Linguistic diversity can be framed as a result of current processes of migration and globalization As such the topic of the present volume addresses both a general audience interested in migration and globalization on a more general level and a more specialized audience interested in the linguistic repercussions of these large scale societal developments
