Progressive and Conservative Religious Ideologies Richard Lints, 2010 This book explores the surprisingly disruptive role of religion for progressive and conservative ideologies in the tumultuous decade of the 1960s Conservative movements were far more progressive than the standard religious narrative of the decade alleges and the notoriously progressive ethos of the era was far more conservative than our collective memory has recognized Lints explores how the themes of protest and retrieval intersect each other in ironic ways in the significant concrete controversies of the 1960s the Civil Rights Movement Second Feminist Movement The Jesus Movements and the Anti War Movements and in the conceptual conflicts of ideas during the era The Death of God Movement the end of ideology controversy and the death of foundationalism Lints argues that religion and religious ideologies serve both a prophetic function as well as a domesticating one and that neither conservative nor progressive movements have cornered the market in either direction In the process Lints helps us better understand the complex role of religion in cultural formation

Artful Breakdowns Georgiana Banita, Lee Konstantinou, 2023-03-02 Contributions by Georgiana Banita Colin Beineke Harriet Earle Ariela Freedman Liza Futerman Shawn Gilmore Sarah Hamblin Cara Koehler Lee Konstantinou Patrick Lawrence Philip Smith and Kent Worcester A carefully curated wide ranging edited volume tracing Art Spiegelman's exceptional trajectory from underground rebellion to mainstream success

Artful Breakdowns The Comics of Art Spiegelman reveals his key role in the rise of comics as an art form and of the cartoonist as artist The collection grapples with Spiegelman's astonishing versatility from his irreverent underground strips influential avant garde magazine RAW the expressionist style of the comics classic Maus the illustrations to the Jazz Age poem The Wild Party and his response to the September 11 terrorist attacks to his iconic cover art for the New Yorker his children's books and various cross media collaborations The twelve chapters cut across Spiegelman's career to document continuities and ruptures that the intense focus on Maus has obscured yielding an array of original readings Spiegelman's predilection for collage improvisation and the potent protest of silence shows his allegiance to modernist art His cultural critique and anticapitalist antimilitary positions shed light on his vocal public persona while his deft intertextual strategies of mixing media archives from comics to photography and film amplify the poignance of his works Developing new approaches to Spiegelman's comics such as the publication history of Maus the history of immigration and xenophobia and the cartoonist's elevation of children's comics the collection leaves no doubt that despite

the accolades his accessible comics have garnered we have yet to grasp the full range of Spiegelman's achievements in the realm of comics and beyond

Novel Style Ben Masters, 2017-12-08 We live in a time of linguistic plainness This is the age of the tweet and the internet meme the soundbite the status the slogan Everything reduced to its most basic components Stripped back Pared down Even in the world of literature where we might hope to find some linguistic luxury we are flirting with a recessionary mood Big books abound but rhetorical largesse at the level of the sentence is a shrinking economy There is a prevailing minimalist sensibility in the twenty first century Novel Style is driven by the conviction that elaborate writing opens up unique ways of thinking that are endangered when expression is reduced to its leanest possible forms By re-examining the works of essential English stylists of the late twentieth century Anthony Burgess Angela Carter Martin Amis as well as a newer generation of twenty first century stylists Zadie Smith Nicola Barker David Mitchell Ben Masters argues for the ethical power of stylistic flamboyance in fiction and demonstrates how being a stylist and an ethicist are one and the same thing A passionate championing of elaborate writing and close reading Novel Style illuminates what it means to have style and how style can change us

Representing Kink Sara K. Howe, Susan E. Cook, 2019-09-06 Representing Kink raises awareness about non normative texts and non normative erotic practices and desires It defines kink broadly encompassing a range of inappropriate texts and understanding it in frequent reference to non normative erotic fantasies and experiences Kink is treated as both a set of practices as well as a category of texts at the nexus of subject and form In addition to canonical texts that take up erotic and marginalized themes the collection also studies forms that are themselves fringe and feature kink taboo literature self published erotica SM narratives fan fiction role playing games and other disavowed texts The purpose of this study is to focus attention on the margins of an already marginalized subject in order to highlight the extent to which non normative textuality and eroticism both shape and are shaped by culture and context It sheds light on a category of subjects that is at once mainstream in the form of texts such as Fifty Shades of Grey and yet nevertheless repeatedly disparaged and undertheorized This book advocates for conversations about kinky texts that transcend dichotomous frameworks of good and bad and normal and deviant thinking instead in new theoretically rigorous and flexible directions **Out of Time** Robert Slifkin, 2013-08-31 Focusing on the thirty three paintings that Philip Guston exhibited at the Marlborough Gallery in 1970 this in depth account reconsiders the history of postwar American art and the conception of figuration in modern art history Through a myriad of cultural touchstones including evidence from literary and musical vogues of the period Robert Slifkin examines the role of history as both artistic medium and creative catalyst to Guston's practice as a painter Slifkin employs a wealth of visual examples archival materials and original scholarship to situate Guston's paintings within broader artistic debates of the time using the cultural movement of the sixties as its orienting foreground This historical framework provides an interface

between the notions of time in art and time in the material world Lively and edifying Slifkin's comprehensive text productively complicates the prescribed traditions of postwar art history and in turn shifts our perception of Guston and his place in the domain of modern art

