Style Writing As The Discovery Of Outlook:

Style Richard M. Eastman,1970 **Style** Richard M. Eastman,1978 **Style** Richard M. Eastman,Bruce Ardinger,1984
Style treats writing not as the medium for translating intentions into language but as the actual method for discovering intentions meanings and convictions Covering the traditional skills that every writer must master organization audience tone vocabulary sentence structure and sound the text includes a compact anthology with exercises discussion topics and applications New to this edition Twenty new readings along with ten classic selections New chapters on invention and revision with exercises Separate chapter on documentation conventions New section on sexist language Plus A complimentary Instructor s Manual is available **Marketing Information Guide** ,1969 *Where Writing Begins: A Postmodern Reconstruction (Rhetorical Philosophy and Theory)* Michael Carter,2003 **Stylistics in a Second Language**
Context Rubina Kamran,2009-06 In most institutions thee study of second language literary works has become a dead exercise of learning facts figures and critical opinions about those works The author feels that the judicious use of approaches suggested in stylistics would help second language students to judge things for themselves in a context not naturally attuned to the underlying assumptions of that likterature These things would include the use of language thus helping the ESL learner to develop an understanding of the dynamics of the language **A Rhetoric of Literate Action**
Charles Bazerman,2013-09-12 Undertaken by one of the most learned and visionary scholars in the field this work has a comprehensive and culminating quality to it tracking major lines of insight into writing as a human practice and articulating the author s intellectual progress as a theorist and researcher across a career **Catalog of Copyright Entries. Eugene Botha,2014-04-09 This book deals with two aspects pertaining to the understanding of John On the one hand it examines the style of the Gospel and on the other hand it introduces for the first time in the study of the Fourth Gospel a comprehensive speech act reading of a Johannine discourse In the first chapter different approaches to Johannine style are identified and the deficiencies current in perceptions regarding style are indicated The second chapter deals with theoretical observations regarding the nature of style in terms of modern stylistics It is suggested that a possible paradigm for a comprehensive approach to style is speech act theory The next chapter contains a comprehensive speech act reading of John 4 1 42 Finally observations regarding style and understanding Johannine texts based on this speech act reading is given Not only does this study clarify the nature of Johannine style in more modern terms but it also gives an indication of the enormous possibilities this theory holds for enhancing New Testament exegesis **An Annotated**

Hamid-Khani,2021-03-16 The elusive disposition of John s language has been noted by biblical scholars throughout the history of New Testament studies The Fourth Gospel is seen as so simple to grasp and yet often pointing beyond itself and beckoning the reader to read deeper Various socio linguistic studies have explained this feature as the reflection of the sectarian tendencies in the Johannine Christianity In his study Saeed Hamid Khani questions these approaches as inadequate In turn he examines John s language within an exegetical and theological framework He argues that the Sitz im Leben of Johannine language was an environment in which the Hebrew Scriptures were the dominant conceptual force for both the Jews and the Christians In this context he argues that the essential function of John s enigmatic language is wedded to the Evangelist s purpose in writing the Gospel namely a steadfast focus upon setting forth that Jesus is the Christ according to the witness of Israel s Scriptures It is here in these echoes and thematic allusions to the Scriptures that we find the answer to the function and significance of John s unique language i e Jesus is the Messiah the Saviour of the world and he is the visible image of the invisible God the embodiment of the self revelation of God according to the Scriptures However these truths are concealed from the undiscerning and are only revealed by the spirit of God to those who are born of God
