The Advent of the End-Time Church David J. Wiseman, 2004-06-02 Since the beginning of the Christian Church two parallel churches have existed There is the church organization so often controlled by man rather than by God and there is the true spiritual church the remnant that walks in obedience with God regardless of the name over the door The Advent of The End Time Church investigates the end time church and its origins There is a decaying organizational church but within it is a glorious church without spot or wrinkle that our Lord is coming back to claim It examines the strengths weaknesses and practices of the church universal It is a call for the body of Christ to band together with these strengths in these last days for there is one Lord and one church The Christian must be vigilant against being seduced and fooled It is a warning to God's people how they can be lulled to sleep by stagnant tradition and doctrines which they believe are time proven but many of which can be traced to seeds of Gentile paganism Being grounded in contemporary events it is a warning to wake up not only to what is happening in society but also within the church

The Church, Community of Salvation George Henry Tavad, 1992 This book attempts to outline a theology of the Church for the twenty first century Starting from a principle that was enunciated in Paul VI's first encyclical *Ecclesiam suam* it finds its focus in the awareness of being the Church that is implied in the profession of the Christian faith It takes full account of the contemporary manner of reading Scripture and it sees the tradition as an unfinished forward movement The ecumenical dialogues and the encounter with religions that were the fruits of Vatican Council II contribute to the discussion The future of the Church is anticipated in light of scientific findings regarding the shape and history of the universe This ecclesiology is profoundly Catholic experiential and Trinitarian
