Stupid Kids:

Treating Explosive Kids Ross W. Greene, J. Stuart Ablon, 2005-10-18 The first comprehensive presentation for clinicians of the groundbreaking approach popularized in Ross Greene's acclaimed parenting guide *The Explosive Child* this book provides a detailed framework for effective individualized intervention with highly oppositional children and their families. Many vivid examples and Q & A sections show how to identify the specific cognitive factors that contribute to explosive and noncompliant behavior, remediate these factors, and teach children and their adult caregivers how to solve problems collaboratively. The book also describes challenges that may arise in implementing the model and provides clear and practical solutions. Two special chapters focus on intervention in schools and in therapeutic restrictive facilities. **The 5 Simple Truths of Raising Kids** R. Bradley Snyder, 2012-10-09 Raising pre-teens and teenagers doesn't have to be hard. In fact, if you only know five essential truths about why kids do what they do, you're on your way to becoming a smarter, happier, and more sane parent. Brad Snyder is an expert in adolescent behavior and has years of experience decoding the messages that parents don't get. He's surveyed over 100,000 children and adolescents and has interviewed close to 4,000 in group and one-on-one sessions. In spite of what you see on TV, kids these days are not more violent, more sexual, or more in danger than you once were. Kids are kids. With *The 5 Simple Truths of Raising Kids*, you'll learn some secrets of tween and teen communication. Find out what exactly your kid is doing all day and why. Make rules that make sense for the whole family without building resentment. Learn the truth about kids and social networking, texting, and bullying. Become a parent your children respect but not one they hate or fear. [Your Kids Are Your Own Fault](#) Larry Winget, 2009-12-24 Read Larry Winget's posts on the Penguin Blog. Straight talking bestselling *Pitbull of Parenting* Larry Winget says, "This is not a fix your kid book. It's a fix the way you parent book. You owe it to your kids to parent with a plan. Being a parent is the toughest job in the world, especially with the increasing number of negative influences and pitfalls facing our kids today, from childhood obesity and out-of-control celebrity culture to the dangers of the internet and credit card debt. Larry Winget has never been one to shy away from tough truths, and what he says here may well be difficult for some parents to swallow: we are in the midst of a crisis with our kids. Kids today are over-indulged, over-entertained, under-achieving, and under-disciplined with a sense of entitlement that is crippling society. And the real problem is that parents aren't paying attention to what's going on. If they were, they would realize that most kids today barely read and write except with their thumbs on their cell phones. Well-behaved, respectful kids are the exception, not the rule, and for the most part, parents are to blame. Responsible parenting is about beginning with the end in mind and parenting with a plan. But most parents have never stopped to consider what kind of adult they want to raise. They have all this fun creating a baby, but they don't have a plan for the end product." Larry's message to parents: Teach your kids to become the best adults they can be. But don't expect your kids to improve until you improve. *Your Kids Are Your Own Fault* covers familiar lessons and principles that have led Larry's readers to greater success with money, career, and goal.

recently little attention was paid to successful people who did poorly in school Why One reason might be that many of us doubted that it was actually possible After all many loving parents and caring teachers spent countless hours trying their hardest to help these failing children turn things around in school sometimes with little or nothing to show for it If these children continued to struggle and fail in school with all this help and support it was understandable to assume that they would not succeed in the real world decades later without it So what did we miss Why were we so wrong about them And perhaps most importantly how can their life experiences help educators and parents understand what schools can do better to support students who are struggling today In his groundbreaking new book Mark Katz draws on research findings in clinical and social psychology cognitive neuroscience education and other fields of study as well as stories of successful individuals who overcame years of school failure to answer these and other questions In the process he shows how children who fail at school but succeed at life can give teachers and schools counselors and health care professionals parents and guardians even those whose childhood struggles have persisted into their adult years new remedies for combatting learning behavioral and emotional challenges reducing juvenile crime school dropout and substance abuse improving our health and well being and preventing medical problems later in life Blue State Blues David Slavitt, 2006-04-18 A political neophyte challenges the status quo or How a Cranky Conservative Launched a Campaign and Found Himself the Liberal Candidate and Still Lost **Lake Hollywood** John Guare, 2000 THE STORY The first act finds us on the shore of Scroon Lake in New Hampshire in August 1940 Agnes and Andrew a soap salesman arrive at Agnes home which she shares with her sister Flo Flo would like nothing better than to have the home all f **Ourselves Alone** Anne Devlin, 1999 THE STORY Three women in Belfast dream of escaping the political peril that marks their lives but cannot because of the family loyalties instilled in them and their complicated relationships with men Frieda is a would be singer whose pro IRA fat **Abundance** Beth Henley, 1991 THE STORY Bess Johnson and Macon Hill are mail order brides who meet while waiting for their husbands to pick them up to start life in a small town in the Wyoming Territory in the 1860s Bess is a romantic while Macon Hill is exuberant and determi Later Life Albert Ramsdell Gurney, 1994 THE STORY Austin has spent his entire life convinced that something terrible is bound to happen to him One night at a party overlooking Boston harbor he has the pleasure of rekindling a romance begun almost thirty years ago with Ruth Now a mu The Wash Philip Kan Gotanda, 1991 THE STORY Nobu Matsumoto has separated from his wife Masi at her request though both of them are in their sixties Nobu s newfound bachelor life is regularly interrupted by Masi who comes by to pick up and drop off Nobu s weekly laundry as part That Championship Season Jason Miller, 1972 THE STORY Following their annual custom five men a high school basketball coach now retired and four members of the team that he guided to the state championship twenty years earlier meet for a reunion The occasion begins in a light hearted mo *Masterpieces* Arthur Bicknell, 1979 THE STORY Is an imaginative reconstruction of the lives of Branwell Bronte and his sisters Charlotte Emily and Anne An unconventional historic drama it
