[Peter Przekop](#), 2015-10-13 Dr Przekop provides a revolutionary alternative program proven effective in managing chronic pain By learning how the brain can be reprogrammed to reverse patterns you can often completely relieve suffering and the deep despair chronic pain can cause The incidence of chronic pain has taken on epidemic proportions The common response of traditional medicine has been to prescribe opioid painkillers which can lead to overdose and addiction Over the past ten years Dr Peter Przekop has developed a revolutionary alternative program to manage pain that goes well beyond the short-term relief of prescription painkillers Przekop discovered that pain can become chronic not just because of the trauma that caused it but because the brain becomes programmed to recreate the experience of pain as a coping mechanism Conquer Chronic Pain will help you return to pain-free functioning Gain the same insights Dr Przekop has

brought to hundreds of chronic pain sufferers by learning how the brain can be reprogrammed to alleviate pain You ll also learn how chronic stress adversity and negative emotions influence how we experience and interpret pain and what to do to reverse the pattern Dr Przekop provides a daily routine of exercises that have proven effective in managing chronic pain often completely relieving it and the deep despair it can cause Following his program brings the mind and body into harmony so that the psychological function that chronic pain previously served is no longer necessary Restorative Yoga for Ethnic and Race-Based Stress and Trauma Gail Parker,2020-06-18 Presenting ways in which Restorative Yoga can contribute to healing emotional wounds this book invites yoga teachers therapists and practitioners to consider the psychological impact of ethnic and race based stress and trauma It aids in the process of uncovering examining and healing one s own emotional wounds and offers insight into avoiding wounding or re wounding others The book describes how race based traumatic stress differs from PTSD and why a more targeted approach to treatment is necessary as well as what can trigger it It also considers the implications of an increasingly racially and ethnically diverse and global yoga community as well as the importance of creating conscious yoga communities of support and connection where issues of race and ethnicity are discussed openly non defensively and constructively By providing a therapeutic structure that assists those directly and indirectly impacted by ethnic and race based stress and trauma Restorative Yoga for Ethnic and Race Based Stress and Trauma provides valuable tools for aiding in the processing of stressful experiences and in trauma recovery **The Chorus of the body The Symphony of the Soul** Namrata Mehrotra,2019-01-20 The book is all about simple methods that we can all adopt in order to attain peace of mind and to learn the ways of spirituality It educates us about being conscious towards the needs of the soul as much as we are towards bodily needs Following the methods enlisted one can gain synchronicity of the soul with the higher energy realm The book highlights factors that create long lasting effect on the soul It is all about keeping your soul consciousness awake This book will help you gain the perspective of the actual reason of human birth and of how one can be free from karmic bondage and be liberated from the vicious cycle of incarnation The writings emphasise on the practice of mindfulness which leads one to accept life as it is and to vibrate positivity in every situation of life no matter how negative it may seem The book highlights the fact that we are lost in a different world that has taught us to analyse ourselves as humans searching for their spiritual awakening whereas the truth is that we are spiritual beings that are trapped within human incarnation which is so stained with materialistic vices that it knows not which path to tread in life
