## Style In Language:

*Style in Language* Thomas Albert Sebeok, 1966      *Language and Style* E. L. Epstein, 2013-10-08 We are living in a time of rapid radical social change In New Accents each volume in the series will seek to encourage rather than resist the process of change to stretch rather than reinforce the boundaries that currently define literature and its academic study This book offers a new focus on various connected topics in the treatment of style as a human phenomenon and especially the style of literary artefacts The subject of style is of intense and continuing interest and the bibliography in the field of literary style alone is enormous The essays that follow are therefore an attempt to contribute to the literature of a continuing study

*Style* Nikolas Coupland, 2007-08-09 Style refers to ways of speaking how speakers use the resource of language variation to make meaning in social encounters This 2007 book develops a coherent theoretical approach to style in sociolinguistics illustrated with copious examples It explains how speakers project different social identities and create different social relationships through their style choices and how speech style and social context inter relate Style therefore refers to the wide range of strategic actions and performances that speakers engage in to construct themselves and their social lives Coupland draws on and integrates a wide variety of contemporary sociolinguistic research as well as his own extensive research in this field The emphasis is on how social meanings are made locally in specific relationships genres groups and cultures and on studying language variation as part of the analysis of spoken discourse      *Essays on Style and Language*

Roger Fowler, 1966      **Style in Language, Edited by Thomas A. Sebeok** Indiana University Conference on Style, 1964

*Language and Style* Dan McIntyre, Beatrix Busse, 2020-09-03 Inspired by Exploring the Language of Poems Plays and Prose Mick Short's classic introduction to stylistics *Language and Style* represents the state of the art in literary stylistics and encompasses the full breadth of current research in the discipline Written by leading scholars in the field chapters cover a variety of methodological and analytical approaches from traditional qualitative analysis to more recent developments in cognitive and corpus stylistics Addressing the three key literary genres of poetry drama and narrative *Language and Style* is divided into carefully balanced sections Based on original research each chapter demonstrates a particular analytic technique and explains how this might be applied to a text from one of the literary genres Framed by helpful introductory material covering the foundational principles of stylistics the chapters act as practical exemplars of how to carry out stylistic analysis Comprehensive and engaging this invaluable resource is essential reading for anyone interested in stylistics

*Style in Fiction* Michael H. Short, Geoffrey N. Leech, 2015-10-29 Stylistics is the study of language in the service of literary ends and in *Style in Fiction* Geoffrey Leech and Mick Short demonstrate how stylistic analysis can be applied to novels and stories Writing for both students of English language and English literature they show the practical ways in which linguistic analysis and literary appreciation can be combined and illuminated through the study of literary style Drawing mainly on major works of fiction of the last 150 years their practical and insightful examination of style through texts and

extracts leads to a deeper understanding of how prose writers achieve their effects through language Since its first publication in 1981 *Style in Fiction* has established itself as a key textbook in its field selling nearly 30 000 copies Now in this revised edition the authors have added substantial new material including two completely new concluding chapters These provide an extensive up to date survey of developments in the field over the past 25 years and apply the methods presented in earlier chapters to an analysis of an entire short story The Further Reading section and the bibliographical references have also been thoroughly updated In 2005 *Style in Fiction* was awarded the 25th Anniversary Prize by PALA The Poetics and Linguistics Association as the most influential book published in the field of stylistics 1980 Further proof if proof were needed that *Style in Fiction* remains a classic guide to its discipline      **Language in Literature** Geoffrey Leech, 2014-07-15

Over a period of over forty years Geoffrey Leech has made notable contributions to the field of literary stylistics using the interplay between linguistic form and literary function as a key to the mystery of how a text comes to be invested with artistic potential In this book seven earlier papers and articles read previously only by a restricted audience have been brought together with four new chapters the whole volume showing a continuity of approach across a period when all too often literary and linguistic studies have appeared to drift further apart Leech sets the concept of foregrounding also known as defamiliarization at the heart of the interplay between form and interpretation Through practical and insightful examination of how poems plays and prose works produce special meaning he counteracts the flight from the text that has characterized thinking about language and literature in the last thirty years when the response of the reader rather than the characteristics and meaning potential of the text itself have been given undue prominence The book provides an enlightening analysis of well known as well as less well known texts of great writers of the past including Keats Shelley Samuel Johnson Shaw Dylan Thomas and Virginia Woolf      *Routledge Revivals: Essays on Style and Language (1966)* Roger Fowler, 2017-11-22 First published in 1966 this book is contributed to by authors who share an interest in the literary uses of language The book gives a close analysis of the language of literature contributed to by critics and linguists examining linguistic theory and poetry and as part of this the rhythm and metre of English poetry is deconstructed Language and its emotive structure is analysed while the middle chapters of the book address the interaction of linguistic dimensions Two medievalist scholars conclude the volume giving a well rounded examination to the broad and complex study of literary style in the English language This book is suitable for students and scholars concerned with English literature and linguistics      *Language and Style* Stephen Ullmann, 1964 Eleven papers written over the last eight years centering around three main themes meaning style and the influence of language upon thought      **Linguistics and Literary Style** Donald C. Freeman, 1970      [Patterns in Language](#) Joanna Thornborrow, Shân Wareing, 1998 This student friendly textbook uses the principles of linguistic analysis to investigate the aesthetic use of language in literary and non literary texts      **Routledge Revivals: Essays on Style and Language (1966)** Roger Fowler, 2017 First published in 1966 this book is contributed to by authors who share an interest in

the literary uses of language The book gives a close analysis of the language of literature contributed to by critics and linguists examining linguistic theory and poetry and as part of this the rhythm and metre of English poetry is deconstructed Language and its emotive structure is analysed while the middle chapters of the book address the interaction of linguistic dimensions Two medievalist scholars conclude the volume giving a well rounded examination to the broad and complex study of literary style in the English language This book is suitable for students and scholars concerned with English literature and linguistics Provided by publisher *ICLLE 2019* Syahrul R ,Zulfadhli,Muhammad Adek,Kundharu Saddhono,2019-07-19 As an annual event International Conference on Language Literature and Education in Digital Era ICLLE 2019 continued the agenda to bring together researcher academics experts and professionals in examining selected theme by language literature and education in digital era In 2019 this event held in 19 20 July 2019 at Padang Indonesia The conference from any kind of stakeholders related with Language and literature especially in education Each contributed paper was refereed before being accepted for publication The double blind peer reviewed was used in the paper selection **Linguistics and Style** ,1964
