The Quran Speaks Bahis Sedq, 2018-02-14 Even those who dispute the Quran do not question that it is in its original form This enables one to travel back in time to take a closer look at the Prophet Muhammad who is amongst the most towering personalities in history This book avails that priceless chance to reconstruct his life based on evidence as well preserved as the Quran It also explores the Quran s message on issues ranging from justice and women to the treatment of other religions to see if the disconnect between certain Islamic practices and the modern world is based on misreading of the Quran Among other topics the book assesses the claims that the Quran is a scientific miracle contains no inconsistencies and is a masterpiece of literature and also discusses the controversial incident of the Satanic verses in light of disclosures in the Quran The effort is to gain a holistic understanding of possibly the most influential book of all time The author has chosen to write under a penname Seeker of the Truth but remains optimistic of disclosing his identity in the future He does not doubt that a vast majority of Muslims would allow him to express the views noted in this book which are founded on the Quran Sedq uses many different translations of the Quran to present the material as clearly and sensibly as possible Bottom line This is an intriguing engaging look at a religion still misunderstood by many in the West It is bound to provoke heated debate Blueink Review A searching look at the teachings of the Quran Sedq takes up several common assertions about the Quran and subjects them to a scholarly thorough and often refreshingly cant free contemporary analysis that takes modern social norms and literary scholarship into account Sedq offers an interpretative look at the Quran that curious minds of all faiths will find fascinating Kirkus Reviews What s the most interesting or important book to come out

recently about the Islamic world The Quran Speaks by Bahis Sedq a hugely important book by a scholar of Islam who is to my mind the most sophisticated of all the dissidents in the Muslim world He could be the Muslim Luther if there were only a way to keep him safe Ayaan Hirsi Ali in The New York Times

The Interpretation of The Meaning of The Holy Quran Volume 18 - Surah Al-Araf verse 71 to 135

Nasoha Bin Saabin, I have written many books and articles on various topics but since 2013 I have devoted myself fully in writing the interpretation of the Holy Quran in English and with the grace of Allah I have completed the whole Quran on 29th October 2020 with 84 books I believe there is a great need in the whole world for the correct interpretation of the Holy Quran to be written in English Currently there is a great misunderstanding about Islam among Muslims and non Muslims globally The misunderstanding of the meaning of the Holy Quran among Muslims will lead to the wrong practice of Islam which leads to the wrong actions of Muslims The wrong actions of Muslims will lead to misunderstandings about Islam among Muslims and non Muslims The wrong actions of the Muslims have led to many miseries and wars among Muslims The wrong actions of Muslims have also led to many wars and clashes between Muslims and non Muslims In order to avoid miseries wars and clashes from taking place between the whole mankind in the whole world the whole mankind in the whole world need to understand the true teaching of Islam There is no other way for the whole mankind to understand the true teaching of Islam unless the whole mankind is able to read and understand the correct interpretation of the Holy Quran The whole mankind is only able to read and understand the correct interpretation of the Holy Quran when it is written in the universal language of the world English For this very reason I have written the interpretation of the Holy Quran in English Prof Nasoha Bin Saabin

Creation in Pairs Jamir Ahmed Choudhury, 2025-11-05 Truth is not a possession it is the shared heritage of humanity The right to education implies the right to communicate truth based learning aligning with Article 29 of

the UN CRC and Section 29 of India's RTE Act 2009 NCERT affirms that science is neutral and universally accepted by the global scientific community Yet this book argues that today's global education system shaped by UN led governance is flawed and self contradictory NASA driven global systems and UNESCO led curricula fail to deliver a truly neutral science as they contain logical inconsistencies and ethical fallacies Freedom of religion internationally recognized is inseparable from the right to communicate education grounded in natural truths such as the principle of creation in pairs Drawing upon both the Quran Kitaaba bil Haq and empirical evidence the book urges policymakers and educators to adopt frameworks that reflect nature's equal and opposite a priori principles an obligation reinforced by the UDHR and other human rights instruments At its core the book asserts that nature's equal and opposite a priori principle evident in creation in pairs and further exemplified by Newton's Third Law is fundamental to the universe Reality is governed by balanced and reciprocal relationships male and female day and night birth and death action and reaction that exist independently of human constructs Recognizing and restoring this natural equilibrium is essential for humanity to reclaim its inherent rights and free itself from misleading global narratives The denial of creation in pairs is therefore a denial of nature's universal and self evident law of balance

The Return of Religious Antisemitism? Gunther Jikeli, 2021-02-17 The most violent American and European anti Semites in the 21st century including not only Jihadists but also white and black supremacist terrorist made some reference to religion in their hatred of Jews This is surprising Religious antisemitism is often seen as a relic of the past It is more associated with pre modern societies where the role of religion was central to social and political order However at the end of the 19th century animosity against Judaism gave way to nationalistic and racist motives People such as Wilhelm Marr called themselves anti Semites to distinguish themselves from those who despised Jews for religious reasons Since then antisemitism has gone through many mutations However today it is not only the actions of extremely violent anti Semites who might be an indication that religious antisemitism has come back in new forms Some churches have been accused of disseminating antisemitic arguments related to ideas of replacement theology in modernized forms and applied to the Jewish State Others from the populist nationalist right seem to use Christianity as an identity marker and thus exclude Jews and Muslims from the nation Do religious motifs play a significant role in the resurgence of antisemitism in the 21st century
