The Active Side Of Infinity:

The Active Side of Infinity Carlos Castaneda, 1999-12-22 Ordinarily events that change our path are impersonal affairs and yet extremely personal My teacher don Juan Matsus said this is guiding me as his apprentice to collect what I considered to be the memorable events of my life Don Juan described the total goal of the shamanistic knowledge that he handled as the preparation for facing the definitive journey the journey that every human being has to take at the end of his life He said that what modern man referred to vaguely as life after death was for those shamans a concrete region filled to capacity with practical affairs of a different order than the practical affairs of daily life yet bearing a similar functional practicality Don Juan considered that to collect the memorable in their lives was for shamans the preparation for their entrance into that concrete region which they called the active side of infinity In this book written immediately before his death anthropologist and shaman Carlos Castaneda gives us his most autobiographical and intimately revealing work ever the fruit of a lifetime of experience and perhaps the most moving volume in his oeuvre

The Active Side of Infinity Jörgen I Eriksson, 2020 More than 50 years after Carlos Castaneda s first book and 20 years after his death the interest in his legacy is growing The 12 books on his apprenticeship with the Yaqui sorcerer Juan Matus contain fabulous stories but most of all an abundance of shamanic wisdom According to J rgen I Eriksson who has worked in the Nordic shamanic tradition for 40 years Castaneda s works represent deep shamanism from which present day students of shamanism has much to learn But it is necessary to keep Castaneda at arm s length In this book Eriksson tries to extract the very best of Castaneda and in a way liberate Castaneda from Castaneda

Lawrence Fleming, 2023-01-05 My previous book about the author Carlos Castaneda Making Sense of the Life and Works of Carlos Castaneda F Lawrence Fleming published 2018 was an attempt to show that although evidence appears to show that Castaneda did actually work with a Yaqui Indian sorcerer the publications concerning his fieldwork were largely fraudulent In this present book I shall attempt to show what sort of person the character don Juan in the books by Carlos Castaneda may have been in real life and how his remarkable personal philosophy can be inferred from what I assert is Castaneda's grossly corrupted version of the teachings of Don Juan in his published works **The Power of**
