The Advanced Student Lettering

Charles Wilson Harris

The Advanced Student Lettering:

A Treatise on Hand Lettering for Engineers, Architects, Surveyors, and Students of Mechanical Drawing Wilfrid James Lineham, 1915 **The Advanced Students Lettering Book** Allan Cornwell, 1999 **Lettering for Draftsmen, Engineers and Students** Charles William Reinhardt, 1917 **The Letters of William James** William James, 1920 *The Life and Letters of Stephen Olin* Stephen Olin, 1853 **The Life and Letters of Stephan Olin** Stephen Olin, 1854 *The Harris Letters* Charles Wilson Harris, 1916 *Letters on Clerical Manners and Habits* Samuel Miller, 2009-05

With our American Philosophy and Religion series Applewood reissues many primary sources published throughout American history. Through these books scholars, interpreters, students, and non academics alike can see the thoughts and beliefs of Americans who came before us. *Letters Home During a Trip in America, 1869* William MacKean (of Paisley.), 1875 Performance Criticism of the Pauline Letters Bernhard Oestreich, 2016-10-28

Receiving a letter from Paul was a major event in the early churches. Given the orally oriented culture of the time, a letter was designed to be read out loud in front of an audience. The document was an intermediate state for the local transport of the message, but the actual medium of communication was the performance event. This event was embedded in the written text in a manner comparable to a theater script. After careful preparation, because of high expectations from ancient audiences, a presenter embodied the message with his voice, gazes, and gestures and made it not only understood but jointly experienced. After presenting a short history of performance criticism, this book clarifies what is meant by the highly ambiguous term performance and develops steps to analyze ancient texts in order to find and understand the embedded signals of performance. This leads to a critical assessment of the potential of performance criticism as a method. Then the method is applied to the Pauline Epistles and other early Christian letters. It proves to be highly rewarding: difficult passages become comprehensible, new aspects come to light, the text's impact on the audience is felt. In short, the texts come alive.