Jeanne Hyvrard, Wounded Witness Helen Vassallo, 2007 Critical responses to Jeanne Hyvrard have generally categorised her as a writer of critique of modernism and/or autobiography due to salient features of her oeuvre such as the use of first person narrative a cyclic writing style and the quest for a female language Within these broader considerations however a recurrent motif throughout Hyvrard's writing is that of the body specifically the female body represented as suffering from different forms of physical mental illness and emotional social malaise It is this primordial aspect of Hyvrard's work on which surprisingly little critical analysis has been written that this monograph explores It has been demonstrated that Hyvrard's works can be studied as a unity as well as individually given that all of her texts form part of her wider theory While this theory is often referred to in abstract terms as *pens e ronde pens e globale* or *pens e femme* this study shows that it can be more specifically highlighted as a theory of *dis ease* i e the intertwining of physical malady and social malaise medical terms and metaphor and particularly as a social theory of the *dis eased* female body

Feast of Excess George Cotkin, 2016 *Feast of Excess* is an engaging and accessible portrait of The New Sensibility as it was named by Susan Sontag in 1965 The New Sensibility sought to push culture in extreme directions either towards stark minimalism or gaudy maximalism Through vignette profiles of prominent figures John Cage Patricia Highsmith Allen Ginsberg Andy Warhol Anne Sexton John Coltrane Bob Dylan Erica Jong and Thomas Pynchon to name a few George Cotkin presents their bold headline grabbing performances and places them within the historical moment

The Scandal of Susan Sontag Barbara Ching, Jennifer A Wagner-Lawlor, 2009-11-03 Susan Sontag 1933-2004 spoke of the promiscuity of art and literature the willingness of great artists and writers to scandalize their spectators through critical frankness complexity and beauty Sontag's life and thought were no less promiscuous She wrote deeply and engagingly about a range of subjects theater sex politics novels torture and illness and courted celebrity and controversy both publicly and privately Throughout her career she not only earned adulation but also provoked scorn Her living was the embodiment of scandal In this collection Terry Castle Nancy K Miller Wayne Koestenbaum E Ann Kaplan and other leading scholars revisit Sontag's groundbreaking life and work Against Interpretation Notes on Camp Letter from Hanoi On Photography Illness as Metaphor I Etcetera and The Volcano Lover these works form the center of essays no less passionate and imaginative than Sontag herself Debating questions raised by the thinker's own images and identities including her sexuality these works question Sontag's status as a female intellectual and her parallel interest in ambitious and prophetic fictional women her ambivalence toward popular culture and her personal and professional scandals Paired with rare photographs and illustrations this timely anthology expands our understanding of Sontag's images and power

Narrative Care: Biopolitics and the Novel Arne De Boever, 2013-03-28 If the September 11 terror attacks opened up an era of crises and exceptions of which we are yet to see

the end it is perhaps not surprising that care has emerged in the early twenty first century as a key political issue This book approaches contemporary narratives of care through the lens of a growing body of theoretical writings on biopolitics Through close readings of J M Coetzee s *Slow Man* Kazuo Ishiguro s *Never Let Me Go* Paul Auster s *The Book of Illusions* and Tom McCarthy s *Remainder* it seeks to reframe debates about realism in the novel ranging from Ian Watt to Zadie Smith as engagements with the novel s biopolitical origins its relation to pastoral care the camps and the welfare state Within such an understanding of the novel what possibilities for a critical aesthetics of existence does the contemporary novel include

No Power Without an Image Saxton Libby Saxton,2020-09-25 The first detailed study of what filmic images can tell us about iconic photographs *No Power Without an Image* reveals the multifaceted connections between seven celebrated photographs of political struggles taken between 1936 and 1968 and cinema in all its forms Moving from the paper cinema of magazines via newsreels and film journals to documentary fiction and experimental films this fascinating book draws on original archival research and multidisciplinary icon theory to explore new ways of thinking about the confluence of still and moving images
